Football League, fostered by Bob Dawson of the Hamilton Veterans, was organized here Saturday afternoon, with eight teams entered, and the prospects of others coming into the fold. The new clubs accepted at Saturday's meeting were the London PuBlic Utilities and the Galt Scottish, while applications from the Stelcas and Grand Trunk Rovers of Hamilton were turned down since that city has now three teams in the organization.

From the enthusiasm evinced at the meeting this new soccer organization should be a great success. Delegates were present at the meeting from the Hamilton S.O.E., Hamilton Harvesters, Hamilton Veterans, Brantford, Galt Scottish, Galt City, Guelph and London Public Utilities. The meeting was in progress for five hours.

The clection of officers resulted as follows: President, Phil Evans, Guelph; vice-president, Sammy Law, Galt; secretary, R. Dawson, Hamilton; treasurer, J. Franks, Galt.

The council is composed of the officers and a representative from each ciub. The constitution was considered in detail and finally passed, and will now be sent on to the O. F. A. for its

The "FOUR NINETY" "ROADSTER"

In addition to convenience, comfort and economy of its design, the Chevrolet "Four Ninety" Roadster also affords the satisfaction of complete equipment.

A luggage compartment of ample size has been provided, and a self-starter, electric lights, speedometer, extra rim and carrier are included in the purchase price, and that price is as low as modern methods of quality and quantity manufacture can make it.

For business or general use it affords the utmost return on the investment.

nake his task of winning ball games much easier. I am sorry that I didn't try to master a slow ball earlier in my career. Some pitchers take naturally to the throwing of a slow hall

It is a matter of record that pitchers using a very fast ball have always had more or less difficully in mastering the slow ball. I am at a loss to account for such

condition, unless it is because the grip on the ball is much different in throwing the fast or slow ball. I have spent much time of late trying to perfect a slow ball, but have met with only fair success. For a slow ball to be effective, it must be thrown with exactly the same motion as the fast ball. That

has been my greatest difficulty with the slow ball. I have found it a hard matter to use my fast ball motion in delivering the slow ball. As a matter of fact, I have never been able to consistently do it. I have a habit of shifting my style slightly, which, of course, tips off the batter to the slow ball.

TORONTO, Feb. 19.—Granites whipped Argonauts Saturday night by 12 to 5 and qualified for the O. H. A. senior play-off. They wrecked the last chance the University of Toronto and Hamilton teams had of winning the title. The score indicates the night's play. The oarsmen were hopelessiy outclassed in every department of the game.

There are still several senior games to be played, but Granites have finished their schedule, and will not swing into action locally again until they meet Aura Lee. Despite the fact that the slow ball requires no great physical effort, it is not necessarily an easy delivery on the arm. The greatest asset of the slow ball in prolonging the career of a fast ball pitcher is that it makes it easier for him to If the opposition starts clouting his fast ones he has something Aura Lee.

Miss Robinson, Canadian Girl. Breaks Two At Bing-

second faster than the previous world's record.

Arthur Staff of Chicago and Edmund Lamy of Saranac Lake, N. Y., skating a dead heat, broke the two-mile record of 5 minutes and 28 second by 3 full seconds.

Staff broke his own record for the 440-yard dash by 1-5 second, skating the quarter in 37 seconds flat.

Miss Robinson's feat of breaking two world's records is considered remarkable, in view of the fact that it makes the second time within a week that the Canadian skating wonder has established a new mark for the 220-yard dash. On Wednesday Miss Robinson broke the 220-yard record at Saranac Lake. At that time it was 22-5 seconds. She skated it in 231-5. Her remarkable work in skating the turn, the experts said, was responsible for her clipping a full second off the new record at yesterday's meet.

The victors were challenged to another game next Saturday afternoon at 30 clock at Dela School rink. The Gold Medalists accepted, and have consented on Sid Rankin as referee.

The Demons made the mistake of eating heavy lunches, while the Hobbs men stepped on the ice as lean as grey-hounds.

Blay played defence and goal both, and stopped an availanche of shots and players, and was the only one of the Demons approaching ordinary form.

For Hobbs Stuart, Carfrae and Gordon were the goal-getters. McLellan was the scorer for the Demons. With but a minute to go, he cut loose and went right through the Hobbs team. He maintains his rush was the most spectacular of the game.

In the early stages of the game Canadiens were outclassed and outplayed, the score being 4 to 1 at the conclusion of the second period for the St. Patricks. Returning to the ice. Canadiens started as a soundly-beaten team, but within a short time turned the apparent defeat into victory. Staggering under a handicap of three goals to be overcome within 20 minutes, Canadiens showed dogged determination, with the result that they soon played their opponents into submission, and came from behind to earn the decision. The play of the last 20 minutes was a marked reversal of form in the earlier stages, and brought about a nerve-wracking conclusion to a game that looked to have been tossed away.
