I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, railing memory, and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own home—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surestacting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man anywhere, who is weak and lists for the stock of the Porcupine Crown Mines, Ltd., offered to Crown Reserve shareholders, closed Tuesday, and while complete returns are not yet

Finacial commentators say that the borrowing on such onerous terms tends to depreciate the value of debenture stocks. It is not so long since the G. T. R. could issue 4 per cents. at about par. The temporary financial difficulties came as a surprise here.

SUMMER DULLNESS

We again wish to draw the attention of our clients and others to the low prices now ruling for many good mining stocks. The low prices are due to inactivity in the market and general money tightness. Both of these will have passed in a short time and the market will make a normal recovery. This therefore is the time to buy, and we cannot too strongly urge this on those who would make a nice profit. PETERSON LAKE, TIMISKAMING and PEARL LAKE are sure money makers, and GOULD has possibilities. Let us have your orders for these or orders of your own choice.
