on these and all kindred subjects. Any illus-
trations accompanying such papers as may be
inserted will be reproduced with the utmost

Reviews of New Books, and Resumes will be
given of the Transactions of various Engineer-
ing and Scientific Societies.

The PATENT OFFICE RECORD will continue to
be a special feature of the Magazine; and will
be published as an Appendix to each number.
The Illustrations, however, will be considerably
enlarged, so that each invention being more
easy to examine will be made clearer and more
intelligible to the general reader. This RECORD
gives information of the greatest value to en-
gineers, manufacturers, and to all persons in-
terested in the different trades.

In view of these great improvements the sub-
scription price will be \$2.50 payable in
advance, and it is confidently anticipated that
a large increase will be made in the number of
subscribers.

The efficiency and success of the Magazine,
the only one of the kind in Canada, must in a
great measure, depend upon the hearty co-

JOHNSTON'S
FLUID BEEF

has been pro-
nounced by lead-
ing scientists
and physicians
everywhere to
be the most per-
fect form of con-
centrating nour-
ishment at pres-
ent known.

It is rapidly
superseding Tea and Coffee in the colder European
countries, and is served hot on draught in the fash-
ionable Saloons and Restaurants.

As a Winter Beverage it is simply perfection, sup-
plying heat in its natural state; stimulant in a
thoroughly innocuous form; concentrated nourish-
ment, rendering languid reaction impossible; and,
above all, furnishing tone to the nerves, and sub-
stantial food for brain, bone and muscle.
