

session, on each branch (excepting Forensic Medicine, Clinical Medicine, Clinical Surgery, Ophthalmic and Aural Surgery, Botany and Comparative Anatomy and Zoology, each of which will be a three months Course) from 1st November to end of April, in conformity with the rules of the College of Physicians and Surgeons of Lower Canada. They will be illustrated by numerous preparations, a large collection of plates, drawings, models and casts; and the recent discoveries in Physiology and Pathology will be practically taught by means of Achromatic Microscopes by the Lecturers on these branches.

Ample opportunities for Midwifery practice will be afforded to the Senior students in that branch, under the immediate superintendence of the Lecturer.

Students attending the lectures on Ophthalmic and Aural Surgery will have the privilege of witnessing the practice at the Montreal Eye and Ear Institution, during the session.

Board and lodging can be obtained at moderate rates in the vicinity of the School.

The fees for the lectures will be the same as at the University of McGill College.

— For further particulars apply to

A. H. DAVID, M.D.

Secretary.

N. B.—The certificates of this School being recognized by all the principal Colleges in Great Britain and the United States, it will be to the advantage of students intending to complete their professional education in either of these countries, to attend the courses of lectures of this school.

The St. Lawrence School of Medicine only existed for one session. The cause which, it is said, terminated its existence should have prevented its birth. This was the fact that it could not compete on equal terms with McGill University. —The graduates from McGill received their license from the College of Physicians and Surgeons of Lower Canada, without further examination as to their knowledge and skill.
