He cries that "nothing's sure," of life is insecure—indeed soul who cannot see evanescent beauty, who is full of golden light, and dreams beneath the blue sky as sweet as sugar, and his faith is strong and hearty and anywhere we seek we find souls resolved to free their minds to every sacrifice, freedom over wrong shall rise.

## RED FALLING BACK BEFORE FRENCH ATTACK

Oct. 2.—The armies of General Bortholot on the east and west of Rheims continued to advance today against the Germans, who appeared to be falling more hurriedly than at any time since Sept. 26. Bortholot's army is making progress between the Vesle and the Aisne Canal. The troops have captured five or six villages, and their advance at points has reached a depth of 10 to 15 kilometers.

## IG SAVING IN FLOUR.

Oct. 2.—It is announced that the government has taken measures and is saving in the homes have been Canadian consumption of four 10,000 to 600,000 barrels per week as compared with pre-war consumption of 1,400,000 barrels per week. This means a saving of 2,400,000 barrels per week, counting the saving by the extraction of milling. This is equivalent to saving of nearly 12 bushels of wheat.

## GREAT INJUSTICE DONE METHODISTS

## General Superintendent Refutes Statement on the Matter of Recruits.

Hamilton, Oct. 2.—In the fact that 100 ministers and probationers of the Methodist Churches, a third of the whole total of those of military age, health and strength, have answered the call to service in the Canadian army, and that five-sixths of them had come with the combatant services, Rev. S. D. Chown, general superintendent, in his quadrangular address to the tenth general conference, which opened in the First Methodist Church here today, found a striking refutation of the oft-repeated rumor that the Methodist Church had been the last of the leading denominations in the number of recruits to the colors. He called attention to the fact that Methodists had been the last to be discriminated against in that for 15 months the statement forms had not given the same facility to declare the communion to which they belonged that was afforded to the adherents of all the other large churches of the country.

Most noteworthy achievement. He regretted that the organic union of the Methodist and Presbyterian Churches had not taken place prior to the outbreak of war, and referred to the proposed work of conference on faith and order as "the most noteworthy achievement looking toward the intellectual and spiritual union of Christendom that has ever been attempted."

Those who are promoting the conference, he said, believe that the visible unity of the body of Christ is not adequately expressed in co-operation of Christian churches, for moral influence and social service, and can be realized only thru community of worship, faith and order, including common participation in the Lord's Supper.

Statistics showed a turn-over in the book and publishing house of \$3,354,845. Sunday school membership, \$454,501; money raised, \$108,802; total raised by the department, \$1,163,303. The department of social service and evangelism, \$1,177,678; educational fund, \$262,541; missionary, \$1,113,107; women's missionary society, \$736,021.

The superintendent suggested the creation of a board of finance with power to establish a department of finance, which will be composed of the conference, as well as the proposals regarding the church carrying its own insurance. When the conference assembled today there were by actual count 274 delegates in attendance from all parts of Canada, including six from Newfoundland and three from Japan, among the latter being Bishop Harawa of the Methodist Church of Japan. The representation from the various provinces is as follows: Toronto 52; London 40; Hamilton 40; Bay of Quinte 30; Montreal 42; Nova Scotia 24; New Brunswick and Prince Edward Island 18; Newfoundland 12; Manitoba 20; Saskatchewan 20; Alberta 30; and British Columbia 24. Rev. Dr. T. Albert Moore was for the fourth time chosen secretary of the conference. At the evening session, addresses of welcome were presented by Sir John Gibson, and Mayor C. G. Booker, which were replied to by Chief Justice McKeown of St. John, N.B., and Rev. Dr. Rose of Toronto.

## RELATES EXPERIENCES ON THE LUSITANIA

Mrs. P. Amory, 62, mother of five sons at the front, last night related her experiences at the sinking of the Lusitania, before a large gathering at the Women's Auxiliary of West Toronto G.W.V.A. Mrs. Amory was two hours in the water, hanging on for life to parts of the wreck. Once arrived in Britain she was received at the Canadian Pay and Records Office cordially, and given the wherewithal to live and look around while over there. She visited her sons in England, and the others who were with the first expedition at the trenches were given ten days' leave to visit their mother. The auxiliary initiated 10 new members.

## FAIR WEATHER MAY AVOID COAL CRISIS

## Fuel Controller Advises People to Use Substitutes as Long as Possible.

The Ontario fuel shortage is becoming more acute, and the prospects are that the crisis of prevention, in the way of the use of substitutes, that will obviate the necessity of the application of the pound of cure later in the year will have to be extended over the next several weeks. The Ontario fuel administrator is making herculean efforts to secure every pound of coal possible for Ontario, and during the past week has succeeded in having re-routed in this direction 200 cars originally consigned to other points. These have been distributed to local points where the shortage was most acute, but they are only as a drop in the bucket.

Every indication now is that the situation may develop a more acute stage in the near future. Good weather would be a long way to avert a crisis, but consumers who have coal are warned to conserve to the limit, and to use substitutes, such as wood or oil, as far as possible. "Wood and save coal" would be a slogan for Ontario to follow for some time to come," said Mr. Cousins last evening. "The starting of the fuel shortage must be delayed until the last possible moment, or we may see serious suffering early in the winter."

Just now the United States fuel administrator is sending every possible ounce of coal over the water routes, and will continue to do so until navigation on the upper lakes closes late next month. After that period there will likely be more coal available for points nearer the mines. But even that may not be enough to relieve the coal shortage entirely.

When the allotments were made some time ago by the United States fuel administration there were 177,000 employees in the mines. 600,000 and other causes have reduced this number to 145,000. War requirements, by reason of the application of more efficient methods of production, actually increased the supply over a year ago. Of late, however, conditions have been so unfavorable, and in addition the war requirements have been largely increased, and there is every prospect now that various states will find themselves short of their allotted supply. Canada must expect to suffer with the rest, Ontario in proportion.

In the meantime the fuel administrator is deluged by complaints from outside communities. Some have not received an ounce of coal as yet, while others have received very little. In a large number of cases reports have been received of excessive charges, and the fuel administrator has been endeavoring to cover Ontario with this object in view, giving preference to the municipalities.

According to the police, Taylor walked in front of a wagon belonging to the T. Eaton Company, which was driven by E. German, 10 Oiler avenue, and was knocked down and trampled on by the horse. The driver of the wagon was held for a short time, pending investigation, but was later released. The body was removed to the morgue, where an inquest will be opened.

## GOOD ROADS DEPUTATION WAITS ON PREMIER

Sir Wm. Hearst, premier, and other members of the Ontario Government, received a deputation yesterday from Ottawa and the eastern Ontario district, who made an appeal for substantial support for the good roads movement in that district. Representatives of the capital and the other municipalities asked the government to aid to the extent of taking over for highway which route from Ottawa. The roads are from Point Fortune, Pembroke, Morrisburg and Kingston.

## OLD FOLKS DANCE AT EARLSCOURT FAIR

## Concert Given on Grounds by Great War Veterans.

The second day of the Earls Court Fair at Royce Park has exceeded all expectations, crowds of citizens entering the fair grounds from early morning until late at night. Citizens from Silverthorn, Caledonia, Fairbank, Eglington and as far east as Yonge street came to see the exhibits and displays of vegetables, poultry, rabbits, pigeons, etc.

Yesterday being citizens' day, the merchants took the opportunity of closing their stores and giving their employees a holiday. The Earls Court Great War Veterans gave a special concert, and there were many old country dances indulged in to the delight of the visitors. Earls Court citizens just love to supercede anything pertaining to the land of their birth. The dancing was not confined to the young people, but the older ones who had danced their old-time dances soon caught the fever, and much merriment was expressed at such a timely revival. A splendid sea lion brought away from Baltimore by Fred Bussey, the Earls Court society officer who has been active fighting in the present war, was shown in a specially made tent. This great curiosity, which was said to weigh nearly 800 pounds, was the cause of much merriment, and the sea lion was seen to leap and finally swam away. The sea lion was a large sum to be paid to be removed and was quickly buried some distance away from Earls Court fair grounds.

Two bands—the Veterans' band and the Salvation Army band—played selections during the evening, and the Veterans' concert party gave three concerts under the leadership of Nathan James and Miss Elsie Young. Twelve of Earls Court's war widows took themselves in taking visitors thru the grounds.

The Canadian truce, made by Earls Court returned men, was more than any of the side shows, probably because of the quantity of Hun soldiers' uniforms displayed, all of which are trophies won on the western front in hard-fought battles by Earls Court soldiers.

Among those present were: Senator Gordon, North Bay; Senator Lynch, Stoughton, Hamilton; W. L. Reet, Ottawa; J. B. Fielding, Toronto; W. F. Nickle, M.P., Kingston; W. N. Nichol, superintendent of education for returned soldiers.

## HORSE TRAMPS ON MAN, FATALLY INJURING HIM

As the result of injuries received when a horse tramped on him at the corner of Davenport road and Dupont street on Tuesday afternoon, Edgyn Taylor, 60, 266 Dupont street, died at his home yesterday evening.

According to the police, Taylor walked in front of a wagon belonging to the T. Eaton Company, which was driven by E. German, 10 Oiler avenue, and was knocked down and trampled on by the horse. The driver of the wagon was held for a short time, pending investigation, but was later released. The body was removed to the morgue, where an inquest will be opened.

## WILL ASK TOWNSHIPS TO CUT TREES FOR FUEL

A deputation from the Amalgamated Ratepayers' Association, headed by the president, J. L.
