## Alberts' Thomas-Phosphate Powder

THE BEST TOP-DRESS FOR GRASS LANDS  
AND NEW CLOVER MEADOWS.

W. H. BAXTER, Norton Centre, N.B., Canada, writes: "I have used  
Thomas-Phosphate Powder on different crops, and against other fertilizers,  
costing more money, with the result that your phosphate has always come out  
ahead. I was tempted to cancel my first order, as an agent of another company  
told me it was small in bulk and no good, but I used 100 lbs. on three acres of buck-  
wheat and had the finest buckwheat in this section. I also used it on turnips and  
other crops with good results. Some of my neighbors who have used it on grass  
lands speak of its results as marvellous. I consider it by far the cheapest and best  
phosphate on the market to-day. It is hard to sell any other phosphate here now."  
June 13th, 1898.

GUARANTEED FREE  
FROM SULPHURIC ACID.

Gives more lasting results, is cheaper and more reliable than any phosphate yet  
known to commerce and science. For Fall Wheat apply before sowing the  
seed, or drill it in with the seed.
