Ald. McMechan Speaks of Macadam Pavements.

Public Interest."

Referring to his speech at the electors' meeting in the city hall last night Ald. McMechan made a statement or two this morning to an Advertiser reporter, who was speaking to him.

"The text of my address," said Ald. McMechan, "was the private purse as the morning service at St. Andrew's against the general interest, and as an Presbyterian Church in the morning. example of that I can cite no better instance than Ald. Cooper and his No. 2 committee. The Warren Company, of Boston, are the people who have the pull, and it is on No. 2 committee that they have it. The committee had the road initiated for their benefit on Talbot street, between Oxford and Fullarton, and although the petition of pro-perty-holders on the street against it was sufficiently signed, the pavement was laid. The petition was knocked out on a technicality, and had it not been that the assessment roll was in-correct, it would have been all right. You see, it had to have on it the names that were on the rolls, and many of the names that were there were those of dead people. As it is, residents of that street, instead of paying 25 cents a foot as they understood they would have to, will have to put up 40 cents a foot for ten years. In other words, a man who owns 50 feet frontage there will

would have to pay.

"Then the King street people petitioned for a new road between Maitland VITAL STATISTICS.

When the anging the anging the state of the state and William streets. When the engineer told them it would cost \$5,000 they said to build it. When the contract was let they found the price to be \$6,500 or \$1,500 more than they were told. In-stead of Ald. Cooper and his committee saying that the price was too high, they would not let the contract, they let it in five minutes. Moreover, there was practically but one bid put in, or, rather, according to the spe-

cifications there was only one contractor-the Warren Company, of Bostonwho was able to do the work and who stood any chance of getting the job. The specifications were fixed.
"Then, to show the hold the Warren Company have on No. 2 committee, I can say that, without any precedent, they have initiated ten new jobs. That means ten new jobs initiated by an out-going council—jobs that should have been left for the people who will con-duct the business of the city this coming year."

SIX MONTHS FOR VAGRANT. Thomas Harrison was brought to jail last night from Ailsa Craig. He will be taken to the Central Prison to serve six months for vagrancy, in default of a fine of \$20. Sentence was imposed by Magistrate E. B. Smith.

MR. W. H. HEWLETT. The Hamilton correspondent of the Globe says: "Mr. W. H. Hewlett, late of London, will assume his new duties' as organist and choir leader of Centenary Methodist Church, this city, on January 18. It is probable he will reorganize the choir, and in anticipation of this a number of the present members of the choir will not be in their usual places next Sunday. Some of sympathize with Mr. L. H. THE AUDITORIUM CONCERT.

The Auditorium was again well filled last night, the attraction being the second presentation of the fifth number of the popular concert course. The concert was fully as pleasing as its predecessor, and the audience evinced every symptom of satisfaction. Mrs. Mackay Leslie's full, rich voice was heard at its best in two sweet cld Scotch ballads, "Loch Lomond," and "Mary of Argyle." She also gave an exquisite rendition of Vickede's "The Heart's Springtime." Miss Rosada Noor Taylor contributed Gouno's "Flower Song," and Hadley's "Der Asra." Miss Marion Short's dramatic and humorous recitations again pleas-ed her hearers. While Mr. Henry S. Saunders' mastery of the 'cello was well shown in his execution of his different numbers.

#### ALD. JOHN H. McMECHAN.

Mr. John H. McMechan, who is o fering himself for re-election for alderman for 1903, has shown himself to be one of the most fearless representatives of the people in the council. He speaks his mind and is never found hedging when any business is demanding action. If jobbery is attempted, John McMechan may be depended upon to turn a keen searchlight upon it, regardless of whom it may affect. His course as a member of the city council last year was thoroughly consistent. He stood up for the city upon all occasions, and was most open in his antagonism to the burdening of taxpayers with unnecessary expenses. His work should commend him to all right thinking citizens as an alder man of the stamp the city needs. Ald. McMechan merits the support of the people.

## DR. HUGH STEVENSON.

Dr. Hugh Stevenson, one of the nominees for alderman, is not a new man, having already been a member of the council for one year. During that year he was consistently opposed to unnecessary expenditures and worked faithfully to get the best results for the city at the lowest possible tax upon the ratepayers. He was an unswerving friend of the working man and was one of the most outstanding champions of matters affecting their rights. Dr. Stevenson made a good alderman that year and will be a good representative of the people if elected again.

#### MR. J. C. PARK.

Mr. J. C. Park, who is in the field for alderman, is best known in the east end, where he has lived for several years. He is a tinware and stove merchant, and in the last few years has built up quite an extensive business. Mr. Park is as yet untried in municipal life, but the application to it of the qualities, the possession of which he has shown in the management of his own business, should make him a success as an alderman,

# FATAL COLLISION OF **ENGINES AT MERRITTON**

Three Other Trainmen Seriously Injured.

Light Engine Struck the Locomotive of the Eastbound Lehigh

Express.

Speeding along at a high rate engine No. 981, attached to No. 4 train, passes east through London at 8:30 a.m., crashed with terrific force into light engine No. 975, at a point east of Merritton station. The collision took place about 7 a.m. this morning. Fireman Desault, of engine No. 981, was gineer Duke, was injured, as was Engineer Buckpit and Fireman Waring, of engine 975. The light engine was thrown easily from the track by the large mogul, and it was undoubtedly because of the weight of the passenger train that further calamity was avertvery badly damaged, and the line was passengers forwarded to their destinacleared shortly after the accident.

Fireman Desault, of Sarnia Tunnel, Instantly Killed.

The cause is attributed to carelessness on the part of Engineer Buckpit, who, the officials suppose, disobeyed or failed to carry out running orders defailed to carry out runnin livered to him at Niagara Falls. He is a Sarnia man, where his family resides, but for some time had stayed at the Falls, because his engine was stationed there.

Fireman Desault, who was killed, was a native of Prescott,Ont. For some time past he had lived at Sarnia, where his train started. Engineer Buckpit and Fireman War-

ing are also residents of Sarnia.

The wreck caused a delay of an hour to No. 3 passenger train, due here at 11 o'clock. Passengers on it reported that the line was clear at 11 o'clock, and that nothing had been damaged, apart from the two engines. Master of Transportation Price and

known as the Lehigh express, which Superintendent Jones gave out the following official account of the accident to an Advertiser reporter this morning: "At about 7 a.m. an accident occur red just east of Merritton station, be-tween light engine 975 and passenger train No. 4, engine 981, resulting in the death of Fireman Desault, of engine 981, injury to Engineer Duke, of eninstantly killed, while his mate, En- gine 981, also to Engineer Buckpit and Fireman Waring, of engine 975. posed to have been caused by Engineer Buckpit failing to properly carry out running orders delivered him at Nia-

Permanent Cure for Neuralgia. Experienced sufferers state that no remedy relieves neuralgia so quickly as a hot application of Polson's Nerviline, the strongest liniment made. Nerviline is certainly very penetrating, and has a powerful influence over neuralgic pains, which it destroys almost at once. Nerviline is highly recommended for rheumatism, lumbago, sciatica and toothache. Better try a 25c bottle; it's all right.
