REMARKS.—Although we do not wish to interfere between Mr. Leonard and a "A Mechanic," who has a perfect right to enquire into the reasons for our increased taxation, we would just state that Mr. Leonard is entirely wrong in his statements as regards the liabilities of the town when "W. Will Mr. L. inform "a mechanic" and the public whether the *double tax* of this year is not to be partly accounted for by the fact that the M. G. R. liability is in a still worse position than in 1866.

From Our Waterloo Correspondent.

Berlin, Nov. 6th 1867.

On one point, all parties seem agreed, that is, that corruption prevails to a vast extent. It is quite conclusive that where any extraneous influence is brought to bear on elections successfully, the poll ceases to be an exponent of public sentiment, and powerless for good,—may further is opposed to the popular will, a giant in evil. Now any means likely to remove, or even abridge, the evil is entitled to a fair trial. Because a means proposed, may have elsewhere failed of complete success, if the system in itself of voting is acknowledged corrupt, and a corruption of the franchise tends to the overthrow of constitutional government. Then is the proposed remedy feasible? if so give it a trial. Now the evil complained of is twofold, bribery and a threat. That an elector could be induced to sell his opinion for a sum so trifling as lies in the power of a candidate to pay seems startling, and the fact is that any man guilty of bartering his vote for a few dollars is so hopelessly depraved as to be beyond any sanitory measure, and punishment might progress. That a man so convicted should forfeit his right ever after to vote.—That voting by ballot would remove bribery entirely I do not believe, all precident belies such belief that the greater insecurity that the bribed may vote as agreed on must of necessity lessen the evil. The *Leader* argues correctly when it says, while voting viva voce is practised the bribed may take what money he pleases from one candidate and vote for the other if he pleases, and even boast he had done so. But in this case we must suppose a great amount of villainy and moral courage combined—saturdy kind of villainy exceedingly rare. The man who sells his vote is too contemptible a creature to look his corrupter in the face and vote against, him aloud. But what he is afraid to do openly, he scruples not to perform secretly and this insecurity alone, would make men cautious. But if the ballot would remove bribery, I make no doubt it would make a clean sweep of coertion. Nothing can possibly be more properly a man's own, than his vote or voice (*stimme* as the Germans call it.) No other has a right to control it. The intention is that it shall be the expression of the man—his mind. If A. forces B. to vote contrary to his will A's views or clandestereste triumph, B's are opposed and neglected and his own vote has assisted to crush them—the wrong is so apparent we comprehend it as soon as seen. But coercion presupposes a dependent class and that, we have not in Canada. True we have neither slaves nor serfs, neither purse proud lords threatening a tenantry, yet we have coercion yes more of it than most of us believe. The class of men who are really independent of others is very small. Some are dependent to money brokers, some have received a favor from a friend, and would not offend him, settlers on government lands are pressed on to vote for the government candidate, or matters may occur against them. Through the older countries, labouring men who have a few acres of land entered in their name sufficient to give them a vote are quite numerous. These are all dependent men and are obliged to vote to suit their patrons. In our cities, towns and villages poor dependent men at least form a majority. And when we consider what influence the Grand Trunk wields in elections it shows conclusively that coercion is employed, as no body of men scattered as its employees are, could possibly have such identity of opinions. Presidents of railway companies *direct* their employes how to vote. Then we have the various influences of societies, churches &c. to contend with, an orangeman or mason might not wish to vote openly contrary to his brethern, a catholic might wish to vote otherwise from his fellow churchmen, yet not have the hardihood to do it by proclaiming it at the polls, but the ballot this "secret assertion of liberty" removes these dependent men at once from the power of the unscrupulous. The ballot is the poor man's protector as he can deposit his sufferage and no man knows for whom. Let the question be canvassed, it deserves a trial.

The crops have not turned out so well as had been expected. The potatoes and other green crops have been unusually light, and consequently dear, prices rule high this season, and if Bismark supports the Italian cause, we may safely predict such prices as have not been seen since the Rebellion of 37.

The failure of the Commercial Bank did considerable damage in this place, Commercial bills were largely in circulation here, as no other Bank had any agencies in Waterloo or Berlin, and it consequently did nigh all the business of the place.

We have returned four Reformers for this county and what is perhaps unequalled in Ontario, they are all natives of the county.

Among the most important of modern medical discoveries stands the

CANADIAN PAIN DESTROYER!

As a Family Medicine, it is well and favorably known. It relieves thousands from pains in the Side, Back and head, Coughs, Colds, Sore throat, Sprains, Bruises, Cramps in the Stomach, Cholera morbus, Dysentery, Bowel complaints, Burns, Scalds, Frost Bites, &c., &c., &c.

The CANADIAN PAIN DESTROYER has now been before the public for a length of time, and wherever it is known, it is highly prized; it is a single instance to give permanent relief when timely used, and we have never known a single case of dissatisfaction where the directions have been properly followed; but, on the contrary, all are delighted with its operation, and spoke in the highest terms of its virtues and magical effects

We speak from experience in this matter, having tested it thoroughly, and therefore those who are suffering from any of the complaints for which it is recommended may depend upon its being a Sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended, and its wonderful success in suddening the torturing pangs of Rheumatism, and in relieving Nervous Affections, entitle it to a high rank in the list of remedies for those complaints. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying as to the general satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All medicine dealers keep it. Physicians order and use it; and no family will be without it after once trying it.

Price only 25 cents per bottle.

IF a man is warned of danger does not heed, and suffers, for instance, a broken limb, that is no reason why he should be heedless still and not favor the healing process. Nor because a man is heedless, and from exposure suffers disease of the Throat, Lungs, Liver, Kidneys, or Digestive Organs, &c., is that a reason why he should not seek for help.—And for the real cure of any of those diseases, were we asked for an opinion, we would say by all means use the Great Shoshonees Remedy.

Foot-stove and Lantern"

in our New Dominion. It is warmed in Effects manner, and is a self-perpetuator of heat as long as desired. It is perfectly safe, being warmed with a double wicked lamp. It also forms a most excellent and powerful tinsel lantern. It will keep the feet comfortably warm while travelling, and for an accident, or for turning out horses at night it is a superior lantern. It forms a good lantern for carrying to church, and if the church is cold, it is most comfortable as a foot stove during services. It received a most cordial recommendation at the recent Provincial Fair at Kingston. This valuable "Stove and Lantern" can be purchased for the small sum of $4 50. Mr. J. W. Yokom has bought the right to manufacture and sell in the County of Huron. They may be had at the hardware stores at Seaforth, Clinton and Goderich. THE following remarks on Testimonials of most wonderful and extraordinary cures in Canada by the GREAT INDIAN REMEDY. They are worth considerable and inconstestable facts, sufficient to convince the most skeptical that the Great Medicinal Component yearned after for ages is now accessible at the Stores

SHOSHONEES REMEDY

For Diseases on the Throat, Lungs, Liver, Digestive Organs, Kidneys, &c., as well as Scrofula, the Worst Skin Diseases, Humors, and all diseases arising from Impurities of the Blood. We boldly state that this great remedy has NEVER BEEN EQUALLED. Where was there ever such a cure as that in the person of Wilson Storms of Brighton, C. W., of Consumption; of that of Peter C. V. Miller, Kitchener, C. C., of Consumption, or that of Ambrose Wood, of Cornwall, C. W., of Dyspepsia and Liver Complaint, or that of John Heney, of Napanee, C. W., of Rheumatism, who had certainly been on crutches for years, in spite of all treatment heretofore, and is now well. Scores of such cases might be substanced had we space.

☞ Call at the Drug Store and get a Circular of unquestionable certificates of SHOSHONEES REMEDY and PILLS, and satisfy yourselves.

Price of the Remedy in large phials $1.00

☞ For Sale by all Druggists and Dealers in Medicine. Agents for Goderich, F. Jordan and Parker & Cattle.

A GREAT CURE OF LIVER COMPLAINT AND DYSPEPSIA IN CANADA.

Cornecon, Prince Edward Co., C. W., March, 1867.

MESSRS. YOUNG & CHAMBERLAIN,—Sirs, having proved within my own person that there is at last a medicine that will indeed cure liver complaint and Dyspepsia, I am induced to make this statement, which I wish is to certify that I have been sorely afflicted for the last three years, according to the Doctors' statements with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague sensations about the stomach, worse than pain, accompanied with great nervousness, drowsiness, constipation, uneasiness in the right side, headache, a poor appetite, &c., &c., and was greatly reduced in strength. Hearing your new Indian medicine the Great Shoshonees Remedy spoken of so highly, I made a bottle with your Pills, from these I soon very I found but little benefit, but I took one and then found that my health improving. I continued it until I have taken about ten bottles, using the pills, and I find that I have quite recovered. I feel hearty as boat para or sometimes I am well and feel as strong as any man in the County. The doctor remarked to me I will "look as well before." It is that the Great Shoshonees Remedy was doing it. I have recommended it to many in my town, and I find it has invariably given good satisfaction, and I would strongly recommend it to all afflicted.

AMBROSE WOOD.

Sworn before me at Cornecon, C. W., this 23rd day of March, 1867.
