JACKMAN

THE TAILOR.

The Mail Order House.

Here and There.

LEAGUE FOOTBALL. St. George's Field, 6.30 this evening, Collegians vs. Feildians. Admission—Adults, 5c.; boys, 2c.; ladies, free; grand stand, 5c. extra.—ad.11

FISHING HOLDS OUT.—The local fishermen did fairly well on the grounds outside the Narrows this morning, jigging from one to three quintals a boat.

Send your mail orders to LARACY'S, opposite the Post Office. You are sure to get satisfaction; they supply everything in Dry Goods, Crochery and Glassware; their Goods and prices are always right.—aug10.ft.

SPORTS TO-MORROW.—The Highlanders sports will take place to-morrow, weather permitting. The Marathon Race will finish on the grounds.

LARACY'S have just received direct from the manufacturers per "Dronning Maud," from Antwerp Tumblers, Glasses, Decanters, Goblets and Fancy Glassware. Selling at our usual low prices at LARACY'S 345 and 347 Water Street, opposite Post Office, may 14.ft

DIPHTHERIA PATIENT.—A young girl named Cooper came in from Manuels last night by train and was taken to the Fever Hospital. She has Diphtheria.

Now Cured of Rheumatism

Cost him \$100.00 for medicines which failed.—Cured by DR. CHASE'S KIDNEY-LIVER PILLS.

Mr. James Clark, Maidstone, Sask., writes: "I suffered for four years with rheumatism in my shoulders and could not lift my arms above the head. I tried nearly all the advertised remedies but none of them gave me relief. It cost me at least \$100.00 for medicines before I used Dr. Chase's Kidney-Liver Pills.

"With the use of this medicine, I soon found relief. I followed up this treatment for six months and was then quite free from rheumatism. While using Dr. Chase's Kidney-Liver Pills I also used Dr. Chase's Backache Plaster with a soft cloth. I could scarcely bend. They always found the weak spot and gave relief while the internal treatment was bringing about a thorough cure."

The success of Dr. Chase's Kidney-Liver Pills has been phenomenal. One pill a dose, 25 cents a box, at all dealers or Edmondson, Bates & Co., Toronto. Dr. Chase's Recipes will be sent free on request.

S. S. Portia Here.

The s.s. Portia, Capt. Fitzpatrick, returned from the west at 10 last night, bringing a small quantity of freight and the following passengers: Messrs. Wood, Berry, Templeman, Holmwood, Harding, Summers, Ryan, Bowden, Herder, Heath, Long, Hearn, Maher, James, Grouchy, Walsh, Summers, James, Woods, Constable Simmonds, Rev. J. Walsh, J. Summers; Mesdames Hale, Taylor, Callum, Dunn, Bowden; Misses Hale, Milley, Quinn, Power, Fitzpatrick, Renouf, Murphy, Milley, Smith.

FISHERY REPORT.

The fishery report brought by the Portia is on the whole very poor. Seven schooners arrived from the Straits to Bonne Bay last week with no fish. The fishery on the shore the past month right down to Cap St. Mary's is very poor. The only thing that relieves the gloom is the good work being done by the bankers. The Gladys and Mary Smith were in at Harbor Breton seeking squid and reported for 800 and 650 qtls. respectively. Capt. Lewis has also been in with 650 qtls. and having procured squid sailed again. The Campanula, Capt. Collins, had been at St. Lawrence with 750, and the Marion, Burke's vessel, was landing 800 qtls. at St. Jacques. Last Saturday five Grand Bank vessels baited at St. Lawrence with squid and sailed yesterday afternoon for the Banks. Squid were plentiful last week from Burgeo to Burin, and the punt fishermen do well whenever the weather is civil enough to get out. The recent southerly winds have been a serious drawback to fishing. At Trepassy and Cape St. Mary's the fishermen are picking up a nice bit of fish on hook and line right straight along. If the weather continues good they expect to make up their voyage all right.

A Good Man Gone.

Mark Osmond, Esq., J. P. of Moreton's Harbor, N. D. Bay, died there yesterday at the ripe age of 84. Deceased was one of the good old stock of the north, and his home was the seat of hospitality to all strangers. He leaves a widow and five sons to mourn their loss. Mr. Osmond carried on an extensive business at Moreton's Harbor the past half century, and history will give him a front place in the rank of the men who built up Green Bay.

The Ter-Centenary.

Letter From the Secretary of the Harbor Grace Committee.

Editor Evening Telegram:

Sir,—A letter appeared in your contemporary, the Daily News, Aug. 12th, signed A. J. W. McN., to which I feel compelled to reply owing to my connection with the Harbor Grace Guy Ter-Centenary movement. Mr. McN. has, undoubtedly, very much misunderstood the movement which I shall endeavour to state correctly.

In 1610 John Guy came under Royal Charter to colonize that part of Newfoundland extending from Cape St. Mary's to Cape Bonaville, and with special instructions from his employers to settle in Conception Bay. This he did evidently, and possibly at Cupids. This act or procedure constituted the foundation of a British Colony bounded as above stated, and the fact of continuous settlement of this territory since then is what gives Newfoundland a proud boast with which Conception Bay is so closely associated, and in which the territory from Cupids to Carbonar has played such an important part.

The boast of being Great Britain's oldest permanent colony is in a very real sense Newfoundland's, but a peculiar right and duty to acclaim this fact falls to this historic territory. The Harbor Grace people do (to my knowledge) not purpose to celebrate John Guy's landing. They have not prepared any pageant to represent this act nor have they prepared to erect any monument to mark the place of his landing; but they have prepared to celebrate the larger fact which results from his landing—the fact that they occupy territory which is part of that comprising "Britain's Oldest Colony." They do not claim sole right to celebrate this grand historic fact. On the other hand they would like to see the whole of Conception Bay, and in fact the whole country join hands in one expression to effectively point out to the Great British Empire and the world at large that, besides being (geographically) the "stepping stone" from the Old to the New World, we form the corner stone in the Greatest Empire the world has ever seen. To mark this fact the Harbor Grace Committee have undertaken to erect at Harbor Grace a Public Hospital to be named the John Guy Ter-Centenary Hospital for the use of the people of Conception (north) and Trinity (south) Bays, and all others to whom services can be rendered. Much good and effective work has been and is being done to accomplish this end, and I am pleased to say that things are so shaping themselves that practical work in this service is not far distant.

The above, I believe, will effectively answer all the questions asked and will form a reply to the statements made by the correspondent.

As to the nasty and ungentlemanly insinuations of Mr. McN. I feel, in the light of the facts, very little real concern, except that on reading the letter I could not feel that it was calculated not altogether to clear up all public misunderstanding but to effect a real injury to the Harbor Grace movement which by the way has had the official recognition of the Government, H. M. Admiralty Department and His Excellency the Governor which fact the correspondent must have known.

Yours truly,
H. H. ARCHIBALD.

ABANDONED IT

For the Old Fashioned Coffee was Killing.

"I always drank coffee with the rest of the family, for it seemed as if there was nothing for breakfast if we did not have it on the table.

"I had been troubled for some time with my heart, which did not feel right. This trouble grew worse steadily.

"Some times it would beat fast and at other times very slowly, so that I would hardly be able to do work for an hour or two after breakfast, and if I walked up a hill it gave a severe pain.

"I had no idea of what the trouble was until a friend suggested that perhaps it might be caused by coffee drinking. I tried leaving off the coffee and began drinking Postum. The change came quickly. I am now glad to say that I am entirely well of the heart trouble and attribute the cure to leaving off coffee and the use of Postum.

"A number of my friends have abandoned coffee and have taken up with Postum, which they are using steadily. There are some people that make Postum very weak and tasteless, but if it is boiled long enough, according to directions, it is a very delicious beverage. We have never used any of the old fashioned coffee since Postum was first started in our house."

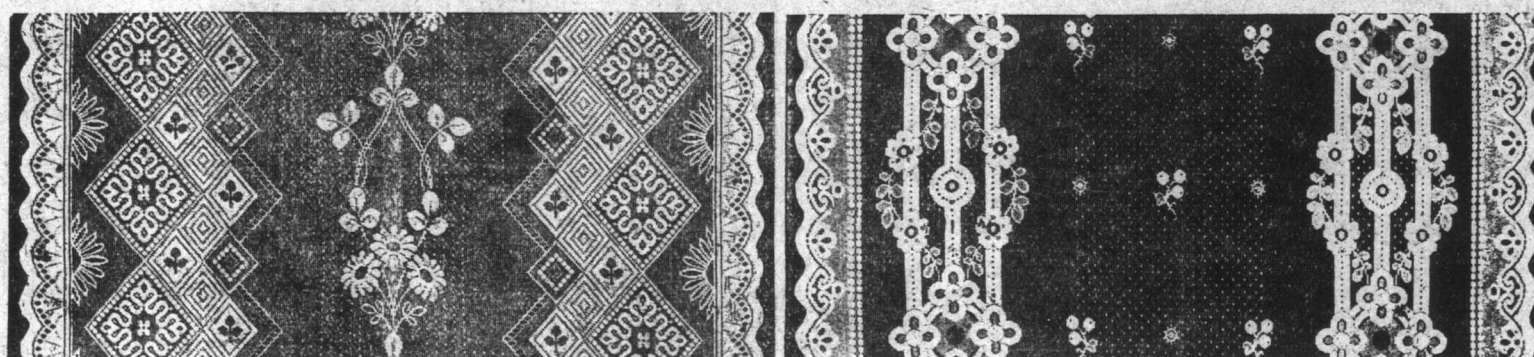

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Rejected Suitor Blew Himself to Pieces With Dynamite.

Caughnawaga Indian Refused by Girl He Loved Found in Fragments After Dreadful Explosion — Parents Refused to Receive the Body in Their Home, and it Lay on the Road all Night.

Because his proposal of marriage was refused, Tom Smith, a Caughnawaga Indian, last night blew himself to pieces with dynamite. His body lay on the road all night and most of the morning, the people fearing to touch it before the arrival of the coroner.

Smith went to Lachine yesterday afternoon and purchased the explosive for use in the quarries where he works. He returned to the village

and called on the girl to whom he has been paying attention for some time, a Miss Douglas, a member of the tribe. It is said that he proposed marriage during the evening, but was not accepted. He left the house and on the road fell against a huge rock, exploding the dynamite. It is believed that he threw himself against the rock on purpose to destroy himself. His head and limbs were blown off and various portions of his body have been found scattered about a three-hundred yard radius. The greater portion of the trunk however fell on the road, terribly mangled. It was discovered shortly afterwards by persons living nearby, who heard the explosion.

The parents and friends of the unfortunate young man, who was 24 years of age, were instructed to take the body away. They refused to receive it into their home, and were

then told that it might be placed in the lock-up. They refused to touch the remains, however, and the body lay in the open all night and until instructions were received from Coroner McNahan this morning.

The Coroner will go to Caughnawaga this afternoon to investigate the case.—Montreal Witness, Aug. 10.

Fell 30 ft. to His Death.

St. John, Aug. 12.—James Boyd, a painter, was killed, and James Quinn, his assistant, badly injured by falling thirty feet from a staging on a Main Street house late this afternoon. The hooks holding the staging broke, allowing the men to fall to the sidewalk below. Several people on the street had a narrow escape.

MINARD'S LINIMENT CURES COLDS, Etc.

Frozen Egg Experiment

Results in Death of Guinea Pig. Philadelphia, Aug. 11.—As the result of an experiment upon a guinea pig that died after being inoculated with frozen eggs, J. Buschel, a large dealer of this city, is under arrest on a charge of selling eggs unfit for food purposes.

Harry P. Cassidy, special agent of the Dairy and Food Department, alleges that Buschel sells frozen eggs that have been removed from the shells and in a solid body are disposed of to bakeries, which thaw out the product. The samples seized were examined by bacteriologists. They inoculated the guinea pig with the frozen egg and it died within 12 hours.
