### STORMY WEATHER HARD ON BABY

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### DIDN'T LEAK OUT

It isn't easy living up to the reputation of being a wit, but Jimkins did his best.

Meeting a friend one morning, he said suddenly: "I say, old fellow, have you heard about that girl who poured a jug of water into her fiancé's hat?"

"No," replied his friend, getting ready to hear an excellent little anecdote.

"Neither have I," answered Jimkins, as he began to walk away quietly. "It hasn't leaked out yet."

### A WOMAN'S RIGHT TO GOOD HEALTH

Most Troubles Afflicting Women Are Due to Poor Blood.

To every woman belongs the right to enjoy a healthy, active life; yet nine out of ten suffer from some form of bloodlessness. That is why one sees on every side pale, thin cheeks, dull eyes and drooping figures—sure signs of headaches, weak backs, aching limbs and uncertain health. All weak women should win the right to be well by refreshing their weary bodies with the new, rich, red blood that promptly transforms them into healthy attractive women. This new, red blood is supplied by Dr. Williams' Pink Pills, which reaches every organ and every nerve in the body. Through the use of these pills thousands of women have found benefit when suffering from anaemia, indigestion, general weakness and those ailments from which women alone suffer. Among the many women who tell of the good Dr. Williams' Pink Pills have done them is Mrs. L. Hicks, Round Hill, N. S., who says: "I became very much run down in health; my blood seemed weak and watery, my strength failed, and I was so easily tired that my work was a burden. I had often read about Dr. Williams' Pink Pills and decided to try them, and I can truly say that after using three boxes I found myself gaining, and under a further use of the pills all my old-time energy and vitality was restored. Out of my own experience I can strongly recommend this medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### WORLD SHORTAGE OF MEATS

It is estimated that the world requires fifty billion pounds of meat annually and that while the population increased by 85,000,000 that is from 510,000,000 to 595,000,000 between the years 1901 to 1914, cattle, sheep and hogs combined only increased 40,000,000 (that is from 1,065,000,000 to 1,105,000,000). This of course indicates that there is not only a shortage of meats in the world now, but that as the years go by it must become greater and greater. Dealing with this subject in an illuminative article in the December number of The Agricultural Gazette of Canada, Mr. P. E. Light, Chief of the Markets Intelligence Division, Ottawa, points out that general economic progress as well as the increase of human population and the status of living in the consuming world, makes fresh demands upon available lands and tends to bring about a relative decline in the output of animal produce. This decline must be offset by an extension in life stock production sufficient to meet increased consumptive demand. Any great augmentation of population in Canada at the present time would find us in a situation where we would either be severely taxed to provide for the total domestic demand, or else compelled to curtail our export trade.

### OUR COUNTY HOME

(Windsor Tribune)

Thursday Chief McDonald accompanied Wm. Allen to the Bridgetown County Home. Mr. McDonald speaks in highest terms of the Home and the condition in which it is kept. We cannot think that William will ever want to leave such a comfortable home where he will receive the best of care. Before sending the man there the civic authorities clothed him in new and suitable garments, and he went away quite satisfied with the prospect. At the same time it would not be a surprise to see him appear again in Windsor with the flowers that bloom in the spring.

Commander and Mrs. R. L. Forter, of Annapolis Royal were in Halifax last week.

### TESTED IN ENGLISH

"There isn't much I don't know about the English language," boasted the longhaired man in the club.

"I'll test you," replied a friend, "I'll dictate a paragraph to you."

With an assured air, the boaster seized his pencil, but his jaw dropped as he heard the following:

"As Hugh Hughes was hewing a yule log from a yew tree, a man dressed in clothes of a dark hue came up to Hugh and said, 'Have you seen my ewes?' 'If you will wait until I hew this yew tree, I will go with you anywhere in Europe to look for your ewes,' said Hughes."

### CANON ON WORLD'S END

In a sermon on "Christian Doctrines in the Light of Evolution" at Westminster Abbey, Canon Barnes said it was certain that, just as life began on this earth, so it would at some time cease to exist.

"The whole solar system is cooling, and like a gigantic top is gradually slowing down," he said. "The heat of the sun and of the earth is slowly growing less. Water on the top of the earth will be absorbed by rocks; the atmosphere, if we can judge by the moon will vanish, and the whole process of the biological evolution of the earth will become extinct."

## CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for babies. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
