AFRAID OF THE COST.

It doesn't cost much to paper a house now. A room of the average size can be papered with our shilling Paper for \$2.50, plus the hangers charges, \$1.50 = \$4.00. It's a small amount when you take into consideration the vast difference it makes in your home, and your home should receive your first attention,

You Cannot Spend \$4.00

in any other decorations or house furnishings that will give such a pleasant change in the appearance of your room. Our samples of 12 1/2, 15, 20 and 25c. Paper are beautiful. We give the best of attention to these higher priced papers—follow the fashions closely, buy a larger assortment of designs, etc. If you have a parlor, hall or sitting room to paper, we would like to show you these samples
