ABERDEEN-ANGUS PREMIUMS.

The American Aberdeen-Angus Breeders' Association desires to apply \$100 as special prizes at some Canadian show during 1899 as grand sweepstakes award either upon breeding or fat cattle, and is seeking information as to the best show to patronize. There are several shows in Canada that could fill the bill, and there should be no difficulty about the place. These special premiums are applicable only when Aberdeen-Angus cattle win the awards. Thomas McFarlane, Harvey, Ill., is the secretary of the association.

Danish Island Oats.—Mr. John Kenward, a prominent farmer of Oxford county, Ont., says: "I sowed 20 bushels Danish Island oats by weight on 12 acres on April 20th, 1898, and cut them July 25th and 26th, and threshed 400 bushels, or 75 bushels per acre, or 75 bushels for every 56½ lbs. of seed. The land was not very rich, as it had been cropped for over fifty years, and there was no fertilizer of any kind used on the land." There is no grain that will show better results and give more satisfactory returns than a change and new varieties of seed oats. We are offering the Danish oats as premiums for new subscribers, and our friends, therefore, have an excellent opportunity of testing its merits. See our premium list.

The Des Moines Incubator.—Attention is called to the "Rocroy Farm" advertisement on the last page of cover. The incubator offered is cheap and is said to be effective. The Des Moines Incubator Co. claim to operate the largest incubator in the world, and they make machines suitable for all classes of buyers from the cheapest to the most expensive. Send 3-cent stamp for a handsome illustrated catalogue of different varieties of poultry and incubators to "Rocroy Farm," 24 St. Sulpice street, Montreal, Que.

The Results were Extraordinary.—Wapella, N.W.T., Feb. 13th, 1897. The Lawrence-Williams Co., Cleveland O.—I keep your "Gombault's Caustic Balsam" in stock. I have sold it for the last three years. I have been in the drug business in Ontario and this country, but it is not known to the majority. I sold a bottle which I saw used under my own supervision, which gave most universal satisfaction. The results were extraordinary. I sell it here at \$1.50 per bottle. I am quite a horseman, and would be pleased to use any pictures of the noted racers of the day, to our mutual benefit. J. A.
