MEN DISCRIMINATED AGAINST.

In Some Cases it is Better to be a Barrel of Apples Than a Man.

Editor World: Will you, if possible, kindly tell me and plenty more of us why it is that our railway companies put such a stumbling block in the way of earning large profits, or at least of making a good income, as the imposition of the existing high prices of passages; when, at the same time, they are breaking their necks to work up a freight business? Do you think that the following picture is a portrait of the situation, viz.: If I Ing their acks to work up a feetight busting their acks to work up a feetight busting their acks to work up a feeting the state of the ture is a portrait of the situation, viz.: If I

NEGLECTED CHILDREN.

A Proposal to Organize Efforts in Behalf of These.

The Toronto Children's Aid Society, in order to convince the general public of the need of organized effort in behalf of neglected children, invited a number of citizens acquainted with this class of work to answer the question: "Why is the new society necessary?" Among those who replied strongly advocating the claims of the new organization were the following: W. H. Howen the Among those who replied strongly advocating the claims of the new organization were the following: W. H. Howen the Among those who replied strongly advocating the claims of the new organization were the following: W. H. Howen the Among the claims of the new organization were the following: W. H. Howen the Among the claims of the new organization were the following: W. H. Howen the Among the committee, providing for a 50 per cent. The argument was concluded by 'Aid. Hill moving that the former recommendation of monitoring the training that the represented that at present his firm was payred to the committee and by experience, to be an exorbitant price. Mr. Massey thought that the considerable by accordancy in the considerable by according to the considerable to reduce to 8. afterning that the several American cities supplied water to manufacturers at much less. In this consumers to the former recommendation of the argument of the representation of the manufacturing at much claim of the manufacturing conducts at much less. In this corn in the water rates to continct providing for a 50 per cent. The argument was acquainty to the present the great the former recommendation of the argument that the rate of 25c for hoists, elsevators, argument of the Prison Reform Commission, John Green, governor of jail; James Massie, warden Central Prison; Robert Hall, city missionary; D. M. Rees, commissioner of Salvation Army for Canada; Rev. H. M. Paramos, Mirs. J. L. Harvie, George E. Sears, etc. It is hoped that the appeal of the society for funds will not be made in vain. In addition to carrying on the

Jones, 18 Toronto Stroet; agent and secretary, a lone on the company.

An order from the Toronto Rubber Company, and work Harry was equal to his product the Birmingham Iron Foundry. The company mentioned have been enlarging and improving their factories at Port Dahousie, and in addition to their other lines have commenced operations on this season's output of rubber boots and shoes (the capacity amounting to about 4000 pairs per day), of which a complete line is being manufactured. A splendid new catalog devoted to this specialty and profusely illustrated is just being issued.

The factories are admirably equipped, nexpense having been spared to render the facilities as complete as possible, and the company have the advantage of a very extensive water-power in connection with the Welland Canal being situated at the juncture of this with Lake Ontario.

The company, incorporated under the Dominion Government, announce the following directorate: SPI vester Neelon, president; J. H. Taylor, tressurer; M. Macpherson, seoretary, some process of the composed of live, pushing men of large is composed of live, pushing and the operations of the concern, which have hereofore the factories are such as a consensus of the concern, which have hereofore the company incorporated under the Dominion, and the operations of the concern, which have hereofore the company incorporated under the Dominion of this company incorporated under the Dominion of the concern, which have hereofore the large that the such a distribution were pleased and infect and the public that the public

Welland Canal, being situated at the juncture of this with Lake Ontario.

The company, incorporated under the Dominion Government, announce the following directorate: Syl vester Neelon, president; T. Mclirov, jun., vice-president; J. H. Taylor, treasurer; M. Macpherson, secretary; James Pearson, solicitor. The organization is composed of live, pushing men of large experience, all of whom are well-known throughout the Dominion, and the operations of the concern, which have heretofore been very extensive, reaching from the Atlantic to the Pacific, will be considerably enlarged and improved under these new auspices.

"Noble Work."

It is always good evidence of a frank and sincere nature to overcome prejudice so as to teil the truth, and, when the truth is told, there is but one opinion, like the following: "Kansas, City, Mo., U.S.A., Nov. 15, 1889. Gentlemen,—I am proud to say that your weederful remarks of the strength was gradually returning. It is always good evidence of the same truth of the truth is told, there is but one opinion, like the following: "Kansas, City, Mo., U.S.A., Nov. 15, 1889. Gentlemen,—I am proud to say that your weederful remarks, St. Jacobs Oil has done."

He was Full, The ween, had accomplished its ly designs.

His wife's brother, however, seeing the monitor, the monitor of things, came at once to the condition of things, came at once the condition of things, came at once to the condition of things, came at once the condition of things, came at once the condition of things, came at once the condition of t

The only item of business was the considera-tion of the proposed transfer of lot 25, Island Park, from the possession of Mr. Stewart to that of John Hanlan. After considerable discussion it was decided to recommend the transfer, subject to the consideration of the

Our People Are Too Indifferent !

We believe we may safely assert without ear of contradiction that never before in the history of our fair city have our thinking people been so thoroughly aroused and stirred up. It is indeed only what commonseirred up. It is indeed only what common-sense mortals should expect after the con-tinued thunderings of the daily press. Thousands of our citizens are just commenc-ing to realize the fact that they have been living in a hot-bed of disease and that the agents of destruction and death are in their streets—ven at their very doors. RESCUED FROM DEATH!

A Well-Known Toronto Young Man Was in Great Peril!—His Brother-in-Law Comes in With the Great Health Restorer!

"Poor fellow!" "It is too bad!" "He is in consumption!" Such expressions were frequently made by those who knew (we will call him) Harry Benton.

Harry was employed in the office of one of the largest public institutions in Toronto and for years was a faithful servant and diligent worker. Special times made it necessary to employ extra help in the various departments, but as far as Harry's department was not necessary, as he felt sure of being able to keep pace with all increased work.

Design the six or seven weeks of extra

health is impaired, and who have imbied the seeds of disease from these pestilential pools of death. Thousands of our men, women and children are now suffering from exposure to sewer gases, decayed matter and impure air and water. Unless immediate aid is obtained, thousands of others who are predisposed to disease will soon swell the ranks, and the harvest of mortality will be frightful

most wonderful curic an office where his manager able clerk to and fellow clerks gladly welcomed him.

They often speak there of Paine's Celery Compound, and have been restored. The asked what in the valuable and reclous remedy hundreds have obtained relief and cure through the object the page able to snatch them from sickness and the grave. They have wisely ald hold of nature's great remedy, Paine's all doll of nature's great remedy, Paine's all doll of nature's great remedy. Paine's all doll of nature's great remedy and here are not been asset what in the word brought me round and the harvest of mortality will be fright and fellow clerk gladly weloomed him.

They often speak there of Paine's Celery Compound, and have been restored. This valuable and recious remedy has truly been afod-send of late to our aling citizens. They have in Paine's Celery Compound

rooted.

The interests of our city demand a prompt action in this matter if we are to be a healthy and progressive city. The syes of all are on us; therefore do not delay doing what is a duty. In this way, and in this way only, will our people become an honor to a city whose record is high in the list of America's largest and most populous centres.

SMALL profit to the SELLERS, No one need fear choiers or any summer complaint, if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

The Light Shone on the Face of a Corpse. PHILLIPSVILLE, Ont., Oct. 22.—Chester
Haskins noticed that his wife was breathing heavily. He arose and procured a light, only to find on his return to the bedside that Mrs. Haskins was dead.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood and bounding health restored by the out and keep them out by using Burdock Blood Bitters, the natural fee to disease, which invitorates, tones and strengthens the entire system to disease, which invitorates, tones and strengthens the entire system blood.

The trade outlook.
