Thomas Prendergast, Brood Cove, St. James West, Newfoundland, writes me :- I am feeling great benefit from the use of your Belt. My back and limbs, with which I suffered such agony, are much improved, and there is a decided change for the better in my general health. I am well satisfied with my investment.

CAUTION—If you value your health, do not accept an imitation of my Belt. There are many on the market. Old-style, blistering scorchers, whose only merit is their ability to burn and scar the flesh, are being offered with a cheap imitation of my Cushion Electrode. The cushion electrode is my special invention. Without it all electric belts blister and burn holes in the flesh and can do no good. I take the other belts in trade.
