by the Fireside.

Tunning almost "any old way," and the officials were very glad to be able to get them through anywhere from two hours to five and six hours late. On the local division things were not so bad, but east and west snow fell in great quantities, and the connections were very poor. The Detroit River was also choked with ice, and the car ferries found it almost "any old way," and the officials were very glad to be able to get them through anywhere from two hours to five and six hours late. On the local division things were not so bad, but east and west snow fell in great quantities, and the connections were very poor. The Detroit River was also choked with ice, and the car ferries found it almost "any old way," and the officials were very glad to be able to get them through anywhere from two hours to five and six hours late. On the local division things were not so bad, but east and west snow fell in great quantities, and the connections were very poor. The Detroit River was also choked with ice, and the car ferries found it almost "any old way," and the officials were very glad to be able to get them through anywhere from two hours to five and six hours late. On the local division things were not so bad, but east and west snow fell in great quantities, and the connections were very poor. ferries found it almost impossible to carry the cars across the line.

Today and yesterday the trains are In this way a train service is being maintained, though the snowplows are also out on all sections of the division. assisting in keeping the lines open. The most difficult task is to keep the locomotives from freezing up, as if they are allowed to stand a few manners the extreme cold renders them useless. Yesterday a freight train became stalled in the cut near Thorndale, and

as a consequence the St. Marys branch was blocked till about 5 o'clock last evening. Today the officials report all lines open, but the train service is most uncertain. Advices received at the ofbusiness, and east of Toronto it is next to impossible to keep the trains in motion. All through the American west the trains are snowbound, and as a result the connections at Detroit and Sarnia are almost wiped out. The Pere Marquette also had its

train got through to St. Thomas, but the train due here at 8 o'clock became stalled at Glanworth and spent several hours in a drift. The train did not ering it up. It was indeed a night to remain indoors, as those who rode in the street cars or walked a few city blocks are according to the street cars or walked a few city reported that the line was open, but the reported that the line was open, but the blocks are prepared to testify.

As usual, the people found great fault with the street car service. Some of in the same position as the Pere Marthe criticism appeared just, and some quette, and its train service is also unjust. But at all events, it took one badly wrecked. East and west of St. car at 6 o'clock exactly 40 minutes to Thomas the Michigan Central has had run from the corner of Dundas and its hands full to keep things moving, Richmond streets to Victoria Hospital as snowplows were in constant operaon the South street belt line, via Rectory street. As a whole, however, the For the first time this year the C. P system was fairly well maintained, and the cars, considering the very cold weather, were fairly well heated.

The steam roads suffered are the first time this year the C. P.

R. felt the effects of the severe weather last night, and although all trains were run at a reduced towns. were late and are late today. No trains ly, however. On the Grand Trunk, ail were stalled, however, and the line trains, both passenger and freight, were east and west is open.

"SANDY M'CRAE IN CANADA," WAS AN INTERESTING LECTURE

Large Audience at the First Congregational Church.

The state of the weather did not keep many people away from the lecture en-Church by Rev. Hugh Pedley, last breathless interest throughout. Mr. Pedley's address was the interesing story of a young Scotchman who emigrated to Canada, told in a most entertaining and instructive manner, and enlivened with the frequent use of the Scottish tongue and many a lively touch of humor. "Sandy McCrae" is a fictitious character, originating in the mind of Mr. Pedley, but he is "founded upon fact," and the lecturer used him to show hom the character of the immigrant from the old land was molded ew country until it formed part of the Rev. Dr. Ross presided over the meeting, which he opened with a few

cheery words and a personal tribute to ecomplished divine who was to tish songs, "Our Kail Yard," and "The Heilandman's Toast," and a reading from "Wee Macgregor" was given by Mr. Thomas Alexander. Mr. Pedley then delivered his lecture, and was tendered a hearty vote of thanks at the close by Rev. J. G. Stuart and Rev. D. S. Hamilton. Before the lecture, a number of the young ladies of the Christian Endeavor Society enterained to tea, and Mr.Pedley met the deacons of the church and several old friends, among whom were Revs. Dr. Ross, J. G. Stuart, W. H. A. Claris, W. J. Clark, F. A. Stevens, Dr. F. R. Eccles, and Mr. W. H. Davis. Brief speeches were given and a pleasant hour spent. The first part of Mr. Pedley's lecture dealt with the early history of Sandy

in Scotland, showing the influences amidst which he was brought up, the staunch Presbyterianism of his father and mother, together with the godli-Sandy decides to come to Canada to Neilson could not carry successfully Scot's journey to the Northwest, and the with her, but this week Mr. Bennett various people he encountered on the way. On arriving at the railway terminal, most of the tired and thirsty travelers made a rush for the tavern. But, although Sandy was not the pos sessor of any remarkably high temper ince principles, he had learned that the bushman who drinks whisky is a fool, and he remained outside the bar, despite the jeers of some and the curses of others. Then came a long journey over a frozen body of water. On arriving at the log shanty where the hushmen were to lodge, Sandy entered into a hot religious discussion with "Tom." an Englishman, regarding the

Rev. Hugh Pedley Delights a which Sandy's foot was temporarily finally melting the barriers of prejudice which existed between the two men. Mutual kindness and charity sprang up between Sandy and the Englishman, and the warmth of an honest friendship lightened the sturdy labors in the bush. Such a spirit as that was Canadian pioneers of all nations, and titled "Sandy McCrae in Canada," de- which gave rise to the broad national livered in the First Congregational spirit which exists in the Dominion today. Mr. Pedley went on to describe Sandy's recovery and his venture into evening. The building was filled with agricultural life. While working on a farm he met a young lady, a Methodist school teacher, from whom he learned. ard, H. Macklin, E. Manigault, T. J. an audience that listened with almost farm he met a young lady, a Methodist that love plays as great a part in true Murphy, R. R. Bland and W. T. Ham-Christian life as principle. Mr. Pedley described very impressively how the mixing with all grades and degrees of mixing with all grades and degrees of people and opinions, and the broad aspects of Canadian life, worked upon the narrow principles and beliefs of the Scot, born and bred in the solitary little island across the ocean. Sandy, receiving a rebuff in a love affair, finally fell from his former stern religious life into pure skepticism, for a while, although still remaining a moral man. He took up the study of law, became fluent in the Queen's English, and was by the broad influence of a life in this on the highway of material success. The news of the death of his father in Canadian national character. But the Scotland, and the ensuing recollections lecture was not didactic in tone. and of his noble life, melted the icy bonds the story of Sandy ran almost like a of skepticism, and recalled Sandy to romance, under the skillful treatment his old faith—not, however, to his old she was a Methodist, against which

LIBRARY BOARD **ASKS FOR \$9,500**

Estimates for the Year Presented at a Special Meeting—Fiction for the Working Classes.

At a special meeting of the public board held last night, estimates for the year, totaling \$9,500, were presented by Mr. J. C. Hazard, chairman of the finance committee, The estimates are made up as follows: Interest on debentures, \$1,160; sinking fund, \$973; salaries, light, heat and water, \$750; binding. \$400; printing, \$125; stationery, \$125; insurance, \$210; repairs and furniture,

identals, \$225. After a short discussion, they were adopted, and will be presented to the council at next Monday night's meet-

Amongst the communications was one from Mr. Joseph T. Marks, chairthe Trades and Labor Council, drawing attention to the fact that the proportion of fiction, such as is demanded by amount of cheap, trashy novels in circulation, and the best antidote to this is to have on the shelves of our public libraries a class of juvenile literature that will not necessitate the boys and girls feeding their minds with cheap and trashy stuff. I be-lieve the class of fiction on the shelves respective methods of the Presbyterian and Anglican Churches. Then followed a wordy encounter in which the fighting qualities of the Scotch and the English were the points at issue. But, said the speaker, these two antagonists became fast friends. The lecturer described, touchingly, an accident, in of the public library is of a high order

A meeting of the board of managers get the very best out of all Christian and the male members of the congreteachings. The story closed with the gation of St. Andrew's Church was gation of St. Andrew's Church was marriage of Sandy to the young lady held in the lecture room last evening who had formerly rebuffed him. And to discuss the erection of the new Sunday school, which has so long been denomination Sandy had at first held needed, and was decided on at the annual meeting of the congregation a few weeks ago. Nothing whatever has been done with regard to plans for the building, nor will any move be taken in that direction until at least \$15,000 has been subscribed towards the work. This amount, however, is expected to be secured in a short time. At the annual meeting

\$7,000 was subscribed, and since that time voluntary subscriptions have been made increasing the sum to nearly \$9,-000. A regular canvass of the members and adherents of the church has not heen made yet, but this was decided upon at the meeting last night. There is a strong possibility of the work on the new school being started early in the spring. The school wil likely be built between the church and the

MANY MATTERS TO DEAL WITH

New Board of Management of Children's Aid Society Holds First Meeting.

The new board of management of the Children's Aid Society held its first meeting in the committee-room of the city hall yesterday afternoon, The the working classes, is very small in the library. He concluded: "As to the juvenile fiction there is an immense and the meeting was a very interested. number present was unusually large, one. Although lengthy, the proceedings were followed very closely ings were followed very closely throughout. In opening, the president tendered a hearty welcome to the new thembers. The following were among

those present: The president, Sheriff Cameron (in the chair); Messrs, Chas. Hall, Rev. D. S. Hamilton, Ald, Carson and J. Saunders; Mesdames J. I A. Hunt, Yarker, Talbot Macbeth, Patten F. Harper, J. W. Jones, Joseph Smith, Leonard, H. E. Gates, T. Duncan, H. Dreaney and G. McLare: A large number of communication had been received during the month. Among those which came before the board was a letter from a ward of the society, a young girl, who is at pres ent in the Industrial School in Toront During her stay in the school, the g has greatly improved in character, b

sides having gained a knowledge

215 DUNDAS STREET

school studies and the useful hous hold arts. Accordingly, it was the opinion of the board that she migh now cossistently be brought bac from Toronto and be given into the eare of foster parents. The letters from children receive careful attention on the part of the secretary, and are always answered. An interesting note from a little gir who is now in a foster home was read in part. It gave, with characteristic

louches, the details of the child's life in her new home. The cases dealt with in the monthly reports of the inspector are ofte problems, the deciding of which fre quently determines the whole futur course of some child's life. The mem bers of the board, therefore, were yes terday called upon to exercise their utmost judgment. The details with regard to the placing of wards, and such like, are, of course, not made public According to the treasurer's repor the balance on hand is scarcely suff cient to meet the running expenses the ensuing month. On account of the erection of the new home, the societ has had to go to the expense of placing the same system of heating in the part of the building as in the 1 The general fund could not pay contractors for all their work. feet that this expense be met ou he proceeds from the poster show.
