CAMPBELL BROS. CIRCUS

And Trained Animal Shows Will Visit Hartland, Sept. 13

With each successive season one looks forward to visits of the various tented aggregations that travel the country for the amusement of the people and no show is ever more heartily welcomed than Campbell Bros. Show. They have made a reputation for themselves by giving the people a good high class entertainment which appeals to all as interesting, amusing, and instructive. Everybody loves horses and ponies, more especially does this apply to the ladies who with the little ones are the most loyal patrons. They are assured of the highest form of entertainment free from everything at all calculated to offend the most sensitive. In addition to trained animal features, Campbell Bros. shows have the very best of lady and gentleman performers. The performing elephants and the rare wild beasts, Baby Louise, and cute baby elephant, the good night pony, together with the many prancing ponies in military drills and marches are especially pleasing to the little ones. The funny clowns, the many beautiful lady artists, Edna Robert in her death defying act in mid-air, the like of which has never been witnessed will live long in memory when many other shows have faded away into forgetfulness. Don't fail to see the free outside exhibitions on show grounds at

one and seven p.m. Remember this show is here for one day only—with two performances—afternoon and evening, rain or shine—Hartland, Sat. Aug. 13. Only real wild animal show coming this season.

IT PAYS to ADVERTISE

The House Next Door

THE "new house next door" resplendent in its fresh paint, re-echoing the footsteps of the departing contractors, is not necessarily any better for being newer than its 65 year old neighbour.

The older house, the home of three generations—has been carefully preserved—its surface has been saved by the use of good paint, for paint is the world's greatest surface savor.

Brandram's Genuine B.B. White Lead

Throughout Canada thousands of homes are protected from the rigours of our climate by Brandram's Genuine B.B. White Lead.

Thinned with Turpentine and Pure Linseed Oil, as in B-H "English" Paint, Brandram's Genuine B.B. White Lead makes a thoroughly satisfactory paint. Many people prefer to mix their own, for they know that Brandram's Genuine B.B. White Lead cannot be equalled in covering capacity or permanence.

For those who prefer a prepared paint, Brandram's Genuine B.B. White Lead can only be secured in B-H "English" Paint.
