Within a few days he received a down to Basingwell, with the object merous and of blooded stock, he did not hesitate to go down with such papers as his experience told him were necessary in such a case.

Many a patient has recovered health by the help of OXO. It frequently succeeds where other foods fail, on account of the ease with

which it can be assimilated. OXO CUBES are always ready, always just right. With their aid a cup of OXO can be made fresh at any moment, while beef-tea takes hours to prepare.

For invalid delicacies, too, OXO CUBES are splendid. So much so, that many nurses now use them almost exclusively for that purpose instead of meat.
