

DOORS.

RESOLVED, That this Convention desires, before dissolving, to express its abiding conviction that it is of the utmost importance to the Dominion that its connection with Great Britain be maintained, and its belief that the advocates of independence; with its consequent annexation to the neighboring States, represent merely an insignificant minority.

THE LATE CONVENTION.

The following resolutions were unanimously adopted by the Conservative Convention held in Toronto on the 23rd ult. Resolved, that we recall with satisfaction the proceedings of the Convention of January, 1878, at which resolutions were adopted favoring a national policy for the protection and development of the agricultural, manufacturing and mining interests of the Dominion.

Resolved, that the progress of Canada since 1870 in population, enterprise and wealth, as evidenced by the extension and multiplication of industries, the improvement of the means of revenue, the raising of the standard of Canadian standards, as well as the restored confidence in the resources and future of the Dominion, has been so great that the delegates feel justified in attributing the country's remarkable prosperity, in a large measure, under a favorable Providence, to the timely adoption of a wise and well-considered National Policy.

Resolved, that the delegates are to express their strong convictions that the continuance of this prosperity greatly depends on the preservation of the fostering policy of 1870, and that its reversal, in whole or in part, would check enterprise, drain capital, make Canada again a debtor market for the productions of other countries, and greatly tend to cause a recurrence of the depression which so heavily weighed down the energies of the country for several years before the adoption of the present patriotic policy.

Resolved, that the courageous and successful policy of the Government with respect to the Pacific Railway meets with the hearty approval of this Association, the contract entered into by them for the construction and working of the whole line, while less costly in its terms than that made in 1873, and much less burdensome than the terms offered by the late Government in 1877, secures the rapid construction of the railway and the early settlement of the Northwest, and relieves the Government from the risk and responsibility of maintaining the line as a public work.

Resolved, that the Convention, having recorded its full approval of the administrative policy which has been so largely instrumental in promoting the prosperity of the Dominion, pledges itself to support the present Government by every legitimate means whenever it may be called upon to appeal to the country.

Resolved, that the Convention regard with apprehension the continuing increase in the public expenditure which has taken place under the administration of the present Provincial Government, while the revenue of the Province has remained comparatively stationary, and is of opinion that by the exercise of great economy that the expenditure may be materially reduced, also view with strong disapprobation the continuing policy of the Ontario Government in securing up appointments not previously in the gift of the executive, and using them for the purposes of their political aggrandizement, and are of opinion that the policy is inimical to the best interests of the Province, and fraught with danger to the rights and liberties of the people.

Resolved, That this Convention recommended that the candidates of the Conservative party in each riding be selected by delegates as pointed out on pages 6 and 7 of the pamphlet marked private, distributed at this Convention.

Miss Meadel, of Benmiller, has been visiting friends in this vicinity. GAME FOWL.—Mr. Wm. Strachan has purchased a fine game rooster, and a main would be eagerly enjoyed by the sports of the neighborhood.

Mr. T. Gioson has purchased from Mr. Moore, of Hamilton, lot 22, 5th con., of Howick, for the sum of \$2,600. It is considered a very cheap farm.

Mr. John J. Fallis, has sold his farm on the 7th con., of Minto, containing 100 acres to Mr. J. Lawrence, of Cartwright, for a large sum.

Mr. Lawrence Mason, of Cartwright, has rented lots 31 and 32, on the 9th con., for a term of five years, at the rate of \$450 per annum. Mr. Mason intends moved up from Cartwright immediately.

SALT WELL.—The subscribers of stock towards sinking a test salt well in the village of Henshall have had their most sanguine expectations realized by striking, at a depth of 1,000 feet, one of the finest deposits. The salt bed is penetrated 120 feet, with no indications of being nearly through it.

The following is the address which accompanied the recent presentation of a writing desk and purse to Miss Martha Morrow, organist of the Methodist church here.

We, your friends and associates here assembled, in consideration of your faithful and efficient services during the past two years as organist of the Canada Methodist church at Nile, and in consideration also of your high sense of Christian duty, which has enabled you to persevere under trying circumstances, beg leave to submit to you at this time, this present, as a small token of our estimation and appreciation of your services; and we hope that in the wise providence of God you may long be spared to exercise and honor the talent which He has committed to your keeping; also that the success of the past may continue to characterize your efforts in the future; and finally that we may all eventually meet in that "better land beyond" where we shall sing forever the praises of Him "who hath redeemed us."

LIZZIE SHEPPARD, ANNIE BOYD.

The lecture by father O'Connor, on Thursday evening last, in the Town Hall, was very thinly attended. The sum of \$92.25, besides a considerable quantity of clothing, was subscribed by the people of our town for the relief of the sufferers by the late fires in the District of Muskoka.

Good Horses.—Last week Mr. Hall, of Ann Arbor, Mich., shipped by G. T. R., four splendid breeding mares that had been purchased for him by Mr. T. Tipling, of the following parties: 3-year old team from S. McDougall, Goderich township, \$400; 3-year old, Geo. Nott, Tucker-Smith \$190; grey mare, W. W. Farran, something over \$200. Yesterday, Mr. Palmer, of Goderich, and a stranger from Pennsylvania, shipped a cartload of splendid geldings by G. W. R., among them being horses purchased of the following parties: Team, J. Butt Base Line, \$415; team, G. Stanbury, Stanley, \$350; T. Farquhar, Hullett; \$190; A. Thompson, Stanley, \$185; A. Jones, Stanley, \$160; W. Herbison, Goderich township, \$160; W. Pearson, Stanley, team, \$325.

Forgery.—A young man named Barney McDermond, supposed to be a trifle daff and very light of hearing, attempted to get a couple of forged notes cashed at the bank, one day last week. The notes purported to be signed by Patrick O'Loughlin and John Farish, and were for \$20 and \$40 respectively. Mr. Cameron, however, was suspicious of the genuineness of the signatures and refused to cash them, we understand a merchant in town was victimized with the \$20 note and gave a suit of clothes and a sum of money in exchange for it. Barney disappeared immediately afterwards, and has not been seen since. It is to be hoped the scamp may yet be punished for the crime.

We clip the following from the White Star, which refers to Messrs. Bower and Thomas Cain, formerly of this village, but who are at the present in Kansas: "The Cain brothers from the east have commenced a new town to be called Cain City, 25 miles southwest from here. They thrashed 95,000 bushels of wheat this fall and have put up a blacksmith and wagon shop, hotel, clothing and dry goods store and other enterprises. These all attract other enterprisers, and they are pretty confident of success. The Cain Bros. are from the east and are said to have an endless supply of money. They will continue and encourage wheat culture on the famous 'Flats,' said to be the best wheat land in Kansas. These flats run east and west about ten to twenty miles south of the 'Smoker' and twenty miles west of the 'Smoker' and are the best wheat land in the country."

Brussels. Mr. F. C. Rogers, patron of the Brussels Curling Club, has presented a very fine silver medal with a gold center to the club to be played for in point matches by members of the club.

Bradstreet says.—Judgment for \$2,600 has been entered against P. Moore, pedlar, of Brussels, and it is said he claims to have no assets.

To all appearances the Maitland river intends freezing over this winter. Mr. H. Habill, the celebrated steam thresher, has purchased a grain crusher, and during the winter intends carrying on the chopping business. If he gives us as good satisfaction in this as he does in threshing he will have a big run.

Quite a number of parties are going largely into the wood business this winter. It is said here that not a load of wood will be sold in Goderich during the coming winter for less than \$3 per cord double.

Tea-Meeting.—A grand tea-meeting and entertainment under the auspices of the Sons of Temperance of this place will be held in the temperance hall on Thursday evening Dec. 8th. Addresses will be delivered by several Rev. gentlemen and others. Music, vocal and instrumental, will enliven the proceedings. Tea will be served at 6 p. m. Chair taken at 7.30.

Archib Hays, of this place, a sailor on the schooner Mary, got his leg badly lacerated by a rope on the passage from Cleveland to Chicago.

The Delegates.—On Tuesday morning last the railway delegates from Goderich passed through Seaford. They were a jolly looking crew.

The Weather.—The farmers in this vicinity are high in praise of Old Neptune, on the arrival of the beautiful snow. Sledding is much needed, as considerable teaming is to be done.

Shipped.—Mr. John Cowan shipped on Saturday the 26th inst. A large number of sheep and lambs, for the American market. Mr. Cowan is one of the veteran buyers of the township, and we are glad to learn that he has done exceedingly well this year.

Some time during the night of the 25th, the safe at the Grand Trunk station was blown open and the contents scattered round the office. The burglars only succeeded in getting \$5 or \$9. An attempt was made on the safe of A. W. Ogilvie & Co's office here, but the charge of powder did not force the safe, and little damage was done. There is no trace of the thieves yet.

Entertainment.—A very successful entertainment under the auspices of the Bowling Club, of School Section No. 4, McKillop, was held on Friday evening, Nov. 20th. There was a fair attendance, also a number of the fair sex honored the meeting with their presence. Excellent readings, recitations, and songs were given by Messrs. Hartley, G. Lockhart, J. Lockhart, J. McFall, H. McIntosh, G. Turnbull, and speeches were delivered by Messrs. G. Mordie and R. Sparling.

Business.—Our merchants did a lively business these past three weeks. The manufacturing industries of Seaford are also doing well. Mr. A. G. VanEzmond is doing an extensive business in the manufacture of cloth and woollen goods. He has shipped several large consignments to foreign markets. Mr. D. D. Wilson, the section man, merchant of Huron, has been more successful in his business this year than formerly. The Seaford business men are in favor of greater railway facilities. The agitation has reached a fever heat, and likely it will be successful at no distant day.

Surprises.—Surprises are general. Farmers keep on the watch; if your house is taken by about thirty five or forty house breakers you must not be surprised. Miss Minnie Elford, of Holmesville, was surprised by a party of about forty members of the Methodist Church of that place, who presented her with a gold watch, for taking the position of organist in the said church. The party had a good time and returned home early.

HALL'S VEGETABLE SICHIAN HAIR RESTORER has the hearty commendation of thousands whose "turning locks" have been restored by it to their former beauty of color and growth. It is, in fact, a miracle in its way, even in this age of wondrous improvement—a fact to which every one who has given its virtues a test will testify. The proprietors, R. P. Hall & Co., are men of liberality and enterprise, who give the benefit of their discovery to the world at large, and have placed it in the hands of every druggist in the country, that its benefits may be extended alike to all. If there is the least suspicion of gray hair showing itself upon your head, go at once and procure a bottle of this celebrated Hair Restorer.—[Carthage, N. Y., Republican.
