## Maritime Board of Trade Meeting

Moncton, N. B., Sept. 17.—The Maritime Board of Trade, which has been dormant for the past four years on account of the war, opened its annual session here this morning, with E. A. McCurdy, president, of Newcastle, in the chair, and about thirty delegates in attendance. At the afternoon and evening sessions the number of delegates had increased to about fifty. The keynote of practically all the resolutions and addresses at today's sessions was neglect of the Maritime Provinces by the Federal Government both past and present, and what are the provinces going to do together. In the past, all the speakers contended, the Maritime Provinces had never received their rights.

President McCurdy, in the course of an informal address emphasized the importance of establishing provincial Boards of Trade to be backed up by the Maritime Board in securing for the Maritime Provinces their share of the business which is being offered to Canada by the opening up of foreign markets. Secretary Thomas Williams submitted a report revising the work of the Board. At the afternoon session Mayor Price, on behalf of the City Council, welcomed the delegates to Moncton.

Unit system of management needed for the Canadian National Railways was the first subject taken up in the afternoon. The matter was placed before the meeting in the form of a resolution moved by Capt. J. E. Masters and seconded by Frank E. Denison.

Among those who discussed the resolution were M. E. Agar, of St. John; N. Rattenbury, Charlottetown; A. H. Saunders, Halifax; J. L. Ryan, Bathurst; H. J. Hoban, Amherst; all supported the resolution.

Mr. Hogan declared five upper provinces had stolen the heritage from the maritime provinces for fifty years. He claimed the spirit of Confederation had been violated by charges wrote by C. N. R. management. The resolution was unanimously adopted.

R. E. Armstrong of St. John moved and A. H. Saunders of Halifax seconded the following resolutions:

## It Took Years To Learn

That in Dr. Chase's Ointment There is Positive Cure for Piles or Hemorrhoids.

Reports come to us almost daily from persons who have suffered 10, 20, 30 years or more from piles or hemorrhoids before finding out that Dr. Chase's Ointment affords immediate relief and ultimate cure for this annoying and distressing ailment.

This is not a trouble about which people care to speak, but if you ask your friends about Dr. Chase's Ointment you will be surprised to hear how many have been cured of piles by its use. It is the one treatment for piles on which you can depend absolutely for prompt relief.

Mr. B. F. Tracy, Mississauga, Ont., writes: "For about thirty-five years I was troubled with itching piles, which kept me from sleep until I was completely worn out. Then at length I would drop off to sleep and rub myself raw. I tried every kind of ointment made without any permanent good. I also tried a homeopathic doctor, but only had momentary relief from his treatments. Three years ago I tried Dr. Chase's Ointment, and about half a box completely cured me. I have never been troubled with piles since, and can heartily recommend Dr. Chase's Ointment to anyone suffering from this terrible agony or from any other skin disease."

("This is to certify that the above statement is correct in every particular."—Rev. H. Berry, pastor Methodist Church.)

Mr. H. B. MacDonald, Walkerton, Ont., writes: "Having suffered from piles for some time, I finally tried Dr. Chase's Ointment, which afforded almost instant relief, and in time, cure. I have great faith in Dr. Chase's Ointment, and think it superior to any ointment on the market. I would advise anyone suffering from piles to give it a trial."

Many continue to suffer from piles in the belief that a surgical operation is the only cure. Fortunately, Dr. Chase's Ointment is available, and has saved many thousands from the risk and expense of the doctor's knife, 50 cents a box, all dealers, or by mail postpaid, from Edmanston, Bates & Co., Limited, Toronto.
