Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality.

And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions.

The process of milling **PURITY** flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. **PURITY** is an ALL HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves.

Use **PURITY FLOUR** for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from **PURITY** than when you've used an equal weight of weaker and cheaper flour.

PURITY FLOUR

"More bread and better bread"

IMAGINE, if you can, how much whiter, and more toothsome, and more nutritious, the bread made from such a HIGH-GRADE flour must be.

And can you imagine yourself enjoying the flaky pie-crust and the light, delicate cake?—your reward for using **PURITY** flour

When making pastry, please remember to add more shortening than required with ordinary flour—for on account of its extra strength, **PURITY FLOUR** requires more shortening for best pastry-results

Yes, **PURITY FLOUR** costs slightly more than ordinary flour. But use it once and you'll say it's worth more—much more—than the difference.

Add **PURITY FLOUR** to your grocery list right now.

FORECAST OF HOME RULE BILL

Ireland to Get Grant of \$10,000,000 Annually

London, Feb. 2.—The Daily Chronicle publishes a forecast of the home rule bill. This provides that the Irish parliament shall have full control of customs and excise, and provision will be made for the continuance of complete free trade between England and Ireland.

Ireland is to receive for fifteen years an annual imperial subsidy of \$10,000,000 after which she will make contributions to the imperial expenditures, based on a percentage of her revenues.

The trial parliament will consist of two houses, a legislative council of about fifty members, and legislative assembly of 108 members. The council will have a suspensory veto on legislation. In the event of a disagreement between the two houses after the second rejection of a bill by the council it will be submitted to the two houses deliberating and voting together, and adopted or rejected according to the decision of the majority.

Ireland will continue to be represented in the imperial parliament, but in greatly diminished numbers.

The Irish parliament shall have no control with respect to the navy, army or militia, foreign policy, coinage, military camps or coast lighting and will be forbidden to establish or endow any religion or deal with any religious matters.

According to the forecast it is understood that the Irish constabulary will be controlled by the imperial authorities for a period of twelve years.

DEATH OF DUKE OF FIFE

Assuan, Upper Egypt, January 30.—The Duke of Fife died here at 6 o'clock last night. The end, though not expected, came with startling suddenness, for the doctors attending His Royal Highness had not given up hope that the turn for the worse they noted at the end of last week would be arrested. The Duke's constitution, however, proved unequal to the strain of pneumonia and congestion of the lungs, following on the shock caused from exposure when the SS. Delhi was wrecked off the Coast of Morocco, and he passed peacefully away yesterday.

As the late William George Duff, first Duke of Fife, and sixth Earl of Fife, was born November 13, 1840, and succeeded his father in the earldom in 1870. He married in 1869 H. R. H. Princess Louise eldest daughter of the late King Edward and sister of King George, who was eighteen years his junior. The issue was two daughters, Princess Alexandra born 1861; and Princess Maud, born 1863. Upon his marriage to the Princess Royal he was created a duke.

WOMEN IN AUSTRIA

A strenuous suffrage campaign is being waged in Austria for the restoration of the former electoral rights of women, such as that for the Diet of Bohemia, held since 1861, but not extended to the National Parliament in Vienna when adult suffrage was granted in 1907. Czech women, supported strongly by the men, have also organized suffrage clubs all over Moravia, and are publishing an enterprising weekly paper called "Woman's Cause."

Here is a message of hope and cheer from Mrs. C. J. Martin, Boone Hill, Va., who is the mother of eighteen children.
