

WORKERS IN COUNCIL.

Eighth Annual Convention of the County of Huron N. S. Association.

From the Blyth Record.

According to the decision of the County of Huron Sabbath School Convention, held last year in Wingham, it took place this year in Blyth. The delegates began to arrive on Tuesday morning. Some came by the 10 o'clock train and quite a number with their own conveyances. The Convention assembled in the Presbyterian Church, kindly lent for the occasion. When the evening trains arrived most of the delegates were present, and comfortable lodges were provided for them during their sojourn in Blyth. The church was well filled, especially at the Mass Meeting of the children and in the evening. The music by the choir, under the able leadership of Mr. Trewin, was excellent. Miss S. Hawkshaw presided at the organ. Miss Jones presided at the organ during the mass meeting. The children, led by Mr. Lawrence, acquitted themselves well. The following is the proceedings:

Mr. O. Snell, president of Exeter, opened the Convention by giving out the well-known hymn, "All Hail the Power of Jesus name." Prayer was offered by Rev. W. Birks and C. Webster. Nominating committee were then appointed. After singing "Oh for a thousand tongues to sing," verbal reports were given from a number of schools in the county, consisting of Presbyterian, Canada Methodist, Primitive Methodist and Bible Christian; then followed a hymn, "I need Thee every hour," Dr. Williams of Godrich had not yet arrived, and Mr. Moore, at the suggestion of the Business Committee, gave a Black Board Exercise on the "River Jordan," with its banks above one another, like terrace work. Then followed a hymn, "Safe in the arms of Jesus."

"Difficulties in the way of S. S. work" was taken up by the Convention in the absence of Mr. R. Irwin, of Clinton. The points brought out were (1) Want of devoted teachers; (2) Want of cooperation on the part of parents; (3) Indifference of scholars; (4) Unfaithfulness in ourselves. Then followed a hymn, "Precious name of Jesus." Answers—(1) Get them, train them by prayer and searching the Scriptures; (2) Show parents their responsibility, let pastors show parents the relation that children sustain to Christ; (3) Interested and interesting teachers, and prayerful, persevering teaching. Time was now up.

The Evening Session was opened with a chorus by the choir, and prayer by Rev. W. Baugh, of Walton.

The Minutes of the afternoon session were then read. A choice selection of music was very efficiently rendered by the choir. Rev. Mr. McQuarrie, of Wingham, took up "How to interest those indifferent to S. S. work." This subject has occupied the attention of the church for ages; no royal road to learning the unfaithfulness on the part of the ministry one cause, another reason why so many are indifferent to Sabbath Schools is because we teachers and preachers are not as earnest as we ought to be. We ought to go to God in behalf of the indifferent. The choir then sang a splendid chorus, Dr. Williams, of Godrich, took up "The preparation requisite for efficient Sabbath School teaching." They (the teachers) must have a warm, loving heart. If you cannot put up with annoyances you are not fit to teach; you should have a good idea of the disposition of children; the nature of children tries the patience. Study the difference of disposition in the children in your class, and there will be a strong conviction of the importance of the work. They should undertake and form as Christ did at covering this world with righteousness. Study your class, and the preparation will be easy.

Music by the choir. "The object and aim of Sabbath School teaching," by Rev. C. Webster, of Exeter, was the next subject. Something more than conversation is needed. Win the heart, educate it and hold it for Christ. Educate the emotional and nature of the child, as well as the mental nature and heart, and believe in Christ. Go right at it, instead of going round about it; thus conquest for the Master will be gained. Be true to the precepts of the Bible. This was followed by the choir giving another selection of music.

SECOND DAY.

The meeting was opened at 9 a.m., by giving out the 106th Hymn and prayer by Rev. Dr. Williams. Reading of minutes. The 4th Hymn was then sung. The next subject taken up was that of "What are the difficulties in Sabbath School work?" by R. Irwin, of Clinton. He said to study your scholars, gain their affections and thus reach the heart by the divine blessing. Try every possible plan with the child, rather than turn him out of the school. The 106th Hymn 8th was then rendered, which reflected much credit on the choir. Next subject, "Three minute talks on the practical results of S. S. Conventions, by those who know." The beneficial effects have been observed in the conversion of children in the places where held. The sympathy and love drawn out helps to subdue demoniacal prejudice. "Reviews, their importance and how to be conducted," by Mr. W. M. Gray, of Seaforth. Reviewing of facts and persons, and God's providential dealings, as presented in the lesson. Was there anything in last Sunday's lesson that impressed yourselves? He urged Christian workers to look forward to the final review, as we appear before the Great White Throne. The next subject was "The Sabbath School programme," by Mr. W. B. Huton, of Wingham, Dr. Talmage had said that the object of the Sabbath School was to make the children Christians. First sing, and then read two or three verses relating to the lesson, and then a short but earnest prayer. A whole cupping ten, or two five minutes thirty minutes, to be devoted to the lesson, and a short time for the review. Educate the children to give, be thoroughly in earnest. McCheyne had said those friends of his, he was afraid, would not come to Christ, and so he went to them. Music by the choir. By Rev. F. Musgrave, of Seaforth: He would have every child sign in the

spirit, whether there was discord or not. We should sing with the heart. Therefore fine gospel bits and crumbs as given in the Christian Hymns. He had no sympathy with those who complained and could not worship God, whether the organ was large or small. "Mass meetings" children began by singing "The Beautiful Chiming Bells," addressed by Rev. G. A. Francis, of Godrich, who said such gatherings help to remove the prejudice which exists among Christians. Children can tell stories by their actions as well as by their lips. It is the duty of parents to instruct their loved ones in the scriptures. Then followed singing by Mr. Moore, on Noah's Ark, the mountains and the flood; the Ark a place of safety, and Christ a refuge for the Christian, after which the Convention adjourned till 1:30 p.m.

The afternoon session commenced at 1:30, by Rev. Mr. Pritchard giving out the 95th Hymn and offering up the opening prayer. The Committee now nominated the officers for 1881, which are as follows: President, P. Fisher, Wingham; Vice-Presidents, Messrs. Miller, E. D. Wilson, Stebbins, Gray, and C. Snell; Secretary, W. B. Huton; Corresponding Secretary, Mr. E. F. Moore; Executive Committee, Messrs. W. Huton, S. Yates, R. Irwin, T. Tipplard, John Williams and T. Strachan. The Convention meets again the second Wednesday and Thursday of February, 1882, in the town of Godrich, which was thought to be a better time. The next subject taken up was that of "How to retain the elder scholars," by Rev. R. Thomas, of Clinton. A little indulgence and promotion to the higher classes will help to retain them. He admitted that it was a wise and complicated question. It needed practical wisdom and affection for every scholar in the class, and especially must there be prayer for God's blessing; manifest your love for them, and continue to pray to God. The children then sang "Happy Song."

Rev. Mr. Musgrave talked to the children about the terms of Christian and being followers of Christ; God, Christ and Angels want you to be a Christian. He (the speaker) desired it. We must love and serve him, in order to be Christians. The evening session was opened with music by the choir and prayer by S. Yates. Minutes were read and approved. Chorus by the choir. The next subject—"What relation should the Sabbath-school bear to temperance work?"—was by Rev. J. R. Gundy, of Exeter. The object of the temperance cause is to rescue those who are under the power of the destroyer and to enlist the young. The hope of the temperance reformation lies in the young; habits, when formed, are difficult to overcome. The mind of the child is elastic; instill into the mind of the child total abstinence, and in nine cases out of ten they will grow up abstainers. Every Sabbath-school should have a temperance organization, and every teacher should be an abstainer. Chorus by the choir. Subject "The Sabbath School work for the past 100 years," by Rev. Dr. Williams. Cleopatra's needle is on the Thames embankment, and the monument of R. B. Baker represent two classes of civilization—one without the Bible, the other with it. The first act of Christ's priest-hood was to bless children; he put them in the front. The rights of conscience and worship; the outcome of the Reformation helped to prepare the way for the Sabbath School. What can I do and what should be done for the children? He thanked God for plain men. There is thirteen millions, five thousand, nine hundred and seventy-nine persons, teachers and scholars in Sunday Schools. A large number of children have learned to read the Bible in the S. School. The sympathy and love of the church has become stronger from the existence of the S. School. If a child sings all the words about Jesus, he is in a better state to hear about Jesus in the S. School. The membership of the church has been increased from the Sunday School. The S. School is the germ of the future church. The sacramental feast of God, led by a little child.

Chorus by the choir. Collections—\$38.70. Resolutions of thanks to the President and officers. Farwell remarks. Minutes read, and the benediction was then pronounced by Rev. J. Caswell.

BUCKLER'S AVIAN SALVE. The best Salve in the world for Cuts, Bruises, Sores, Tetter, Chapped Hands, Chilblains, Corns, and all kinds of Skin eruptions. This Salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by F. Jordan, Godrich.

CURED OF DRINKING. A young friend of mine was cured of an insatiable thirst for liquor, that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it.—From a leading R. R. Official, Chicago, Illinois.

THE DAYS OF MISERY AND NIGHTS OF GRIEF endured by the sufferer from a persistent cough soon saw the vitality of the system and wreck the constitution. Such a catastrophe can only be avoided by precautionary measures. Prevent the climax of a cough with Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda—supplied in a most palatable and pure form, which is a combination of the purest and most salutary ingredients in perfect chemical harmony. Coughs, colds, croup, whooping cough, influenza, and other affections of the respiratory organs, are speedily relieved by it, and it has likewise proved to be a specific in all cases of scrofulous maladies. The best strength, consequent upon being benefited by it, and the lagging physical energies restored by its invigorating action. Phosphorus, the active principle of the hypophosphites, not only supplies the system with an important element of strength, but gives it a direct impetus to the circulation. The lime and soda also add to vigor of the frame. In wasting diseases of all kinds, this preparation can be depended upon to produce a beneficial effect. A fair, persistent trial, is all that is necessary to prove its efficacy, either as a pulmonary or general invigorant. For poverty of the blood, with which so many invalids are troubled, it is a sovereign remedy, promoting the acquisition of both strength and flesh. Prepared by Northrop & Lyman, Toronto, and sold by all druggists.

AS SURELY AN EFFECT FOLLOWS CAUSE, so surely will disease eventually fasten itself upon a system efficient in vital energy, if tonic medication is not resorted to in time. The necessary tendency of a weak discharge of the functions of the body is to disorder its organs.—Invigoration, prompt and thorough, is the only safeguard. Norenavant of depleted physical energy, no restorative of lost flesh, nerve power and brain strength, has more clearly demonstrated its efficacy than Northrop & Lyman's Quinine Wine. In this preparation, associated with the salutary medicines which forms its basis, is pure sherry wine and certain medicinal constituents which imparts an agreeable taste to the article, and gives additional emphasis to its effects. In cases of general debility and dyspepsia it is invaluable and the desired effect is, in the vast majority of cases, remarkably prompt as well as decisive. That good natural appetite, which gives a relish for the coarsest fare, is insured by the use of the Quinine Wine, which also confers brain soother, and body refreshing sleep. Fever and ague and bilious remittent fever, are diseases to the eradication of which it is especially adapted; but it should be used only in the intervals between the seizures. The far-reaching effects of a good tonic, in all complaints involving loss of physical energy, are well understood by physicians, and the comprehensive influence for good of this preparation upon the system goes far to bear out the professional belief in the value of invigorants as opponents of disease. Be sure to ask for the "Quinine Wine" prepared by Northrop & Lyman, Toronto. Sold by all druggists.

WHAT THEY SAY OF IT.—A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced: Thomas Robinson, Farnham Centre P. O., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil and since then have had no attack of it. I would recommend it to all. J. H. Earl, Hotel Keeper, West Stafford, P. O., writes, I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horse as man." A. Maybe, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used'; it has done wonders in healing and relieving the greatest confidence." Joseph Russ, Township of Percy, writes, "I was persuaded to try Dr. Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit." Beware of Imitations.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottles, and take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., PROPRIETORS for the Dominion. Note.—Electric—Selected and Electrized.

Oh, how I wish my skin was as clear and soft as yours," said a lady to her friend. "You can easily do so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure rich blood and blooming health. It did it for me, as you observe." Spread the Good News. As a family medicine and tonic, there is no remedy at present giving such universal satisfaction, and effecting so many astonishing cures, as Electric Bitters. Our druggists report a lively demand for them at times being unable to supply the many calls. All Bilious Attacks, Stomach, Liver and Kidney Complaints, Diabetics and Gravel, ready yield to their curative qualities. Sold by F. Jordan at fifty cents per bottle. Is your throat sore, or are you annoyed by a constant cough? If so, use promptly "Bryan's Pulmonic Wafers." They will give you instant relief. They relieve the air passages of phlegm, soothe inflammation, and no mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint that affects the throat or lungs, or any other part of the respiratory system, soon be proved. Sold by all druggists, and country dealers at 25 cents a box.
