I MAKE A SPECIALTY OF  
**SENDING PLANTS BY MAIL,**  
 and guarantee them to arrive in good condition.

The following testimonial from Wm. Saunders, President of the F. G. A. of Ontario, will show that my way of packing is very successful.

LONDON, Jan. 8th, 1885.

Dear Mr. Hilborn:—

The plants which you put up for me on the 21st of October last, consisting of Strawberries, Raspberries, Currants and Gooseberries, to be sent to the Government Experimental Gardens in Tokio, Japan, have reached their destination in good order. In a letter received to-day from Sen. Tada, the Superintendent of this Department, he says under date of Dec. 3rd, 1884:—"The plants you sent me reached me by last mail. They arrived in excellent condition, the young shoots just ready to come up. I have planted them in the ground, and shall expect in due time good results."

This speaks well for your good and careful packing, that all the packages should reach their destination in such good order, after an exposure to the vicissitudes attending a journey of more than ten thousand miles, including a railway ride across the continent and a subsequent sea voyage of three weeks, part of the time through a tropical climate.

Yours very truly,

WM. SAUNDERS.

## MARCH BLIZZARD

The United States Government Census Volume, just published, speaks of the "**REMARKABLE SUCCESS**" attending our "**UNIQUE AND UNFETTERING EFFORTS**" in pushing the *American Agriculturist*. It began the current year with a larger subscription list than at any corresponding period in twelve years. The able corps of Editors, who have made the *American Agriculturist* a welcome visitor to hundreds of thousands of readers for a quarter of a century, are still bending all their energies to make the Journal, if possible, more interesting and valuable than ever. And you may rightly conclude that it
