Maude Adams' New Play. | cil. A short musical program will follow. The meeting is open to all.

It is not only to a boy's character that Maude Adams returned to the Empire Theatre, New York, when she made her first bow as Chicot in John Raphael's translation of Miguel Zamacois' "Tne Jesters," but again she returns to an atmosphere as charming as a fairy tale, as dainty as an exquisite jewel, as fantastic and airy as a child's dream. Chicot, the jester, is an avowed poet, as Peter Pan was a poet unawares. It is Chicot's sprightliness of wit, his fancifulness, the radiant glow of his poet's mind and lover's heart that capture the love of Solange, the daughter of Baron de Mautpre.

Chicot is victor in a tournament of

The program for the sicale at the s

in theme it is something more; it is the lover's story of the coming of Prince Charming, told in verse that has heart as well as poetic elegance. The role immediately suggests itself as "another Maude Adams' part." The scenes evoked by the poet are sweet, familiar and honest. Visions of flowers, of birds and of sleeping children, watched over carefully by their mothers, a continu-ous spirit of gaiety, of maiden's innocence and youth's first love, with never a note of sadness, make up the four acts of Zamacois' comedy of sweet and

SKULL WAS THIN.

A curious circumstance in connection with the finding of the body was that there was no money in the dead man's clothes, which were good, and his general appearance would indicate that he was well-to-do. He had either divested himself of all papers, jewelry, etc., which might identify him, before he killed himself, or, in the event of his being murdered, as some are much inclined to think, he has been stripped of all valuables by his slayer or slayers. The unknown was seen on the city streets some days before the tragedy, in company with another stranger. He wore a new hat with the trade mark of a Detroit firm, which would indicate that he came here from that city.
