

"SPECIAL" TELESCOPIC SAFETY.

Wheels before buying
CUSHIONED and
PNEUMATIC Tires.
The Workmanship is
first-class throughout,
and though light and
natty, are the strongest
in the market.

"SPECIAL" IVEL NECK SAFETY.

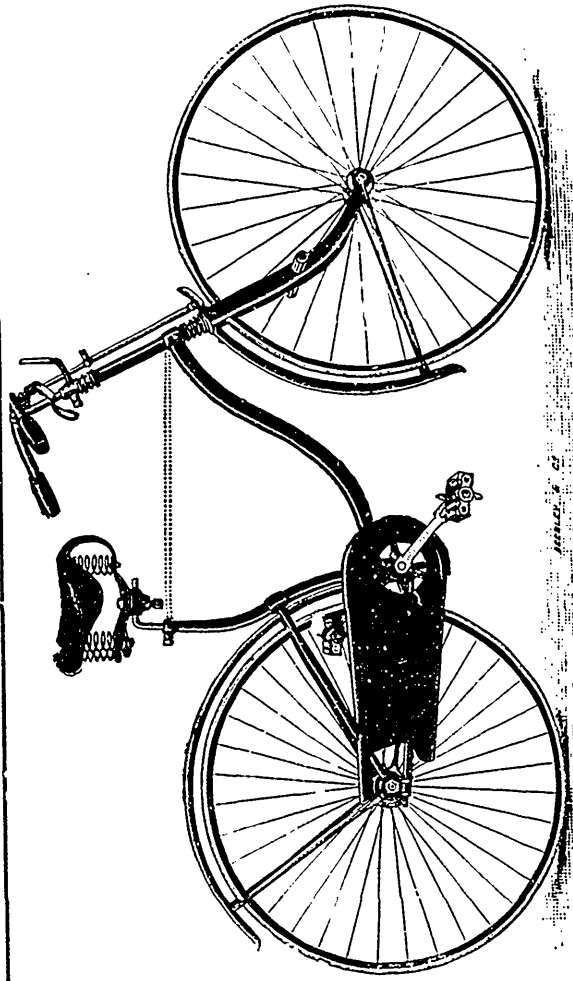

THE GEORGE TOWNSEND

"ECOSSAIS" CYCLES

We believe these Machines—
if not superior—to be SECOND
TO NONE and ahead of most
of the imported English machines,
which are undoubtedly the best
machines in the world, and not-
withstanding the fact that the
TOWNSEND MANUFACTORY
is the largest, best appointed in
Great Britain, and has been work-
ed to the utmost capacity to sup-
ply the demand.

We will sell these machines
wholesale only to first-class retail
MEN'S FURNISHERS AND
GENERAL STOREKEEPERS
throughout the country, who will
have our illustrated Catalogue,
which can be procured by writ-
ing us.

REMEMBER THIS FACT

That these machines can be
retailed at from 20 to 25 per
cent. cheaper than most first-
class machines are sold at in
Canada to-day, still leaving a
respectable living profit for the
retailer. This is a safe side
line and is worthy of serious
consideration by the trade
generally.

HYSLOP, CAULFEILD & CO., - 17 FRONT STREET W., TORONTO.
