the warning which my own sad experience could give. "I do not regret any needed correction that I may have given my child, because the truest love desires the truest good for its object; and no life can reach its highest possibilities of truth and sweetness and purity without loving correction and careful training."

"Our Father has a need for that in us, but the impatient words—the wounding of old words, through which they must struggle, inflicted not enough of wounds and cruel words; oh poor lambkins, truly they are pitiable as a case of Hawker's nerve and stomach tonic, assisted by Hawker's liver pills. It is essential in the Spring to take some cleansing medicine and nothing else will do the work so thoroughly and well as Hawker's liver pills. They regulate the action of the liver, stomach and bowels, and cleanse the blood of all impurities. Rev. Henry Hawker Resigns his Parish. The Rev. Henry Hawker, of the past five years pastor of St. Mary's Church in the parish of Richmond, tendered his resignation at the annual Easter meeting and will in future take up his residence on the property lately purchased from Gen. Litch, Esq., at Bellisle. That the Rev. gentleman was held in the highest esteem by his parishioners in his late field of labor, will be seen by the following resolution which was unanimously passed and presented to him on March 29th.

However, in her small mind crying was generally associated with disobedience and punishment, so when at the supper-table, my husband looked at my swollen eyes with great surprise, and with masculine directness asked: "What's the matter, little girl? What have you been crying over?" Stella felt his questioning to be in some way a sort of accusation, and constituted herself my little saint at once by holding up one tiny brown hair that had fallen from the baby's head, and said: "That's what I'm crying about, the fact that you've taken away my hair, and I'm so sad about it."

A SPRING MEDICINE. Did you ever try Hawker's Nerve and Stomach Tonic?

SUPPOSE YOU PROFIT BY A FRIENDLY HINT AND RESTORE YOUR LOST ENERGY.

Most people come through the winter feeling dull and out of sorts; many in fact are depressed and unfit for work. They complain of loss of appetite, spells of weakness, languid feelings, perhaps distress in the stomach, nervousness, dependent periods, sleeplessness, or even dyspepsia.

What they want is something that will aid digestion, and restore the appetite, stimulate the nerve, give new vitality to the blood and lead to a complete restoration of health, hope and happiness. There is nothing will bring about this much needed result so effectively as a course of Hawker's nerve and stomach tonic, assisted by Hawker's liver pills. It is essential in the Spring to take some cleansing medicine and nothing else will do the work so thoroughly and well as Hawker's liver pills. They regulate the action of the liver, stomach and bowels, and cleanse the blood of all impurities.
