MARKET HAS IMPROVED

Great Britain's Assumption of War Risks Has Steadying Effect.

special to The Toronto World
CORNWALL, Aug. 14.—On Cornwall
cheese board today the offerings for two
weeks totaled 3461 boxes, 1756 of last
week and 1705 of this week. The price
paid was 12%c with one lot of cool cured
selling at 12 15-16c. Of the 29 factories
boarding all sold the make of two weeks
with the exception of two factories,
which held both lots, and four held the
make of this week. A year ago the
prices paid were 12½c and 12 13-16c. It
was decided to meet at 1.30 p.m. for the
rest of the season.

The European war conditions were
again under discussion, and while the
sellers seemed desirous of securing 13c
or better, President Denny advised them
not to hold their cheese. The war was
not likely to increase the consumption of
cheese, as the rations to soldlers only
called for two ounces of that commodity
as compared with a pound of potatoes,
meat or bread. The financial market
was in a depressed condition last week,
and this was responsible for the wholeselers not buying then.

Matters had improved in the money
market, the war risks had been assumed
by Great Britain and cheese ships had
all cleared the Canadian ports. Everything pointed to a resumption of former
conditions in trade. These facts seemed

all cleared the Canadian pols. Dely-thing pointed to a resumption of former conditions in trade. These facts seemed to assure the sellers that exorbitant prices would not prevail, and the board was cleared of all but 440 boxes.

### SHIPPING REPORT IS BEFORE SENATE

Senator O'Gorman's Proposed Measure Will Be Dealt · With Today.

Special to The Toronto World.
WASHINGTON, D. C., Aug. 13.—
Senator O'Gorman of New York this evening laid before the senate the con-ference report on the shipping bill de-signed to meet the present emergency in transportation, due to the European war. He gave notice that he will call up the report for consideration tomorrow. The bill throws open the coastwise trade to foreign built ships admitted to American registry under the proposed law. It is expected that a determined fight will be made against the report by some of the senatirs.

The senate today adopted the conference report on the so-called "Futures bill," designed to regulate deal-ing in cotton for future delivery. The report had already been adopted.
