

## FIRST STEEL PASSENGER CAR

C. P. R. Montreal Train Will Carry New Coach for First Time To-day—Vancouver Express Improved.

The first steel passenger day car to be operated by the Canadian Pacific Railway left Toronto as part of the 8 o'clock Montreal Express yesterday morning. It is an experiment on the part of this railway and was brought down from Montreal by a special engine in order that it could make its initial run from here. It is in order that it may finish the trip at Montreal, where on its arrival it will be inspected.

The new car, which is the product of the C.P.R. Angus shops at Montreal, is constructed entirely of steel and is the first steel day coach yet seen in the Toronto Union Station. The steel car is fireproof and cannot be telegraphed in case of collision. It is electric-lighted through.

A big improvement in the train equipment between here and the west was marked by the trip from Toronto last night of the Toronto-Vancouver Transcontinental Express, carrying the new Glen series electric-lighted observation buffet-library car. This car, which is finished with the highest grade mahogany and walnut inlaid work, contains library room, for which the C.P.R. furnish a large number of books; drawing-room, containing 18 armchairs; smoking-room, containing eight chairs; a large private compartment and very wide observation platform, on which a number of special chairs are placed. This car is available to all passengers holding first-class tickets. The train goes right thru from Toronto to Vancouver without change.

### NORTHERN ONTARIO FARM INVESTMENTS

North Ontario clay belt farm lands have been brought into great prominence by the developments of the last few days and it looks now as if well placed investments in farm properties in the choicer districts cannot but be profitable. A. C. Goudle & Co., Traders' Bank Building, are offering patented farm lands in fee simple to which no restrictions and no homesteading or settlement restrictions are attached in some of the best parts of the north. As investments they compare favorably with many town lot offerings.

A great part of the value of these lands, apart from their worth agriculturally, lies in their timber and mineral possibilities. All the mineral rights are conveyed to the purchaser as well as the timber and pulpwood. For the latter an increasing and ready market is being found in the north country.

### ST. LEO'S CHURCH PICNIC

Many Novel Attractions at Harold Park This Afternoon.

The annual picnic and games of St. Leo's Church, Mimico, to be held in Harold Park on Saturday afternoon, gives promise of being one of the main attractions of the day. Among other features which have been arranged for are an exhibition race between Longboat, Shrub and Wood. The climbing of the greasy pole and the greasy pig contest will provide entertainment of a more hilarious nature. Picnics with features of this kind are almost a thing of the past nowadays, and hence Harold Park should allure many Torontonians on Saturday afternoon. The grounds may be reached by getting off at stop 13, on the Lake Shore-road.

### OUTING FOR CHILDREN

Ontario Motor League Gives Annual Picnic on June 27.

An appeal has been sent out by the local officers of The Ontario Motor League to every automobilist in Toronto, requesting the loan of cars for the annual Orphan's Outing to be held next Thursday, June 27. All the children, boys and girls in each of the Orphan's Institutions in the city will be driven to Scarborough Beach, which has been placed at the disposal of the league thru the kindness of the Toronto Railway Company.

The automobiles will line up at Queen's Park and will leave for the Beach at 10 a.m. The children will be given all they can eat and races and amusements will be provided for them. All the arrangements have been completed except securing cars. Last year there was difficulty in getting enough. This time it is hoped that automobile owners will quickly recognize the privilege of assisting in the entertainment of the children for whom the joys of life are none too many.

### OPENAIR HORSE SHOW

Nyal's, well, sir! that's the toothpaste I'm always going to use. Pretty near time too I was getting a tube of my own, come to think of it. Since I have been using from Sis's tube here, those dark spots that other stuff wouldn't touch, have gone. My teeth are whiter than they have ever been.

And I like that spearmint flavor. It certainly leaves the mouth refreshed and sweet.

Wonder who told Sis about it?

I'm going to tell all my friends how good it is—they'll be glad to know of a toothpaste like this.

NOTE—There are over one hundred Nyal's preparations, each one with the same exceptional Nyal's Quality.

Ask your druggist about them. He knows their quality. Nyal's Remedies are sold only in drug stores.

### DOTTED STOCKINGS.

The latest novelty in silk hosiery bearing the approval of Paris is stockings embroidered with dots.

These may easily be done at home, and many who cannot afford to pay the exorbitant price asked for a pair of these pretty stockings may enjoy the luxury of owning several pairs. Embroider the dots in a triangular shape upon the instep, placing them a

uniform distance apart, carefully following the outside line of the triangle which you have basted on the stocking.

Black stockings are often dotted with white. The pale tints are embroidered with the black and white silk.

## Ladies' Home Journal

SAYS ABOUT THIS GREAT WORK:

THE LADIES' HOME JOURNAL

The Curtis Publishing Co. Philadelphia

Edited by Edward W. Bok

"Why I like this illustrated edition of the Bible is because everything about it has been well done, and seems to have been done in the right spirit. The Book itself has been approached by the annotator with reserve and intelligence, and by its artists with sympathy and knowledge. It has not been made into a meaningless picture book. The pictures here serve a distinct purpose. They enrich the text, but they do more; they intelligently explain it, and many a hitherto obscure passage will assume to thousands a new meaning through these eye-teaching pictures. Popularizing the Bible is a risky experiment in the hands of many, but it has been made a splendid achievement in this case."

—EDWARD W. BOK.

This is the only REALLY ILLUSTRATED BIBLE. For the picture of each particular verse illustrated is inserted with THE TYPE, so that every illustration corresponds with the accompanying text-matter, and makes it plain.

Such marvellously faithful portrayal of Bible lands and scenes will prove a glorious revelation to all readers.
