

SANDWICH CITIZENS PLAN TO CLEAN OUT OLD REGIME, JANUARY

Municipal Campaign Will Be
Hottest in the Town's
History.

MAYOR DONNELLY RETIRES

Eugene Breault, Former
Mayor, Will Again Be
Mayorality Candidate.

WINDSOR, Dec. 21.—The hottest municipal political campaign Sandwich has known in its history is to be waged this year as the result of the organization of the Sandwich Citizens' Association, and the naming of candidates by that body to contest seats with present members of the council.

The association, promoted by local businessmen, was formed largely as the result of developments that had their origin in the charges made some months ago by the Rev. J. O. Spracklin, fighting parson of the border, when he first began his crusade against the illicit liquor traffic and kindred associate evils, by appearing before the council and charging it with negligence in the performance of its duties that amounted to protection of the violations.

The purpose of the new body is to clean out the old regime. D. M. Eagle, well-known local politician and resident of the English-French Normal Training School at Sandwich, the choice of the association for mayor, announced tonight his refusal of the candidacy and another candidate is now being selected.

Mayor Donnelly, for eleven consecutive years chief magistrate of Sandwich, and at whom much of the criticism leveled by Spracklin and his supporters was directed, has announced his intention of retiring.

G. W. Gray has been chosen by the association to the office of reeve, while William Haggart, a present member of the council, has been endorsed for the office of deputy reeve.

Eight men have signified their intention to run to the new organization, and have been endorsed for the council. The present council consists of six men, three of whom have signified their intention to run under the banner of the association are: Councillor Eli Hilton, Richard Glime, A. G. Hutchinson, A. E. Parente, Alfred Moreton, Frank Robertson, Louis McKee and James Robinson.

Eugene Breault, former mayor and magistrate, and at present a member of the council, has signified his intention to run for reeve. Reeve Alex (Chick) McKee has announced that he will stand for re-election as reeve, while Richard McKee, former deputy reeve, and member of the 1920 council, will oppose his fellow councillor, William Haggart, for the office of deputy reeve. It is also rumored that Joseph Major, former reeve, will also enter the lists for the office of deputy reeve.

AYTON POLICE TRUSTEES
ELECTED BY ACCLAMATION

AYTON, Dec. 21.—The following nominations for the position of trustees of the police village of Ayton were made today: Jacob W. Werner, treasurer; Peter Benninger, creamery manager; and Arthur Terrier, meat merchant. As only three trustees are required, these gentlemen were declared elected by acclamation.

GERMAN COMPETITION THREATENING MANY CANADIAN INDUSTRIES

ROME, Dec. 21.—Replying to the ultimatum of General Cavaglia, commanding the Italian forces surrounding Fiume, Gabriele D'Annunzio declared today that he would maintain his attitude and would not recognize the treaty of Rapallo. D'Annunzio informed General Cavaglia that he had decided to resist.

General Cavaglia's ultimatum demanded the disarmament of D'Annunzio's forces, his evacuation of the islands of Arbe and Vegada, and the release of Italian war material in Fiume. D'Annunzio was given until 6 o'clock this evening to reply to the ultimatum.

General Cavaglia now will proclaim a strict blockade of Fiume and the islands of Vegada, Arbe and San Marco. It is said, will completely isolate the territory controlled by D'Annunzio from the rest of the world.

With the German mark worth less than two cents in Canada, its value, German competition is already making itself felt in many Canadian industries, and the menace for the future is pronounced.

German salt industries recently quoted prices in Montreal over 30 per cent below those of Canadian plants. The Canadian toy industry is seriously threatened. The Canadian iron and steel, hardware, cutlery, musical instruments, drug and chemical, fertilizer, brush and other industries have already been affected.

The markets, for instance, which the Canadian brush industry had succeeded in developing in the United Kingdom, the United States, Australia, Newfoundland, British West Indies, British South Africa, Portuguese East Africa, the Argentine, Colombia, Venezuela, Java, China, Cuba, and other countries, have been practically wiped out owing to the international exchange situation and, further, the Canadian market itself is being seriously threatened by importations of Belgian and German brushes made by cheap labor.

RECKLESS TRADING CAUSED BANK CRASH, ATTORNEY DECLARES

Officials of English Bank Remanded on Bail by Court.

LONDON, Dec. 21.—A sequel to the crash yesterday of Farrow's Bank, which has brought misery to thousands of small depositors just at Christmas, was the appearance in the Mansion House this morning of two officials connected with the bank, Frederick Harb, accountant, and William Thomas Walter Croch, banker. They were charged with publishing, together with Thomas Farrow, founder of the bank, a report and balance sheet for the year ending in June last, which they knew to be false in certain particulars.

Both Harb and Croch were remanded for three weeks on bail. Croch, in two securities of £10,000 each, and Harb, in two securities of £5,000 pounds each and £10,000 of his own, Farrow was placed under arrest, but is reported to be too ill to be removed.

The attorney for the public prosecutor told the court the defendants were charged under the larceny act with publishing a false report and balance sheet with the intention to induce members of the public to invest their money. The bank, he said, was hopelessly involved.

During the last nine years, the attorney asserted, there had been heavy and unusual losses, amounting to over £1,000,000, and during that time the accounts had been manipulated. The crash was due entirely to reckless trading, the attorney declared emphatically, emphasizing that the failure was not attributable to the war or to post-war conditions, the general financial condition of the country being absolutely sound.

WATERLOO OBJECTS
TO SITE OF NEW
KITCHENER HOSPITAL

KITCHENER, Dec. 21.—Word was received today that the Waterloo Township Council had raised strenuous objection to the purchase of the Mifflin property in Centreville for a Kitchener cemetery. The opposition is coming principally from the township board of health. The objection is based on the assumption that the surface drainage will pollute the water.

Two Polish families who have had a feud here for the past year brought the feud to a head today in police court. One faction sent a lady to the other to buy whiskey, and when the game succeeded had the dupe brought into police court on an O. T. A. charge.

Luck had a favor to bestow
And wondered where to let it go.

LONDON MAN GIVEN BENEFIT OF DOUBT; FOUND NOT GUILTY

Police Were Too Quick in Making Arrest, Says Juryman.

ASSAULT CHARGES
Jury Finds Man Accused by Wife Guilty of Common Assault.

ST. THOMAS, Dec. 21.—The doubt raised in the minds of the jury by the evidence given at the hearing of the charge preferred against Allen Hewitt, London, of stealing the goods of London merchants from a car on the London and Port Stanley Railway, as to whether the accused went after the merchandise thrown from the car or a bottle of whiskey, saved Hewitt this afternoon from a probable conviction. So several of the members of the jury confessed after he had returned their verdict of "not guilty."

The jury found that the goods were shipped from McMahon, Granger & Co., and Maurel & Sons in the particular car which was opened, parts of the shipments taken out and strewn along the track at the end of Brock street.

"We are all agreed," said the jury, "that the prisoner, Hewitt, and those men unknown to us, went along the tracks and stopped at the goods and stooped over them, but we are not sure that the jury was sufficiently strong to lead us to the knowledge that the prisoner and three others went there for the express purpose of stealing these goods, or to procure the whiskey and other articles in the car."

Some of the jurors argued that the prisoner and three others had arrived at a different conclusion if the police were too fast in arresting Hewitt. They declared they might have arrived at a different conclusion if the police were too fast in arresting Hewitt.

John Jordan of Aylmer was found "guilty" of common assault on two counts in a case laid by his wife Martha Jordan, and will be sentenced tomorrow morning.

POSTAL AND SHIP WORKERS COMPLAIN TO PREMIER MEIGHEN

Prime Minister Promises To Take Up Grievances at Ottawa.

TORONTO, Dec. 21.—Right Hon. A. Meighen, premier of Canada, who was accompanied by Hon. Dr. J. D. Reid, arrived in Ottawa today and left tonight for his return to Ottawa. The premier spent the afternoon at the King Edward Hotel, where he held a reception to the local members of the Dominion Parliament and the Ontario Legislature and other friends.

It had been announced that Premier Meighen would see any one who had troubles to air, and two delegations waited on him with grievances. One delegation represented the postal employees, who recalled the long standing and off-published complaints over the postal classification of the postal men and over the wage question. Hon. Mr. Meighen promised to lay the case before the proper officials at Ottawa.

The other delegation was composed of union men with complaints against the Collingwood Shipbuilding Company, which is taking over the work of completing the ships, whereas the company had been started by the Dominion Shipbuilding Company before the latter's failure. One complaint was that the Collingwood Shipbuilding Company had brought men from Seattle, Wash., to work on the ships, while Toronto mechanics were walking the streets here simply to get the work under way and were not to be retained as permanent employees.

Another complaint was that the company would pay only 75c an hour for work done on the ships, whereas the scale was 90c an hour, and the men were asked to send the men to send their complaint in writing and he would see that the matter was brought to the attention of the department of marine.

IDLE IN BRITAIN,
HORNE STATES

Plans of the Government To Relieve Situation Are Explained.

LONDON, Dec. 21.—(By Canadian Associated Press.)—On motion of second reading of the consolidated funds bill, the House of Commons today debated the question of unemployment. Sir Robert Horne, minister of labor, stated that on December 10, there were half a million men registered as unemployed. Plans the Government have made which were explained in the debate, included immediate benefit under the unemployment insurance act by subsidy to the trade unions to train and absorb 60,000 ex-soldiers in the building trades; payment of wages in these trades for unemployment through the terms of a lease of a farm, will finish the sittings and will be tried tomorrow. The plaintiff claims damages, \$175. The action was on December list a year ago, and judgment was given for the defence. This was appealed on the technical ground that improper notice had been given, and a new trial ordered.

The United Farmers Present Views To Investigating Commission.

TORONTO, Dec. 21.—Mr. Gordon Waldron today presented the views of the United Farmers to the University Commission. He pointed out that an examination of the records of attendance showed that the rural population, numbering about 200,000, sent last year to Toronto University 351 out of a total of 1,833 students entering for study. The records showed also that Toronto enjoys the educational benefits of the state university in proportion far beyond its ratio of population. In the faculty of arts 638 out of 1,737 students came from Toronto, and in all the faculties 1,828 out of 4,777. Wentworth, including the city of Hamilton, with a population of more than 130,000, sent only 77.

This is the first time in the history of Woodstock that a woman candidate has offered herself for a municipal office.

Wilfrid Wilson of Houghton, Norfolk County, drew a suspended sentence today charged with the theft of a calf. The young man attended a cattle sale last week, and lifted the coat from a farmer's buggy.

FORDNEY TARIFF BILL COMES UP IN HOUSE TODAY

Advocates of United States Measure Win Preliminary Victory.

EXPECT HARD FIGHT

Regular Business Suspended To Give Proposal Right-of-Way.

WASHINGTON, Dec. 21.—The Fordney emergency tariff measure, designed to protect some 20 odd farm products by virtually stopping their importation through heavy duties, will be called up in the House tomorrow under a special rule giving it right-of-way and limiting debate.

Although a hard fight is expected, proponents of the bill declared tonight its passage by the House was certain. Its fate, however, in the Senate is regarded as somewhat doubtful. In the first test vote today advocates of the special tariff legislation won a signal victory by adopting, 206 to 76, a motion to suspend the business of the calendar Wednesday so as to bring the bill to a vote tomorrow before adjournment.

There will be no opportunity to include other articles by amendment. The bill was denounced in the House today as "special legislation" by Representative Madden, Republican, Illinois, who declared that its "unwisdom made it manifest to everybody. The purpose of the measure, Mr. Madden said, was to legislate on a few articles, and to eliminate from consideration many other articles in the hands of thousands of others."

Mr. Madden's only other reference to the bill was by Representative Longworth, Republican, Ohio, who said it was matter to have important agricultural interests "from stark and certain ruin."

PURSE MAY PROVIDE
CLUE IN THE SEARCH
FOR MISSING GIRL

Father of Mary E. Caldwell Believes She Is Somewhere in Canada.

WINDSOR, Dec. 21.—A small purse, which Miss Mary E. Caldwell of Detroit was said to have with her when she was reported kidnapped by four men last Wednesday, was found in front of the Caldwell residence at 29 Piquette avenue today by a young brother of the police were told. Detectives say this may mean the girl is in or near Detroit, and that it was dropped there by either herself or by someone who knows her whereabouts.

The girl's father, C. M. Caldwell, after a two days' search of Toledo, has returned to Detroit and will now center his efforts in Windsor and the surrounding district, where he believes she may possibly be held prisoner by kidnappers. He hopes to solve the mystery on the Canadian side. The police were planning to communicate with all of the girl's relatives to see if she had gone to visit any of them.

Identified Photograph.
Clarence Wells, a supply sergeant of H. Company, 37th Infantry Regiment, stationed at Fort Wayne, told the detectives he had talked to a girl in the Michigan Central depot the night of Miss Caldwell's disappearance, and identified a photograph as being that of her. He said the girl had a ticket to Chicago.

YOUNG WAR VETERAN
HONORED BY COMRADES

Funeral of Guy James Was an Impressive Ceremony.

TILLSONBURG, Dec. 21.—The funeral of the late Guy James, aged 22, who died at his home on Saturday, was held today, internment taking place in the town cemetery, and was probably one of the largest ever held in the town. The young man enlisted at the age of 17 in C. Company, Tenth Battalion, and spent some three years in the trenches, being severely wounded twice. About six months after returning home his health gave away. Rev. P. B. Loney of the Lindsay Baptist Church officiated, while G. W. V. A. comrades marched in a body to the grave, where the last post was sounded by Bugler Sgt. Jerry of Woodstock. He is survived by his mother and one brother, Harry, of Ottawa. The pall-bearers were fellow-members of the Tenth Battalion, G. Howden, R. Brookfield, A. McIntyre, F. Broughton, H. Buckenrough and A. F. Gerow.

FREIGHT PAYMENTS
IN CANADIAN FUNDS
WAS NOT DISCUSSED

OTTAWA, Dec. 21.—(By Canadian Press.)—The matter of the prepayment of rates on international shipments in Canadian currency on the haulage was not further dealt with at the tariff sitting of the board of railway commissioners held today. It is said that the question is at the present time a matter of negotiation between the Canadian and United States railways, and that the railway board is in demanding payment of these rates on goods shipped from Canada in United States currency.

CABINET SHOWS NO SYMPATHY TOWARD MAKERS OF CANDY

The Government Unlikely to Change Luxury Tax Regulations.

OTTAWA, Dec. 21.—(By Canadian Press.)—Candy manufacturers who object to having their products subject to luxury tax the same as alcoholic beverages and toilet preparations and automobiles who think they should have a rebate on cars they purchased under the tax are not likely to receive a great deal of helpful sympathy from the cabinet, judging from remarks of different cabinet ministers to the Canadian Press this morning.

In the case of candy, the Government, it is said, takes the stand that the cheaper grades, which are usually given to children, are free of tax in any case, so there is no suggestion of depriving the kiddies of their Christmas candy. The more expensive grades of chocolates, etc., which are really in the luxury class, are still taxed and likely to remain so. As for automobiles, one minister pointed out this morning that the argument of the dealers that they have a rebate, because they were stuck with cars on which the tax was paid was illogical. The same automobiles had not offered the Government a rebate on cars they bought a few days before the tax became effective.
