

## ANOTHER RUPTION IN CHINA!

Chen Kiang Province Rises in Revolt.

Hundreds of Persons Killed and Many Villages Destroyed—China's Blunder Cost \$24,000,000.

London, June 29.—A dispatch from Chee Foo reports the entire province of Sheng Kiang in revolt. The rebels are said to be over-running the country, pillaging and burning.

It is asserted that in the vicinity of Mukden all the villages are being burned, and that hundreds of inhabitants have been killed.

The dispatch says the Russian forces are not sufficient to maintain order.

REPORT OF MASSACRE DENIED. Pekin, June 29.—The governor of Shan Si province says, in a message to Li Hung Chang, that the Belgian missionaries have not been massacred.

According to a press dispatch from Pekin, June 21, the Belgian minister at Pekin that day sent a messenger to Sian Kian with instructions to verify a report of the massacre there of four Belgian missionaries.

BLUNDER THAT COST \$24,000,000.

Washington, D. C., June 29.—A curious discrepancy concerning the amount of the Chinese indemnities has developed, by which it appears that China has agreed to pay about 35,000,000 taels, or \$24,000,000 more than the united demands of all the powers. Just how this occurred is not clear to officials, but it appears to have been an error of calculation at Pekin. In the first place, the figures making up the indemnities, and later by the Chinese in their hasty acceptance of the total. As finally made up this total was 450,000,000 taels, but the present calculation, after taking in all of the demands that are known, makes the total only 415,000,000 taels. In the meantime China has agreed to pay the larger amount, so that the question now arises what will become of the excess of 35,000,000 taels. Another question which has arisen in this connection is as to the amount of bonds which shall be issued to Japan, as that country has drawn attention to the fact that its share of indemnity cannot be negotiated on as favorable terms as some of the powers can make. It is understood that the matter has been considered of sufficient importance to bring to the attention of the president, with view to learning the general attitude of this government on the matter.

TONS OF TONS OF WHEAT.

Montreal, June 30.—F. F. Griffin, land commissioner of the C. P. R., Winnipeg, speaks in glowing terms of the western crop prospects for the present season. He figures out that the yield ought to amount to between 45,000,000 and 55,000,000 bushels, which would leave about 35,000,000 for export. The crop will be an early one, and to a large extent will escape danger from frost.

MONTREAL BLAZE—LOSS \$100,000.

Montreal, June 30.—The works of the Montreal Pipe Foundry and Montreal Car Wheel Company, located at Lachine, were destroyed by fire early this morning. The loss is estimated at \$100,000, and is covered by insurance. Both concerns were controlled by Drummond, McCall & Co.

A NOVEL LIFE RAFT.

Washington, June 30.—The United States navy department is providing some of the war ships with a new life-raft, an elliptical copper tube, somewhat flattened, with air-tight compartments, strengthened by fins. The tube is incased in cork, wound with canvas and made absolutely water-tight. Attached to this float is a rope netting three feet deep, from which is suspended a wooden slatted bottom. The netting is suspended on the inner side of the float from rings which travel on lashings, so that the bottom rests in the proper position, no matter which side of the float falls on the water when it is thrown overboard. It is ready for service the moment it strikes the water. Enough persons cannot get on this raft to sink it, and, unlike the lifeboat, it cannot capsize or founder, nor, like a raft, go to pieces against the sides of a ship.

## Pale, Anaemic Young Women.

Anaemia, or thin, watery blood, is increasing to an alarming extent among the school girls and young women of our land. Pale gums, tongue and eyelids, muscular weakness, inability for exertion, deficient appetite, impaired digestion, short breath, palpitation of the heart, attacks of vomiting, swooning, hysteria and irregularities of the feminine organs are among the unmistakable symptoms of anaemia or poor quality of blood.

Anaemic persons are frequently said to be going into a decline, and as a fact do usually contract consumption or some fatal constitutional disease if they neglect to restore normal vigor. Fresh air, sunlight, moderate exercise and the regular use of Dr. Chase's Nerve Food after each meal will restore new vitality to the body and new color to the cheek of any anaemic person. Gradually and thoroughly it forms new red corpuscles in the blood and wins back perfect health and strength.

Dr. Chase's Nerve Food.

50 cents a box, 6 boxes for \$2.50; at all dealers or Edmonson, Bates & Co., Toronto. Agents wanted for Dr. Chase's Last and Complete Receipt Book.

## THE BAR IRON SCALE SETTLED!

And 107,000 Men May Soon Resume Work.

All the Union Sheet Steel Workers Called Out—Strike Situation Among Machinists Improved.

BAR IRON SCALE SETTLED.

Pittsburg, Pa., June 30.—At 12:30 this morning the bar iron scale was settled by the conference after an almost continuous session since 2:30 p.m. yesterday. The manufacturers agreed to accept the scale as adopted by the Milwaukee convention without change. The scale submitted by the Amalgamated Association contained a demand for a general advance averaging between 5 and 6 per cent. The rate on boiling, on which the entire scale is based, is \$5 per ton for boiling on a one-cent card as against \$4 75 last year. The base and all the scales dependent on it, together with non-inter-ruption clauses, were finally accepted by the Republic Iron and Steel Company practically without change. By this settlement 107,000 men may go to work as soon as the necessary repairs are made at the several plants throughout the country.

SITUATION IN MACHINISTS' STRIKE.

New York, June 29.—Secretary Devens, of the National Metal Trades Association, in an interview today said the strike situation among machinists was in a most satisfactory condition as far as his organization was concerned. Arrangements have been made for extension of time, and many manufacturers find their foreign trade not pressing at the present time, so that they are in a better position now than they have been in several years to settle the questions involved.

INCREASED WAGES VOLUNTARILY.

Muskegon, Mich., June 29.—The Muskegon Traction and Lighting Company who operate the city's electric street railway, have announced a marked voluntary increase in the wages of its motormen and conductors, to take effect Aug. 1. The present wages call for men who have worked for the company one year or more is 13 1/2 cents per hour and 15 cents per hour. Under the advance, the one-year men or more will receive 17 cents per hour, or an increase of 20 cents per day, and those who have been working less than six months will be paid 13 1/2 cents per hour and 15 cents per hour. Under the advance, the one-year men or more will receive 17 cents per hour, or an increase of 20 cents per day, and those who have been working less than six months will be paid 13 1/2 cents per hour and 15 cents per hour.

W. D. MAHON'S WORK.

Detroit, June 30.—W. D. Mahon, national president of the Street Railway Employees' Association of America, who has been in New Orleans for several weeks, sends back cheering reports of progress. Up to within the time of his visit labor unions were practically an unknown quantity in that city. Mr. Mahon has succeeded in organizing the street car men into a union having 1,500 members. In company with the state organizer he has assisted in the unionizing of seventeen different crafts. When Mr. Mahon leaves the city it will be thoroughly organized.

STEEL WORKERS CALLED OUT.

Pittsburg, Pa., June 29.—A definite order for a general strike of all union sheet steel workers was issued by President T. J. Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, today. There are over 20,000 men affected by this order and every mill operated by the American Sheet Steel Company, where union men are employed throughout the country, will close down indefinitely, or until such time as a settlement of the matters in dispute has been reached.

At the offices of the Amalgamated Association it was said the sheet steel workers had decided at their last convention to ask for only the readoption of the present scale for the present year. No changes were wanted, but there would be one demand, and that was that the American Sheet Steel Company should sign the scale so that it would cover all of its plants. In other words, the Amalgamated Association asked that non-union plants now operated by the combine should be turned over to the union and be governed by the same rules as the union mills. The officials of the company declined to consider this proposition.

PLOW WORKERS QUIT.

Peoria, Ill., June 29.—All the members of the Plow Workers' Union employed in the large plant of the Kingman Plow Company, in Averyville, have gone out on a strike and will refuse to return to work until some non-union men, who are working in the machinery department, are dis-

charged. The strike was ordered by the Federation of Labor. About 250 men are out.

LABOR NOTES.

New Yorkers are starting a movement to revivify the Knights of Labor.

Labor tangles in Chicago are to be complicated by organization of another musicians' union. There are two already.

Sheet iron scale failed of adjustment in Pittsburg Saturday. Unless settled by Monday all sheet mills in the country will close down, and 15,000 men will be idle.

Striking machinists in Cincinnati will ask injunction to prevent manufacturers from meddling with their picket stationed near shops to check men who seek to go to work.

The final proposition of the National Cash Register Company to its striking employees at Dayton, Ohio, has been refused.

MR. A. ALLAN'S FUNERAL

Was of a Private Character, But Very Largely Attended.

Montreal, June 30.—The funeral of the late Mr. Allan, the senior partner of the shipping and mercantile firm of Messrs. H. and A. Allan, took place Saturday afternoon, when the remains were interred in the family vault at Mount Royal Cemetery.

The funeral service, which was held in St. Paul's Church, of which the late Mr. Allan was a member, was conducted by the Rev. Mr. Doudlet, who has taken the Rev. Mr. Barclay's place during his absence. The service was of an impressive character, and was largely attended.

In accordance with the wishes of the family, the funeral was of as private a character as was compatible with the prominent place which the deceased gentleman filled in the shipping and mercantile community. There were no floral tributes, except from the members of the family, whose wreaths and crosses covered the coffin as it was borne from Inoumont, the Allan mansion in Peel street, to the church.

The chief mourners were the four sons of the deceased, Mr. Hugh A. Allan, Mr. Andrew Allan, Mr. J. B. Allan and Mr. W. R. Allan; the sons-in-law, Mr. W. H. Benyon and Mr. H. C. Meredith; the three grandsons, Capt. A. Benyon, Mr. A. A. Mackenzie and Mr. Andrew Allan.

PANIC ON A STEAMER!

Seven Hundred Passengers in Peril—Several Injured, But No Lives Lost.

South Norwalk, Ct., June 30.—Seven hundred employees of the John W. Green hat factory left Danbury yesterday morning for an excursion to Glen Island, the steamer Mohawk being chartered for the trip. After spending the day on the island the party boarded the steamer for the return trip at about 5 o'clock. The steamer had been under way about ten minutes when the excursionists were startled by a tremendous crash, the ship having struck a rock.

A panic followed, during which every one of the 700 passengers on board scrambled for the life preservers. In the crush women and children were knocked down and trampled upon. One child had an arm broken and another was picked up seriously injured about the body.

During this excitement the steamer had been steadily sinking, and ten minutes after the crash the first deck was submerged. Three launches, which were near by when the accident occurred, immediately went to the rescue of the passengers who jumped overboard.

The passengers on the second deck were by this time in nearly as bad a predicament as their fellow-excursionists on the first deck had been a short time before. The water was beginning to wash over the deck when the excursion steamer Myndert took on board the remaining passengers.

The accident was caused by the pilot of the steamer going on the wrong side of the buoy which marks the course to be followed by steamers to and from the island. The party was taken to South Norwalk from which they went by rail to Danbury.

THINKS THEY ARE GOOD

Like Everybody Else Who Has Given Dodd's Kidney Pills a Fair Trial.

St. Elzear, Que., June 1 (Special).—Jean Polius, of this place, has a very high opinion of Dodd's Kidney Pills. He has tested their merits and knows whereof he speaks.

THE WEATHER Very warm; thunderstorms.

## Bargains in Brief

The sun is convincing most people that it is not burnt out. The weather is hot—decidedly. You don't want to wade through a long announcement. You want the store news in a nutshell. Though put in this brief way the bargains for tomorrow are just as real as if we described every item in full. We trust that nothing will ever creep into this space to cause regret to any customer for reading it. On the contrary, we hope to announce such values from time to time as will convince all that it is a distinct loss to them not to keep posted on what we are doing here. Shop early if you read of anything herein that you want.

Ladies, the coolest Undergarments known are Dr. Diemel's Linen Mesh. Everybody of course cannot afford to wear them, or think they can't. They will wear out three of the ordinary kind, and while in service are most delightfully cool. They are recommended by physicians, and to persons troubled with rheumatism they come as a boon. They are a particular garment for particular people, and anyone who has the price should invest at once.

## SMALLMAN & INGRAM

149, 151 and 153 DUNDAS STREET.

cepted the nomination, and the convention adjourned after passing the usual votes of confidence in party leaders.

## CIRCUS TENT STRUCK BY A THUNDERBOLT.

Trick Elephant Killed and All the Animals Shocked—Several Deaths Caused by Lightning.

Eau Claire, Wis., June 29.—Lightning today struck the animal tent of a circus here, killing the trick elephant and stunning the entire menagerie. Many persons were severely shocked.

VICTIM OF A LIVE WIRE. Minneapolis, June 28.—With all the accompanying phenomena of a cyclone except the funnel-shaped cloud, a heavy electrical and rain storm swept over this city this afternoon.

The Home Laundry, where Mrs. Morey was injured, was totally wrecked. Holly Bennett was killed by coming in contact with a live wire. Dell Eck was shocked by live wire. Mrs. Morey had leg broken and shoulder dislocated.

The storm leveled part of the canvas enclosure of the Pawnee Bill Wild West Show, and several people were injured, none seriously.

PICKNICKER KILLED.

Pittsburg, Pa., June 28.—During a short but vicious storm today lightning struck a large oak tree in River-view Park under which Mrs. Young and her four children were eating of a picnic luncheon. George Young, aged 6 years, was instantly killed; Norman, a younger brother, was rendered unconscious, and will probably die. Mrs. Young, her 8-year-old daughter and infant were seriously shocked, but will recover.

FOUR MEN KILLED.

Brazil, Ind., June 29.—During a storm last night lightning killed four men who were at work harvesting in a wheat field on the J. H. Halbert farm, near Lodi. The killed: Frank Bridgewater, Anderson Webster, John Wiggie and Samuel Stewart.

Fifty Against Two.

It is not reasonable to expect two weeks of outing to overcome the effects of fifty weeks of confinement. Take a bottle of Hood's Sarsaparilla along with you, and you will find that this great tonic will do more than anything else to refresh your blood, overcome your tiredness, improve your appetite, and make your sleep easy and restful.

In the Russian agricultural districts the peasant children often work seventeen hours a day during harvest time. The ministry of finance is formulating a bill limiting child labor to eight hours a day for the future.

Mrs. Winslow's Soothing Syrup Has been used for over FIFTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN, CURES WIND COLIC, and is the best remedy for DIARRHEA. Sold by Druggists in every part of the world. Be sure and ask for "Mrs. Winslow's" Soothing Syrup.

NATURE'S SPECIFIC FOR THE CURE OF Dysentery, Diarrhoea, Cramps, Colic, Pains in the Stomach, Cholera, Cholera Morbus, Cholera Infantum, Sea Sickness, Summer Complaint and all Fluxes of the Bowels. Has been in use half a century and has never failed to give relief. Every house should have a bottle. PRICE, - 35c.

## News Notes.

Bubonic plague rages in Oporto, Portugal.

Cuba may adopt Australian ballot, universal suffrage.

August 15 has been fixed as civic holiday in Winnipeg.

Parliament is formally prorogued by proclamation until Aug. 12 next.

A large new cold storage and abattoir will be erected in Winnipeg shortly.

Alaska salmon packers are gathering in New York to complete their trust.

The appointment of Messrs. Rochon, Tremblaine and Desmarais to the bench is gazetted.

There is talk of building a \$50,000 summer hotel at Rockcliffe, overlooking the Ottawa River.

The artillery at Deseronto shot so slight that the target was destroyed in half a day's practice.

Hon. Mr. Sifton expects that the new assay office at Vancouver will be ready to receive gold by July 15.

Seven hundred Porto Ricans have sailed for Honolulu from Los Angeles, California, to work on plantations.

A man named Montpelier was found dead on the C.P.R. tracks near Schreiber, supposed to have fallen from a train.

Governor Schroeder says hoodlums lawlessness, terrorizing of natives, theft, gambling and inebriety are rampant among American marines in Guam.

All traces of the lost and longed-for Walter Gordon, of Whitewater, wanted by the Winnipeg, Man., police for murder, appears to have been lost.

Thomas Swallow, aged 54, one of the best-known commercial men in Ontario, committed suicide at the Gladstone Hotel, Toronto by inhaling gas.

George Delisle, match manufacturer of Ottawa, has assigned. The Eddy firm is now the only company manufacturing matches on a large scale in Canada.

Valemont E. Traversy & Co., lumber merchants, of Montreal, have assigned on demand of Eustache H. LeMay, also lumber merchants. The liabilities are over \$30,000.

The southwestern express on the Pennsylvania road was derailed near Greensburg, Pa., Saturday, and an attempt at train-wrecking is suspected. Three persons were slightly hurt.

J. P. Morgan's friends say he intends to present the famous Gainsborough portrait of the Duchess of Devonshire, for which he recently paid \$125,000, to the New York library.

Hon. James Sutherland has gone to Woodstock, which is to be created into a city with much ceremony on Dominion Day. There will be a great reunion of 'old boys' at Woodstock on July 1.

A New Yorker has purchased in London the Prince Edward of York diamond, considered one of the most perfect gems ever produced. It weighs 60 1/2 karats. The price was \$100,000 cash.

George H. Cubbin, bookkeeper for Roy's brewery, Belleville, who has been absent for two days, was found in his room, with the door locked, windows and ventilator closed, and two gas jets open.

Announcement is made of the appointment of W. P. Hinton as general freight agent, and E. R. Bremner as assistant general freight agent, of the Canada Atlantic Railway, effective on July 1.

The Pennsylvania railroad tunnel running through Baltimore, caved in Saturday morning. The Philadelphia Wilmington and Baltimore express train was caught in the debris, but as far as known no one was injured.

BURDOCK BLOOD BITTERS is the best known remedy for dyspepsia, constipation and biliousness, and will cure all blood diseases, from a common pimple to the worst scrofulous sore.

SUFFER NO MORE—There are those who live miserable lives because dyspepsia dulls the faculties and shadows existence with the cloud of depression. One way to dispel the vapors that beset the victims of this disorder is to order them a course of Parmentier's Vegetable Pills, which are among the best vegetable pills known, being easy to take and are most efficacious in their action. A trial of them will prove this.

APIOLINE (CHAPOTEAU) For Ladies Only. RELIEVES PAIN AND IS A SAFE RELIABLE MONTHLY REGULATOR. Superior to Apol, Pennyroyal and Tany. Agents: LYNK, BONS & Co., Montreal.
