VOL. XXVII, NO. 72.

TOPICS OF TO-DAY.

Judge Livingston, of Simcoe, is dangerously ill with the grippe.

Ald. John Baxter has been appointed assistant police magistrate of Toronto.

According to a contemporary, the New York Board of Health publishes the following prescription:

For Russian influenza or "grip" spray the affected membrane with a 10 per cent. solution of quinine freely and frequently, and take four or five times a day a pill made as follows: Quinine, 3 grains; camphor, 1 grain; extract of belladonna, 3 grains.

Mr. W. V. Beunton, of this city, writes to the *Advertiser* that New York druggists refuse to make up this prescription without a doctor's certificate, stating that for an infant it is sure death, and for an adult a most heroic dose, as a grain and a quarter of belladonna a day is a very dangerous experiment. The safest method is to consult your family physician. Our readers cannot do wrong in adopting this timely advice.

Lord Napier, of Magdala, whose death has just been chronicled by cable, was the son of a soldier, the late Major Napier, of the Royal Artillery, and though he had seen a good deal of campaigning, he had reached the ripe age of 80. While yet in his teens, he saw active service in the Punjab, India, and was very speedily promoted to the position of Colonel of Engineers. At an early age he was appointed Chief Engineer of Bengal. In the great mutiny of 1857 he was Chief Engineer of Sir Colin Campbell's staff, and performed many arduous tasks in the suppression of the rebellion. He planned the famous siege of Lucknow. In the Chinese war which followed he was second in command under Sir Hope Grant, and his able services were rewarded with a Major-Generalship and a C. B. He succeeded Outram as the Military Governor of India. In 1905 he was appointed commander-in-chief at Bombay, and two years later he commanded the forces which were sent to rescue the Abyssinian captives—a task which was most satisfactorily completed. Magdala was stormed, the captives rescued and King Theodore committed suicide to save further trouble. Many other honors followed, including the freedom of the city of London and elevation to the peerage. Subsequently Baron Napier was appointed commander-in-chief of the forces in India, but in late years he has lived in retirement.

LONDON, Jan. 15.—There are rumors of a breach between Sullivan and Gilbert, as Gilbert has refused to sanction the "Gondola" company sent to New York, or allow his name in setting matters right. He refused to have anything to do with rehearsals, because he considered the company a scratch one. It is generally accepted that it means a final separation of Gilbert from Sullivan, who is said to have made overtures to Eugene Field, now in London, to join him in his next work. Field cannot be found to confirm or deny the story.

Salisbury Was "Too Soon."

LONDON, Jan. 15.—The Portuguese Government sent a circular note to the Powers on Sunday relative to the dispute with England. It alleges England did not wait for the reply of Senor Gomes of Jan. 10 to the note of Lord Salisbury, but submitted her ultimatum on mere reports that Senor Pinto had disobeyed telegraphic orders sent him by the Portuguese Government in compliance with the wishes of Lord Salisbury. Pinto, the note says, quitted

Nyassaland and the Shire district three weeks ago, some time prior to the sending of the orders, and is now sick at Mozambique. The note further says Gomes never alluded to arbitration during the negotiations, but suggested throughout to settle the difficulty.

Ruption in Rio.

The steamer *Herschell*, from Rio Janeiro, gives news of an encounter between soldiers in that city. On Dec. 18 it was discovered that part of the army, about 300 men in number, was opposed to the republic, and strongly favored the monarchy. The Provisional Government sent a company of artillery to arrest the insurrectionists. They opened fire on the soldiers, and it was reported 100 were killed.

A Rio Janeiro letter says: Two regiments of artillery mutinied, tore up the Republican flag and hoisted the old Imperial flag, and it required all the other regiments to subdue them. Twenty-one of the ringleaders were shot the next day. The trouble was due to dissatisfaction of the soldiers with the republic, and a number of old Conservatives and Liberals have been tampering with the soldiers.

The Unhappy Czar.

St. PETERSBURG, Jan. 15.—Col. Vofeikoff, an officer of the Czar's body guard, and some other officers of the same corps, have committed suicide. It is supposed they were implicated in a recently discovered plot against the life of the Czar. It is reported the Czar's brother, the Grand Duke Sergius, will shortly be banished from Russia and his estates confiscated.

The repeated assertions of the insanity of the Czar are duly denied, but it is true that the officials nearest his person find it difficult to gain access to him, even for the purpose of obtaining his signature to documents or conferring with him upon the most important subjects. It is well known that some months ago he had determined to pursue a more liberal policy for the future. While the reconciliatory projects were under consideration came the discovery of the latest plot, involving officers personally dear to him and in whom he had the most unshaking trust, and the history of Russia, under the remainder of his reign, will be that of an unceasing struggle between the cunning of unscrupulous tyranny and the craftiness of desperate anarchy.

A GREAT SUCCESS.

Annual Banquet of the Toronto Young Liberals.

Toronto, Jan. 15.—The banquet of the Young Men's Liberal Club last night was a splendid success, close upon 100 gentlemen, including delegates from sister organizations throughout the Province being in attendance. Letters of regret were read from Hon. Wilfred Laurier, Hon. Edward Blake, Hon. Oliver Mowat, Hon. G. W. Ross, Hon. A. M. Ross, Hon. John M. Gibson, Hon. A. S. Hardy, Mr. Wm. Mulock, M.P., Mr. J. D. Edgar, M.P., Mr. John Lays, M.P., Mr. G. B. Smith, M.P., and others. The Club Nationale, of Montreal, telegraphed congratulations. Among the many present were: Messrs. Hugh Hastings, J. W. Macintosh and Jas. B. McKillop (representing the Young Liberal Club of London). Lively speeches were made by President R. U. McPherson, Mr. Willison, the retiring president; D. P. Cahill, L. P. Duff, W. D. Gregory and others.

Mr. McKillop, for the Young Liberals of London, gave a rattling speech. He thanked them for the honor done in inviting them to the banquet. Expressing regret at the absence of the president of the club, the speaker proceeded to praise the fearlessness and the ability with which the Young Liberals of London had tackled the political problems. The Liberal Club of London worked more along the lines suggested by Mr. Willison, and did much to bring into the Liberal party many young men with no pronounced political leanings. The result has been markedly successful. He trusted on some future occasion again to be present.

Mr. Macintosh, who was suffering from "Russian influenza," or something of that kind, as he said, did not speak long, but instead sang a rollicking Irish lay that sent the men around the table into roars of laughter. It narrated the "Birth of St. Patrick."

The banquet is conceded to be the best ever held by the club.

The Deas Murder Trial.

TORONTO, Jan. 15.—In the case of Deas, charged with the murder of Michael Birtle on the night of Sept. 20, the jury found a verdict of manslaughter. Deas did not make any defence, but it is understood his contention was that Birtle was trying to force his way into his house when he shot him. It was stated in evidence at the trial that Birtle had gone to the prisoner's house to tell him to his niece to come.

Sudden Death.

LISTOWEL, Ont., Jan. 15.—Peter Knapp, a well-known citizen, died very suddenly yesterday. A rupture of a vessel of the heart is the supposed cause of his sudden death. Mr. Knapp spent last season in Manitoba, where he purchased a farm of 380 acres in the neighborhood of Verigen, and was on his way to return to the Prairie Province with his family this spring. Deceased was a brother-in-law of Mr. George Hess, M.P.P., and was a prominent Mason.

An Interesting Report.

On page eleven of Bulletin No. 10 of the Inland Revenue Department, which has recently been issued, Prof. A. McGill, of Ottawa, who has been charged with making exhaustive analyses of baking powders for the Government, remarks in referring to imperial baking powder, that "this is an excellent powder, etc. This is a very flattering testimonial, considering that the severity of baking powder in the market are condemned by him as being unfit for use. Baking powders containing Arsenic and Phosphorus are entirely objectionable, and ought not to be used. As the cost of imperial baking powder is very little more than the numerous cheap adulterated goods, consumers will find it to their advantage to use 'imperial' baking powder, which is always reliable and the best possible to be had."

Mr. J. R. Allen, upholsterer, Toronto sends us the following: "For six or seven years my wife suffered with Dyspepsia, Costiveness, Inward Piles and Kidney Complaint. We tried two physicians and any number of medicines without obtaining relief, until we got a bottle of Northrop's Lyman's Vegetable Discovery. This was the first relief she got, and before one bottle was used the benefit she derived from it was beyond our expectation."

THEIR LAST NIGHT.

The London West Council for 1889 Says Farewell.

Collector Anderson and Ex-Constable Jeffery Voted Some Cash—Funds Running Low—Mr. Macdonald on the Municipal Situation.

The Finance Committee of the London West Council met last night, the following being present: Chairman Rockett, Deputy Reeve Macdonald, Councillors Brodie, Tuttle, Treasurer Nichol and Secretary Minton. Macdonald & Dignan's accounts of \$90.20 and \$13.80 were laid over until the Reeve should be present. The accounts of R. Thompson (\$83), S. H. Craig (\$80), and Dan Collins (\$2) passed. The account from Thomas Wilson for \$11.70, work on cedar block crossings, was laid over, as Mr. Tuttle wished to see the work completed according to contract. The accounts of J. R. Gurd, sundries, \$5.64, and of the Ball Electric Light Company, \$122.25, passed, subject to reduction for the hours during which lights were out. The account of Janitor Bide, \$2.50, for watching electric lights, passed.

The matter of paying \$25 to Collector Anderson for collecting the taxes of the previous year to that for which he was appointed to collect was taken up. Mr. Brodie moved that it be not paid. Deputy Macdonald said that Mr. Anderson had been very poorly paid, and moved that the salary be \$100 instead of \$75. Mr. Tuttle said that a number of taxes had not been collected by Mr. Anderson. The Collector spoke in his own behalf. He only desired to be paid as much as had been given in former years for the work. Mr. Brodie then withdrew his motion and substituted one to the effect that Mr. Anderson be paid \$10 for his extra services. This carried unanimously.

Treasurer Nichol said that about \$40 collectable taxes were yet to come in. He was very sorry that some time ago, as it was now too late to sell in February, he had sold some of the property on which taxes had been unpaid for two years. He also reminded the committee that the village was low in funds.

Chairman Tuttle asked if the lamps which had been sold to Dorchester had been paid for. The Treasurer said he had not received the money.

Mr. Jeffrey, ex-constable, asked for the balance of \$9 due him until the end of December. His year was not up until next May, but it was this year that he would settle his claim. Some discussion took place in which Mr. Jeffrey expressed his willingness to let the salary run on until May. The matter was left to the Council as the minute books were not on hand.

THE VILLAGE COUNCIL.

A special meeting of the Council was then held, Deputy Reeve Macdonald in the chair. The report of the committee which had just been read, and was adopted as a whole. Mr. Jeffrey's application was then taken up again. Councillor Rockett moved that the account be paid, thus settling all demands against the Council. Carried.

Mr. J. Smith asked that part of his taxes for 1888 be remitted. Deputy Reeve Macdonald explained that it could only be remitted as a matter of charity, and the Council was equally competent to attend to his request. Referred to new Council.

Mr. A. Bending spoke in favor of having his dog tax remitted. Laid over.

Verdicts of the Council were passed to the representatives of the press, to the Deputy Reeve, to the Clerk and Treasurer, etc., and the Council for 1889 adjourned sine die.

Deputy Reeve Macdonald, in a few after-remarks as a retiring member, called attention to the fact that in order to meet the extremely necessary expenditure of the village for the coming year they would have to levy 22 mills on the dollar. This would make no allowance whatever for an extra plank in the breakwater or even a small additional culvert. The condition of the village had become such that there was no alternative to total bankruptcy, and that that annexation with the city. He believed this was self-evident to the thinking ratepayers. He felt positive some action in the form of a public meeting or a largely signed petition would be taken at an early date.
