

... GLOBULES ...

Saw Palmetto and Santal Oils

Each globule contains all the active oils from 1 drachm ripe Saw Palmetto Berries, combined with 3 minims strictly pure Santal Oil, distilled in our own laboratory. * * * * *

A Genito-Urinary Tonic and Nutrient.

Wide is the field of usefulness for a preparation adapted, as is this combination, to the relief of congested and irritable conditions of the genito-urinary tract, and pre senility of the sexual organs. Our Globules will be found convenient and pleasant; they cover the disagreeable odor and taste of the Saw Palmetto and Santal, and can be easily swallowed.
