The new note is of striking design and is altogether one of the most artistic that has been issued by the

NO GREAT CHANGE IN CHARACTER OF CANADIAN WINTER

Canadians need hope for no great change in the character of the Canadian winter.

It may be true, as Dr. C.D. Walcott, the eminent American geologist says, that the glaciers in the Arctic are retreating northward and the far north is growing slowly but gradually warmer.

"But that does not mean any great change in the nature of our winter," said Sir Frederick Stupart, director of the Toronto Meteorological bureau, in discussing the matter to-day.

"It is undoubtedly true that the glaciers are retreating," he went on. "They have been doing so for some years. But whether it is a long period movement or not, we are not prepared to say. Some of these movements last hundreds of years."

"But I am convinced that it will work no great change in the character of the Canadian winter," prophesies Sir Frederick. "It will not be felt here to any extent."

"Will it be reflected only in the far north?"
Yes, it may have an influence on the weather in the far northwest, but there will be little difference in this part of Canada."

The Fall Weather Hard On Little Ones

Canadian fall weather is extremely hard on little ones. One day is warm and bright, and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive.

The Tablets are sold by medicine dealers or by mail at 25 cts a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hon. L. P. Brodeur Retires From Supreme Court of Canada

Hon. Mr. Justice Louis Philippe Brodeur, took leave of the Supreme Court of Canada when at the opening of the October term he attended the delivery of judgments.

Chief Justice Sir Louis Davies expressed the regret of his colleagues and himself at the resignation of Mr. Justice Brodeur. "That regret" he said "is deepened by the fact that the learned gentleman's resignation is brought about by ill health and the advice of his physician, that the onerous duties attending his position in the court would seriously prejudice his condition if continued."
