The decision of the same meeting to reject the offer of the Dennis site for a new school may be reconsidered, according to officials of the Ratepayers' Association. This was twelve acres of land for \$20,000, having the approval of both board and inspector, both as to price and location.

## HOTEL IS NEEDED IN EAST TORONTO

No Accommodation For Railroad Passengers From Little

Among the needs of the East Toronto district, according to the statements of various business men thruout the section, is the necessity of hotel accommodation, for the passengers arriving at Little York station and the large number of commercial travelers and others who daily visit this important railroad and business centre. In order to get a meal it is necessary to return to the city, a distance of six miles, as there are no houses to cater to the wants of the visitor. No doubt the matter of hotel accommodation will be considered by the National Railways authorities in the near future. The amalgamation of the two great railroads, the Grand Trunk Railway and the Canadian National at Little York, recently accomplished, is working splendidly, according to the statement of the officials, but much still remains to be done in connection with the layout by the board.

## RECTORY BURGLED.

Late on Tuesday night or early yesterday morning the rectory of St.

Can St. Simons repeat their dose of last season? They meet Young Torontos at the Beach on Saturday for the first time this year, and expect to take a fall out of Bruce Mitchell's all-star aggregation. While the Blue and White have a shifty home, they'll have to go some to outsoore the Saints, as every man on the attack is a husky youth with plenty of pep behind the attack. Young Torontos' defence is strong enough, but their close-in home is built on a somewhat smaller scale than their opponents. It should be one of the best games of the season, and a big crowd will no doubt be on hand to cheer their favorites. Messrs, Querrie and Dunds's will keep the players from rough tactics.
