Character Types in "Paid in Full" the Offering at the Grand Next Week.

"Paid in Full," Eugene Walter's powerful play of contemporary American life, "Paid in Full" is to be seen for the first time at less than dollar-fifty prices, at the Grand next week, and Waggoners and Kemper Company, who will make the production, promise one of the strongest and most notable acting companies ever gathered in one organization, and the production itself will be complete in the minutest detail. The play is in four acts, and the theme is taken from some incidents in real life. The handling of the story thread is done in a most forceful style, the characters breathe real life, and their actions are not the studied movements of the ordinary play. They are human, and for this very radical departure from conventional lines and themes, it would seem that Mr. Walter merits the thanks of the theatregoing public. "Paid in Full" ran nearly two years in New York, and the play has to its credit a run of five months in Chicago. There has been a big demand for seats here, and the indications are that a packed house will greet Waggoners and Kemper's long-looked-for offering.

The Russian Dancers, who will appear at Massey Hall this afternoon and evening, will arrive by special train this morning from Rochester. The doors will be open for the afternoon performance at 1.15, and for the evening at 7.15. The curtain will be rung up one hour later. Their excellencies, the governor-general and Lady Grey and party, and his honor the lieutenant-governor and Mrs. Gibson and party will attend the evening performance. Of this remarkable performance given in the New York Metropolitan opera house on Saturday last, The Times said: "It might almost be said that history was made on this occasion. It is doubtful if such dancing has ever been seen on the Metropolitan stage, save when these two Russians were

Dry Your Clothes on a Wet Washday

With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a

PERFECTION

SMOKELESS OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, built for service and yet light and ornamental. It has a cool handle and a damper top.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

The Queen City Oil Company, Limited.

NO ACTION TO BE TAKEN ON BOUNTIES ON STEEL

Government Had Been Urged to Substitute Duties on Expiration of Bounties.

OTTAWA, Oct. 19.—(Special.)—The government, it is learned, will take no action regarding the question of bounties or duties on iron and steel.

Iron and steel bounties, that is the bounties that are paid on pig iron, puddled bars and steel ingots, will expire on the 31st of December next. The bounty paid on the manufacture of steel rods, however, will not cease until July 1, next. Payment may be made after the 30th of June on rods actually made and sold prior to that date.

The legislation regarding steel rods was passed last session at the instance of Hon. W. S. Fielding. During the discussion in committee on the bill, the question was asked of the minister of finance whether a duty would be imposed to take the place of the bounties. Mr. Fielding replied: "We certainly have no such intention at present; what may come in the future I cannot say."

The government has now decided to take no action.

SUED BROKER FOR SLANDER

But Justice Mulock's Address is Severe on Plaintiff.

Numerous statements defamatory to D. H. Hill, dealer in coal and timber lands, are alleged to have been made by W. Murray Alexander, mining and stock broker, and Hill had action before Chief Justice Mulock yesterday in the jury assizes for slander damages on the part of the defendant.

Defendant, Alexander, is alleged to have said that "Hill's conduct was most dishonorable, and that he had 'done up' every person he could in Toronto," that "Hill had swindled me (defendant), and had also swindled Mr. Warren," that "Hill is a scoundrel, a crook and a swindler, and he has received \$5,000 on an option on a Kentucky company's property, and has not accounted for a dollar of it." In consequence of which, Alexander was injured "in his business, credit and standing, and in his good name, in the community, and in his social circle, and was shunned and avoided by diverse persons."

The statements are said to have been made to C. D. Warren, F. A. Broughall, A. J. Glazebrook, K. K. Brodie, H. T. Kelly and others.

The defendant says that if he did make the statements, which he denies, they were uttered bona-fide and without malice on a private occasion, and in answer to enquiries made as to the plaintiff's honesty and financial responsibility, and were made under a sense of duty to men to whom he had introduced plaintiff, and in an honest desire to protect their interests.

In charging the jury, Sir William Mulock said: "I don't know whether the plaintiff is here or not. But if he is here, and has heard the evidence against him, you may consider the fact that he did not go into the witness box. He might have gone into the box and explained what happened to the money which was alleged to have been misappropriated. Grave charges were made against him under oath by the defence, and there is no defence forthcoming to remove the injuries that might be created by the evidence. If he was a man of sensitive honor, or what would you have expected him to do? Has the reputation of the plaintiff been appreciably injured by what has been said by the defendant?"

A sealed verdict was returned.

Return Tickets at Single Fare, via Grand Trunk Railway System, account Thanksgiving Day, between all stations in Canada, also to Niagara Falls and Buffalo, New York, Detroit and Port Huron, Mich. Good going Oct. 28, 29, 30, 31, return limit Nov. 2, 1910. Secure tickets from Grand Trunk agents.

FARMERS FINED

Sent Skimmed and Watered Milk to Cheese Factories.

BROCKVILLE, Oct. 19.—(Special.)—The Eastern Ontario Dairywomen's Association is getting after dishonest patrons of cheese factories in this section. Two prosecutions inaugurated by Inspector Street were disposed of to-day, resulting in two farmers being made to toe the mark. Alfred Leonard of Augusta Township was fined \$5 and \$14 costs for sending skimmed and watered milk to the Grenville factory, and Frank Wiltz, a large patron of the Palace factory at Addison, was fined \$50 and costs. Both men made straight denials of the charge, but expert evidence of the syndicate inspector and Prof. Singleton of the Kingston dairy school was conclusive.

When going to Montreal remember that the Grand Trunk Railway System is the only double-track route, and four trains leave Toronto daily: 7.15 a.m., 9 a.m., 3.30 p.m., and 10.30 p.m. The day ride via the 9 a.m. train, with Lake Ontario or the St. Lawrence River in sight most of the way, is delightful, and Montreal is reached at 5 p.m. This train carries a parlor-library car, dining car, and Pullmans. The 3.30 and 10.30 p.m. (the business man's train), carry Pullman sleepers, the latter having four or more daily. Secure tickets and berth reservations at city ticket office, north-west corner King and Yonge-streets. Phone Main 4209.

TO APPOINT DR. NASMITH AT A SALARY OF \$3000

Board of Health Supports Plan of Improved Laboratory—Committees Meet.

TO-DAY AT THE CITY HALL.

11 a.m.—Board of control.
2 p.m.—Island committee starts on inspection trip.
2.30 p.m.—Court of revision begins hearing appeal in case against assessment in third ward.

That Dr. George G. Nasmith, associate director of the provincial board of health, be appointed director of the laboratory of the city's medical health department, at \$3000 a year, and that the board of control provide \$4000 for the equipment of the laboratory, were recommendations sent on by the local board of health yesterday. Chairman Ald. McMurrich, back from his trip to Europe, was welcomed by Ald. Rowland, who has made a capable understudy.

Controller Foster alone declined to swallow the reorganization plan without demur. He informed the new M. H. C. that he should have the plan he only needed to ask for money to get it, and delivered one of his familiar sermonettes against civic extravagance. Dr. Hastings replied that there would be no frills, no money wasted, and that his only aim was the highest efficiency.

The plan is to have the laboratory accessible to the public every day at specified hours, so as to allow no delay in the examination of swabs.

Replying to Ald. Graham, Dr. Hastings gave assurance that he was on the trail of abattoirs which diffused strong odors. He had already notified two prominent ones in the west end that if the nuisance was not abated prosecution would follow.

The home of George Hines, 148 Halton-st., was quarantined for seven weeks because of smallpox, four inmates having been removed. In compensation, Mr. Hines was granted \$35.

Slow Work on Light Poles?

"Street lighting in the new districts depends entirely upon when the hydro-electric commission will be able to furnish power," so City Engineer Rust informed the fire and light committee yesterday.

Ald. Hilton complained that in some districts the city was neglecting to erect lamp-posts, in preparation for the era of municipal lighting.

Ald. McCausland had his curiosity satisfied as to the prospects of giving the suburban districts gas lighting in the interim. Secretary McGowan of the fire department pointed out that the gas company's franchise is for the older portions only.

Armed with copies of the city architect's proposed bylaw for the protection of working engaged in the erection of buildings, and with a list of numerous suggested changes for the further safeguarding of the men, a deputation appeared. It included Andrew Miller of the Building Trades Council; W. J. Storey of the Plumbers; A. Garland, electrical workers; J. Saxton, sheet metal workers; and J. Curran, structural iron workers. Architect McCallum will do some redrafting to meet their wishes.

John Daly has been trying for many months to get a permit to store gasoline in a float on the bay. He has a thousand gallon tank installed, but the committee refuses to let him store more than five barrels at a time.

The city architect's proposal that a bylaw be passed empowering the police magistrates to cause the demolition of a building being erected in persistent defiance of building bylaws, was sent to the legislation committee.

Restrictions on Signs.

At the meeting of the legislation and reception committee, Ald. Phelan's bylaw to impose rather strong restrictions on the putting up of signs was allowed to stand over, because of the protests of E. L. Ruddy of the Connor-Ruddy Company, who declared it would ruin his business. He will put his case in writing. One provision of the bylaw limits the superficial area of a sign to 150 square feet, and another forbids signs altogether from residential districts.

In the hope of lessening the amount of quibbling over paving petitions the city engineer and assessment commissioner were asked to report on the desirability of the city's seeking legislation to fix a time limit after a petition has been filed with the city clerk during which a signatory wishing his name taken off must ask to have it

Dropsy—

Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD,
Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

DR. MILES MEDICAL CO., Toronto.

The Piano Everyone Can Play

Hundreds of homes in city and country the piano remains unused because those in the family who were the pianists have left the old home. But if you are the owner of a

Heintzman & Co. Player-Piano

Made by ye olde firme of Heintzman & Co., Ltd., then you have a piano anyone can play. No previous knowledge of music is needed. Father or mother—anyone can play this instrument, and the world's choicest repertoire of music is at your command.

A Distinctive Feature

In no other player-piano is there the aluminum action, which makes this instrument proof against climatic changes, something not possible in the ordinary wood action.

Another Advantage

Controlling of the air is the great consideration in all pneumatic player-pianos, and here again the advantage of aluminum is shown, preventing possibility of air leakage.

Your Piano Exchanged

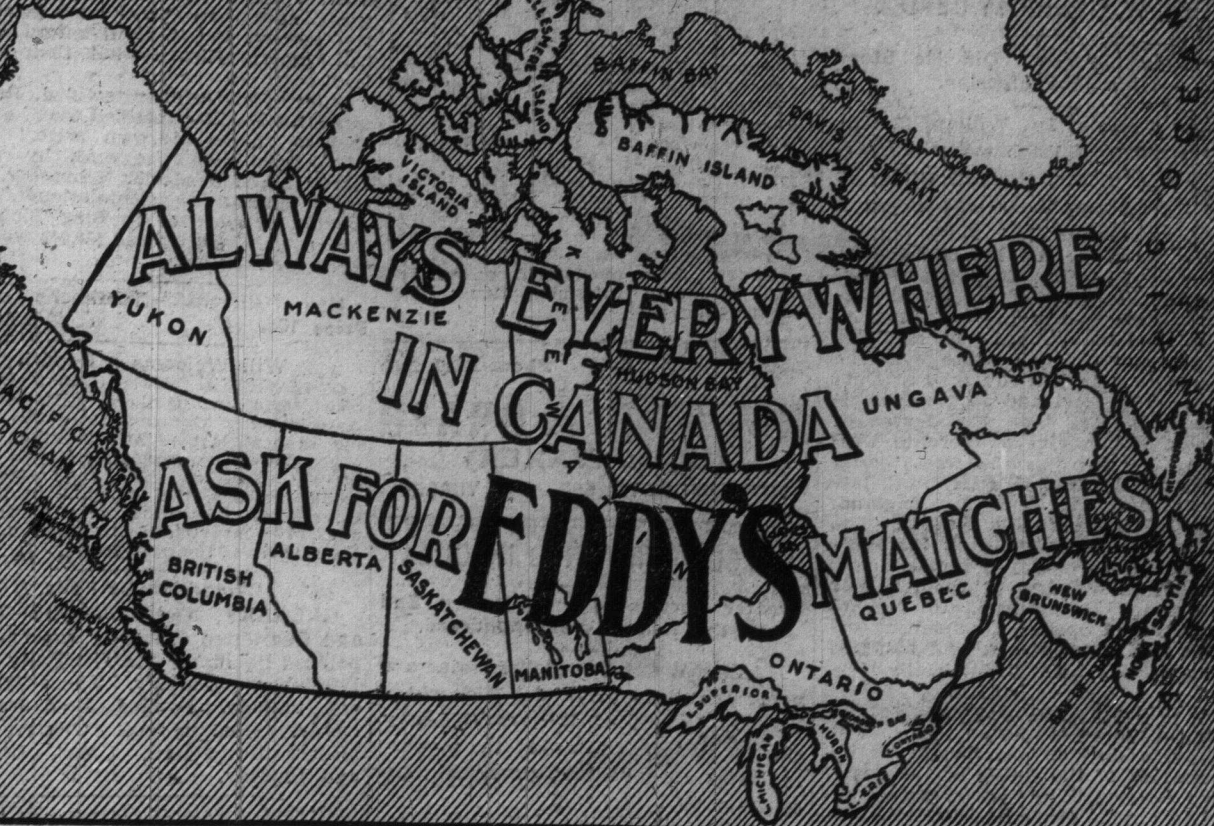

In buying one of our Player-Pianos a generous allowance will be allowed for your old piano. Terms easy.

Piano Salon: 115-117 King Street West, Toronto, Can.

Fill out this coupon and mail it to us, and we will send you a beautiful set catalogue of the Player-Pianos.

POLYGAMIST GETS TWO YEARS

Joseph Pinault Admitted Having Had Three Wives.

SHERBROOKE, Que., Oct. 19.—Jos. Pinault, alias Alex. St. Laurent, found guilty of bigamy before Judge Malvena, Monday, was sentenced this morning to two years in the penitentiary. Pinault admitted having had three wives, one in Montreal, who had laid the complaint which caused his arrest, and by whom he had three children, one whom he married in Sherbrooke last May, and another with two children in another townships town.
