

"Stainless Iodine Ointment"

The Up-to-Date IODINE Preparation

Physicians will prescribe and use it in place of all others. It is better and stronger than the B. P. Formula, and does not discolor nor crack the skin. By permission we are allowed to refer to the following prominent physicians in Toronto who are using and prescribing it:

*Arthur Jukes Johnson, M.B., M.R.C.S., Eng., Coroner. A. H. Garratt, M.D., C.M.
J. S. Hart, M.D., M.B., R. B. Orr, L.S.A., Lon. Adam Lynd, M.B. And others.*

It is also being used in the **TORONTO GENERAL HOSPITAL.**

Physicians (only) who do their own dispensing can procure it direct in ½-lb. and 1-lb. jars at a cost of \$1.00 and \$1.50 respectively (money to accompany order), express charges prepaid; or from wholesale druggists in 1-oz. bottles at \$1.80 per dozen. For 12 cents we will be pleased to mail any physician a sample bottle.
