"DOWN WITH WAR," REVOLT PARTY'S CRY IN GERMAN EMPIRE

Violent Appeal Was Made for
a Great Strike.

Berlin, via Paris, May 4.—As indicative of the one hand that a revolutionary party exists in Germany which would like to emulate Russian tactics and on the other hand that at present it is not making great headway, the Berne Tagewacht reproduces a circular which was secretly distributed among millions of German laborers prior to May 1, denouncing Field Marshal von Hindenburg's appeal to them not to strike as "the lying message of the idol of the imperialists."

The circular, says the newspaper, was naturally suppressed by the authorities. It declares the promises to increase the meat and potato rations in Germany and extra potatoes in the quantity of bread issued are only empty mouthings, since there are not sufficient cattle in Germany and extra potatoes can be given only by drawing on the seed crop, which in turn spells famine next winter.

The only solution of the labor problem, the circular continues, is immediate peace—not the peace desired by the Government, "which is spoiling for the requisition of territory, which is guided only by the interests of militarism, imperialism, junkers and capitalists."

The circular calls upon workers to rise by the millions on the first of May. It concludes by saying: "Down with the war!" and "Down with the Government!"

MINISTER OF CHILIANS NOT AFTER HIS PASSPORTS

London, May 4.—A Reuter dispatch from Berlin by way of Amsterdam denies the imperial report in the Dutch papers that the Chilean minister at Berlin has asked for his passports.

WORKING FOR BASEBALL LEAGUE.

INGERSOLL, May 3.—No action has yet been taken looking to the formation of a town baseball league, although there is an agitation in that direction which may bear fruit in the near future. One baseball team has been organized, in connection with plant 4 of the Morrow Company. It is felt that Ingersoll should be in a position to organize several strong teams this season because of the large number of young men employed at the different factories, many of whom are known to have been prominent in sports.

Justus Miller, for some time editor of the Canadian Countryman, and who has just been appointed assistant commissioner of agriculture for Ontario, is a son of Mr. and Mrs. Austin Miller of this town. The family formerly resided in Dereham Township, near Mount Elgin.

WINCARNIS gives New Health to all who are Weak, Anaemic, Nervous, Run-down

DON'T let your life be clouded by indifferent health. Don't let ill-health steal your good looks. Don't remain weak, or anaemic, or nervous, or run-down. Don't suffer needlessly. Get well the Wincarnis way—the quick, sure, and safe way to new and vigorous health.

Wincarnis is the quick way, because the benefit begins from the first dose—the sure way, because it has given new health to countless thousands of sufferers for over 30 years—the safe way, because it does not contain depressing drugs. Wincarnis is recommended by over 10,000 Doctors, because it possesses a four-fold power in producing new health. It is a Tonic, a Restorative, a Blood-maker, and a Nerve Food—all in one. Therefore it promotes new strength, new blood, new nerve force and new vitality.

STANDARDIZE ARMIES OVER ALL OF EMPIRE, CONFERENCE ADVISES

Imperial Meeting Recommends
Uniform Training.

A NATURALIZATION RULE

Decisions Are Unanimous in
All Resolutions, and None
Withdrawn.

LONDON, May 3.—(Through Reuter's Ottawa Agency.)—The colonial secretary, Right Hon. Walter Long, has issued a statement respecting the work of the Imperial war conference, now approaching the end of its labors, together with some of the resolutions adopted by the conference.

It states that some of the matters are of the most confidential character and that the publication of the resolutions and the debates upon them will probably be impossible until after the war. The statement records that decision was unanimous in respect to the resolutions which are now publishable. On no occasion was it necessary to divide or to withdraw a motion because an agreement could not be reached.

In moving a vote of thanks to the secretary of state for the colonies as chairman, Sir Robert Borden paid a touching tribute to the late Brigadier-General Long who has fallen in the service of his country. Sir Robert and other members of the conference also expressed gratification of the presence at the conference of a son of the statesman who had done so much to promote the idea of imperial unity—the late Joseph Chamberlain.

Standardize Equipment.

The resolutions recommend the appointment at the earliest possible moment of a committee representing military authorities of the United Kingdom, the Dominions and India, to consider the various patterns of military equipment in use with a view to the selection of standard pattern for general adoption as far as the special circumstances of each country will permit.

It is also recommended that the ordinance personnel of the Empire's military organizations be trained in the same methods and principles and standards from all parts of the Empire should be attached for an adequate period to the Imperial ordinance department.

Further it is recommended that the admiralty be requested to work out, immediately after the war, the most effective scheme of imperial naval defence, for consideration of the governments concerned at a conference to be held with representatives of the admiralty regarding the future security of the Empire.

Inter-Imperial Trade.
The conference welcomes the increase in the number of trade commissioners and recommends that the governments concerned co-operate in assisting a service especially for the promotion of inter-imperial trade.

It records the view that the 1907 Imperial conference resolution be modified so as to permit the full representation of India in all future Imperial conferences, and that the assent thereto of the various governments be obtained. It prays that the King constitute by royal charter an Imperial graves commission on the lines proposed by the Prince of Wales to the Imperial conference. The conference records its deepest appreciation of the French Government's generosity in allowing in perpetuity the land where our men are buried, and urges that similar arrangements be made, in the peace terms with all the Allies, enemy and neutral governments in Gallipoli, Mesopotamia, Africa and elsewhere.

Commonwealth's Big Voice.
The conference expresses the opinion that a readjustment of the constitutional relations of the component parts of the Empire is too important and intricate a subject to be dealt with during the war, and should be discussed at a special Imperial conference to be held immediately after the war. The conference records further that such adjustment, while thoroughly preserving all existing powers of self-government and complete control of domestic affairs, should be based upon a full recognition of the dominions as autonomous nations of an Imperial commonwealth, and of India as an important portion thereof. It should recognize the right of the dominions and Indian to a voice in foreign policy and foreign relations, and should provide effective arrangements for continuous consultation on all important matters of common Imperial interest and for such concerted action founded on that consultation as the several governments shall determine.

Empire's Naturalization.
The conference recognizes the importance of securing uniformity of Empire policy and action in regard to naturalization, and commends the proposals submitted to the overseas governments by the home office. It recommends that there be no delay in taking steps for the establishment in London of an Imperial naturalization bureau, on which the whole Empire shall be represented, whose duties shall include advising how its mineral resources may be devoted and made available to meet the Empire's metal requirements.

In the view of the experience of the war, the conference draws attention to the importance of developing adequately the capacity for production of naval and military material, munitions and supplies, in all important parts of the Empire, including the countries bordering on the Pacific and Indian Oceans, where no such facilities at present exist. It affirms the importance of close co-operation between India, the dominions, and the United Kingdom, with this object in view.

Remedy Income Taxation.
The conference urges that the present system of double income taxation within the Empire be taken in hand immediately after the war, and the law so amended to remedy the present unsatisfactory position.

In view of war experience the conference recommends that the safety of the Empire and the necessary development of its component parts prompt attentive consideration and concerted action in regard to:

First, to the production of adequate food supply and arrangements for its transportation when and where required, under any conditions that may reasonably be anticipated.

Secondly, to the control of natural resources available within the Empire, especially those of an essential character for national purposes, whether in peace or war.

Thirdly, to the economical utilization of such natural resources through manufacturing processes carried on within the Empire; and recommends that the governments concerned consider the enactment of legislation in the same direction.

WORK ENTIRELY STOPPED ON NEW WELLAND CANAL

ST. CATHARINES, May 3.—Work on the new Welland ship canal has been completely closed down, and the services of all of the engineering staff have been dispensed with, including the chief engineer, J. L. Weller.

LAMBTON'S TRANSPORT HIT MINE IN CROSSING

Two Sailors Killed on Voyage Say Letters From 149th Men.

FOREST, May 3.—Letters received from Forest boys who are with the 149th Battalion in England, indicate that they had an adventurous trip going over. Their ship struck a mine when nearing England, and the low decks were flooded before they reached port. The boats were lowered and some of the boys were kept in quarantine several days, but have since been enjoying good health, with the exception of Ellsworth Rogers of Forest, who was sent to an isolation hospital.

FREE PANTS

TOMORROW

The Clothes Event That Reaches
a War Time Climax and Will
Set All London Talking!

We Keep Faith With the Public

It is here—almost here—tomorrow is the day. Our Old Reliable Free Pants Sale. Hundreds of eager buyers will crowd the store tomorrow, for it is easy to realize that A PAIR OF PANTS "FREE" WITH EVERY SUIT OR OVERCOAT, coming at this time, when the price of woollens is advancing by leaps and bounds, is an event extraordinary.
