

What's Correct For Outdoor Sports

The "plates" show perhaps the most artistic and attractive styles ever shown in costumes for both men and women, specially designed for golfing and cycling. Henry A. Taylor, Draper, the Rossin Block, speaks here particularly to men. He is showing some decided novelties, some things so far different from the ordinary run of styles that one will be spared the monotony of them and will yet be distinctly in correct style. While the designs in styles are too varied to enumerate here, you can always be sure that Mr. T. can show you something extra fine in quality, ultra-stylish and perhaps bordering on the unique. You had better call and consult him on sporting garments generally.

"To Save Time is to Lengthen Life."

THE UNDERWOOD TYPEWRITER

will do your work in half the time you would take to do it on the old style blind machines. **Accuracy—Durability—Easy Touch—Light Action—Quick Response—Visible Writing.** Catalogue mailed free.

THIS JOURNAL

reaches more business men in more places throughout Canada than any other trade publication. It has been found trustworthy for over thirty years and that is a reason for its popularity.

Mercantile Summary.

A QUEBEC retail grocer, named C. A. Drolet, has assigned to the Court, after several suits had been entered against him.

THE Clyde shipbuilding returns for the half year just ending beat all previous records. They show that 125 vessels were launched, representing an aggregate tonnage of 234,877. No fresh orders were placed this month, but there is six months' work at full time on hand.

THE workmen in five of the Hamilton brickyards are out on strike for an advance of 3 cents per 1,000 bricks in their wages. They say that the bosses promised two years ago to raise wages when brick prices advanced. Now brick has advanced \$1.50 per 1,000, but no raise in wages has come.

THE builders of Winnipeg have organized themselves into an association, with William Brydon as president; John Girvin, first vice-president; S. B. Ritchie, second vice-president; J. G. Latimer, treasurer; G. A. Mitchell, secretary; J. MacDermott, J. Arbuthnot, J. Cadham, D. Bruce, D. M. Chisholm, A. McDonald and C. Coran as Executive Committee.

THERE has been a rich strike of gold at Harrigan's Cove, which promises to be one of the best mines in the provinces. The Recorder understands that some experts are inspecting the place. The Halifax Chronicle adds that the test quartz, from the recent find of Messrs. Negus and Wisdom, at Cow Bay, when put through the crusher showed good results, two tons yielding three and a half ounces of gold.

EVERYWHERE throughout Nova Scotia the traveller hears of The Plant Line. This is an enterprise which controls some 5,000 miles of railroad and several winter hotels in Florida. The Plant line steamers run from Tampa to Havana, and during the winter to Jamaica and Porto Rico. About eight years ago Mr. Plant's enterprises absorbed the line of boats running between Boston and Halifax, Hawkesbury and elsewhere in Cape Breton. Last week the founder of the business, Hon. H. B. Plant, died in the United States at the age of 80.

At Calumet, on the Ottawa river, about fifty miles above the capital of the Dominion, says the Montreal Star, there is situated probably the most unique institution in connection with the lumber industry of Canada. It is nothing less than a large-sized floating saw-mill for the manufacture of lumber. Operated by steam and equipped with the most improved machinery, it can be floated anywhere there is a sufficient depth of water. This strange mill is owned by a French-Canadian, Mr. Dansereau, of Vercheres. His object in constructing the mill was to do away with the cost of towing logs from the mouths of the different tributaries of the Ottawa, between Ottawa and Grenville. The mill has a capacity of from one to two thousand logs daily, and can be operated while being towed from place to place. The motive power is steam.

TO THE TRADE

Galvanizing

of all descriptions done in addition to our extensive Windmill, Pump & Water Material lines. Satisfaction guaranteed.

ONTARIO WIND ENGINE & PUMP CO., Limited
Atlantic Ave., TORONTO, ONT.

Office Stationery
