

Pat LaCroix Photography Limited

25 Brant Street
 Toronto, Ontario
 Canada M5V 2L9
 (416) 864-1858

**Contact: Patti LaCroix,
 Business Manager**

Pat LaCroix has been creating outstanding advertising photographs in Canada since 1968. Incorporating his company in 1972, he has been a leader in the advertising field during the past decade.

Mr. LaCroix' work reflects his love of graphic design which is simple yet strong. The posters he has created over the past several years are strongly representative of this distinctive style. They have been recognized throughout North America and Europe for their quality and their sophisticated decorative appeal, in terms of both their reproduction and paper stock.

Pat LaCroix is a world class photographer with a small, but highly desirable line of affordable art prized by leading giftware retailers and their discerning customers.

Superior photographic and graphic design skills result in artistic posters guaranteed to grace any decor.

Patrick Plastics Inc.

2424 Finch Avenue W., Unit #6
 Toronto, Ontario
 Canada M9M 2E3
 (416) 745-9100
 Fax: 293-9333

**Contact: Patrick Hung,
 President**

Patrick Plastics specializes in top quality custom tooling and contract moulding of a wide range of superior products.

We manufacture highly sophisticated computer components. That same state-of-the-art technology is applied equally to our exciting giftwares line comprised of pencil holders, and revolutionary new chopsticks.

These easy-to-use chopsticks are connected at the perfect leverage point to ensure smooth and sure food pick-up. They simulate how chopsticks should be used and teach the proper grip and motion. Available in both fish and happiness characters, they are welcomed by gift store merchandisers as fast-selling specialties.

Our in-house tooling capability and technologically advanced injection moulding facility, together with our expert staff and international trading connections provide customers with clear marketing advantages. Competitive prices, stringent quality control and timely delivery are all ensured. We take great pride in our work, from original concepts to finished products.

Fail-safe chopsticks are the flagship in a line of innovative new plastic gifts.

Payne Manufacturing Co. Ltd.

1880 Kipling Avenue
 Toronto, Ontario

 International Business
 Development**

Payne Metal Enterprises is a 40,000 square foot manufacturing firm housing a full compliment of production machinery. We are completely diversified and have illustrated total capacity since 1945.

Our expertise lies in the areas of estimating, engineering, quality assurance, statistical process control, and manufacturing to strict "Just-in-Time" schedules.

This level of professionalism translates itself readily into customer satisfaction with our range of aluminum and solid copper giftwares products. Included in our line are attractive trays, tumblers, ash trays, kiddush sets and tankards. Designed for home use, as well as business gifts, these products can all be personalized and customized with any logo.

Ideal home and business gifts are included in a broad range of fine aluminum and solid copper products.
