Is a Disgrace to City.

The condition of West St. Clair avenue, from the G.T.R. crossing to Keele street, a distance of half a mile, is a disgrace to the city and a menace to the health of the residents living along it. Just now it is almost ankle deep in some places with mud and water, and in a dry time the residents are blinded by dust clouds.

## Gossard girls find profit and pleasure in fine corset-making

The making of fine corsets brings its own peculiar pleasure to a woman who takes a proper pride in exquisite and dainty needlework. Then the agreeable conditions under which such operating is done contribute not a little to the keen interest with which each Gossard girl approaches the day's work. Her surroundings are ealthful, her associates refined and intelligent, and her prospects for promotion excellent. If you are the sort of girl who takes a pride in good work, and are ambitious to share in the substantial wages and profits of the Gossard organization, you'll find it decidedly to your advantage to join us.
