Mr. Asselin (Notre Dame de Grace): Mr. Speaker, I was paired. Had I voted I would have voted to sustain Your Honour's ruling.

Mr. Cashin: Mr. Speaker, I was paired. Had I voted I would have voted to sustain Your Honour's ruling.

Mr. Cardiff: Mr. Speaker, I was paired. Had I voted I would have voted against your ruling.

And the house having resumed in committee:

The Chairman: Order. House again in committee of the whole on a certain proposed resolution to amend the Old Age Security Act.

Mr. Thompson: Mr. Chairman, it was not my intention to speak on the resolution as there will be another opportunity to discuss the subject matter when the bill is brought before the house. However, I think it is necessary to make a few comments at this time because it seems to be the order of the day in this house to try to confuse the issue before us by covering it over with something else. The matter we have just voted on concerned an amendment which was moved by the leader of the Conservative party to the effect that consideration should be given to making the payment of \$10 to our pensioners and senior citizens retroactive to the day the government took office. We sustained your ruling, Mr. Chairman, that this was out of order, as this was the basis of the vote we have just taken.
