Nasty Nor'Wester Across the Atlantic

Does Great Damage Along the Lake Shore.

Eight Lives Probably Lost by the Sinking of the Petrel.

A Blinding Snowfall Adds to the Danger of the Storm—Rescue of a Schooner's Crew.

Sault Ste. Marie, Mich., Oct. 21.—The northwest gale of Saturday was accompanied by blinding snow and colder weather. The C. H. Green, with the barges Genoa and Our Son, and the steamer Bradley and consort, reported a desperate encounter with the storm. Both boats broke apart above White Fish Point. The Bradley sank, but the Genoa, of the Green's tow, lost canvas and deck load. The tow line to Our Son held, and both boats succeeded in rounding White Fish Point in safety and were then picked up by the Green.

These boats report a small, black-hulled schooner ashore a short distance above White Fish Point, but could not get close enough to learn her name or condition.

East Tawas, Mich., Oct. 21.—Capt. N. D. Dawson has arrived from the search for the schooner. He reports having gone about 60 miles on Lake Huron, but found no trace of her. He thinks she could not possibly outlive the gale. The Petrel is thought to have gone down with all on board. The names of the crew were: Capt. J. W. Bennett, Mackinaw; Engineer Dennis Smith, Sand Beach; Fireman Joseph Arsenault, Ernest Lebann, George Duell, Murdoch Ferguson, Barney Smith, Jas. La Plant, all of Au Sable.

Harrisville, Mich., Oct. 21.—The steamer large Maggie Duncan, rated 1000 tons, ran on a rock at Sturgeon Point on Saturday, and began to fill with water. Capt. Wilson beached her here, near the Union dock. The large is loaded with German speigel ore from Buffalo. It is owned by Samuel Neil & Son, of Milwaukee.

DANGEROUS RESCUE.

Menominee, Mich., Oct. 21.—A cat-egorical schooner painted white and without cargo, is reported to be on the Pilot Island rock at Sturgeon Point. The schooner was holding due west, and is so well out on the rocks that her forefoot can almost be seen. Heavy waves are constantly breaking over the vessel, and for this reason her name could not be ascertained. A line was passed to the beach from the vessel, by means of which the last of the Massachusetts was hauled on the beach. The vessel is in a pretty well out of the craft.

Laurier in York.

Splendid Gathering of Farmers at Markham.

A Torchlight Procession in Toronto.

Brilliant Prospects for the Trade Free from Cause.

Toronto, Oct. 21.—Hon. Wilfrid Laurier returned to the city Saturday night from Markham, where he and his associates had a magnificent welcome from the yeomen of York. The party went by a special train. When the train arrived at Markham there was an immense crowd at the station. The band was playing, and the road was filled with young farmers mounted upon horses. The appearance of the leader upon the car platform was the signal for cheering, and the three times three and tigers were repeated until the voices were hoarse from the exercise. Mr. Tarte was almost lifted off his feet by the heartiness with which the call for cheers for him was responded to. Ald. Frankland, who was the candidate of the ruling, was also given a rousing reception. Following after the escort of mounted young farmers was a long line of pedestrians. The streets were lined with people who cheered as the visitors' carriages passed.

The meeting was held in the big hall of the Agricultural Society, which was packed by the electorate. After Mr. Frankland, Thos. Bain, M.P., J. D. Edgar, M.P., and Mr. Campbell, M.P., for Kent, had spoken, the widest kind of a demonstration took place, when the leader stood up in response to an invitation from Chairman Nighswander to address the people. The enthusiasm found expression in a chorus of mighty cheers, accompanied by the waving of hats and handkerchiefs. In the midst of it all the two sweet little children, Reva Tift and Kathleen Reuter, advanced and presented Mr. Laurier with a pretty bouquet. The farmer was gracefully acknowledged by the leader, who kissed them both. Then the crowd sang, "He's a Jolly Good Fellow." The leader made a strong plea for trade freedom, and explained his position on the school question.

Mr. Tarte, M.P., whose welcome was most enthusiastic, made a speech on the lines in his address at Sydenham, which he caught the crowd.

Mr. Mulock, M.P., Mr. Wm. Gibson, M.P., and Mr. James Sutherland also briefly spoke, and a reception was afterwards held at the Tremont House, where citizens of every class shook hands with the popular leader.

THE TORONTO RECEPTION.

which awaited Mr. Laurier on his return at 9 p.m., was exceedingly cordial. Many thousands of persons met the leader at the G. T. R. station, and cheered him for some minutes, as he made his way to the platform erected. There for a long time he was kept shaking hands with admirers. The Queen's Own Band struck up "The Maple Leaf," and cheering was again renewed when he was presented with an address of welcome. He replied most suitably. Thousands of young Liberals and elder admirers of the leader, too, walked in the torchlight procession which subsequently escorted Mr. Laurier and Mr. Tarte to the residence of Mr. Mulock, M.P. There more speeches were called for, and Mr. Tarte prophesied the Liberals would have twenty of a majority in Quebec Province alone. Mr. Laurier said he was simply smothered with kindness. The prospects for the future, he added, were extremely bright. The men in power have been weighed and found wanting. All must now do their duty. Mr. Laurier spent Sunday in Toronto in the quietest possible manner, taking a much-needed rest.

Madame Laurier attended service at St. Michael's Cathedral and spent the balance of the day at Mr. Tarte's residence.

This morning at 8:30 Mr. Laurier went to Lindsay, accompanied by Messrs. J. Tarte, M.P., Wm. Gibson, M.P., and Jas. McMullen, M.P., where a demonstration is in progress.

LAKE ST. CLAIR VERY LOW.

Heavy Winds Cause It to Fall Two Feet—Steamers Grounded.

Detroit, Mich., Oct. 21.—Lake St. Clair is nearly two feet lower than usual on account of heavy southwesterly winds, which have prevailed for two days. In consequence of this several of the larger steamers grounded on the Grosbeak Point shoals, which caused a long blockade of the entire down-bound fleet. The blockade was finally raised with the assistance of tugs.

KANSAS FIRE-SWEPT.

Four Counties Ravaged by Flames—Great Farm Losses.

Topeka, Kan., Oct. 21.—During the past four days destructive prairie fires have swept over parts of four counties in Western Kansas, and a large scope of country in Eastern Colorado. The fire which has caused most damage started in the western part of Finney county Thursday and spread to Greeley county, burning over a strip of country four miles in width, over 200,000 acres in all. A great deal of grain, broom corn, bush and forage was destroyed, together with barns, hay in the stack and outbuildings. In northern Finney much damage was also done. In Wichita county another fire started near the town of Halcyon and covered a territory three miles wide by seven long. Four houses were destroyed and many hay stacks and grain racks ruined.

Is Bicycle Riding Injurious?

There is a possibility that the fervor exhibited by all classes for the bicycle carries with it an element of danger. Exercise is essential to vigorous health, but in disease or in those cases where the muscular force is greatly reduced the use of the wheel should be employed cautiously. The proprietors of the very well-known remedy, Putnam's Corn Extractor, attribute the largeness of their sales not to the use of the bicycle by the people of Canada, but to the absolute certainty of their preparation to remove the most painful and obstinate corns in twenty-four hours. Putnam's Corn Extractor is always certain, safe and painless. Try it.

Parkhill, Oct. 18.—Miss T. Watson and Miss Watson, of this town, and Mrs. Harris, of Sarnia, met with a serious accident here yesterday. They were driving just outside the town, when their horse became frightened by dogs, and plunged over a bridge into a deep ditch. Mrs. Watson was thrown clear of the carriage, but the other two ladies fell under it. The escape of Miss Watson, with only a few bruises, is truly remarkable. Mrs. Watson and Mrs. Harris were not so fortunate, and are today quite prostrate. The horse was badly cut and the carriage seriously damaged.

MOUNT BRYDGES.

Mount Brydges, Oct. 19.—Revival services have been conducted in the Methodist Church during the last four weeks by the pastor, Rev. G. K. Kerr, who has preached every night, with the exception of Saturday night. Last night Rev. A. L. Russell, M.A., of London, came out and preached a very instructive and helpful sermon on "Excuses." Although no evangelist has helped the pastor, yet about a dozen have come out on the Lord's side, and as a result, a new life. The meetings will be continued during the coming week.

GODERICH'S BIG FIRE.

The Albion Hotel and Adjacent Stores Destroyed.

Heavy Losses—Six Houses Burned in Windsor.

Windsor, Ont., Oct. 21.—Six houses were burning at one time Saturday on Windsor avenue. The fire started at Cameron & Currie's house, occupied by Charles Rolfe, a tailor. He attempted to save his furniture. The roof fell in upon him and out he fell severely. No alarm was received by the department until the house was burned down. The fire had spread to five adjoining houses. The frame house next to the Rolfe house was also burned down. It was unoccupied. Many of the citizens worked hard, throwing buckets of water on the places to which the fire was communicated by the high wind, and but for their work the fire would have burned over a large area of houses would have burned.

Goderich, Ont., Oct. 21.—Saturday evening fire was discovered in the top flat of the Albion Hotel. A strong gale was blowing from the north-west, and in a short time the whole block, extending from South street to Kingston street, was one mass of flames. The fire brigade were promptly on hand, but fire fighting was powerless. The stores adjoining the hotel were those of W. C. Goode, druggist; W. T. Murney, butcher, and H. E. Snell, grocer. The loss, which comprises the following companies: The Royal, about \$500; Northern, \$3,000; London Assurance, \$3,000, and some \$25,000 insurance on the building, \$13,000. The stock of J. V. Tarsden, the proprietor of the Albion, was insured for \$5,000; H. E. Snell & Co., grocers, insured for \$5,000; W. C. Goode, drug store, insured for \$5,000. The property of A. M. Polly, liverman, and of E. C. Belcher, baker, had a narrow escape. The cause is supposed to have been the exploding
