To Increase Tea Drinking in the United States.

An association has just been organized in the United States which will be called the National Tea Association, its object being to develop tea consumption, which is now quite small as compared with that of coffee. Various methods will be adopted to simpress upon consumers the advantage of drinking tea in preference to coffee, and the result of this educational campaign will be watched by Canadians with some degree of interest. In this province we are large consumers this province we are large consumers of tea, and the brand most in use is Morse's, which is sold in five different grades, at 25c., 30c., 35c., 40c., and
