GERMAN BASE IN NO TROUBLE WILL SHETLAND ISLANDS

Sending Station Reported Discovered Near Loch Lomond.

LONDON, Oct. 14.-British war vessels discovered, raided, and destroyed a German submarine base in one of the uninhabited rocks of the Shetland Islands of the North Sea, according to a report from Scotland. It is said that here was a large stock of oil, battery plates and extra torpedoes stored there of three American oil ships soon will for the use of submarines striking at

the North Sea ffeet. Another report concerns a German wireless station near Loch Lomond, It said to be a sending station, which is more difficult to discover than a re-ceiving station, which, with its poles and wires, antennae is easy to locate. Messages have been intercepted constantly, but all efforts to find the aparatus have failed, so the rumor runs. mission by the British Government of
