### TRIES SUICIDE IN CELL AFTER FLORIDA WATER

Peterboro, Ont., Sept. 30.—(By Canadian Press)—Jack White, a laborer, attempted to commit suicide in the police station here this morning by cutting his throat with a small pocket knife which he had concealed in his shoe. He lost over a quart of blood, but his wounds will not prove serious. White entered the police station at 7:45 and asked to be placed in a cell. When he was later arraigned in police court on a charge of attempting to commit suicide it developed that he had been drinking Florida water and extracts. This, in addition to unemployment, brought about by unemployment, affected his mind and led him to commit the act.

### HAMILTON

Hamilton, Sept. 30.—Controller Nathan has prepared for submission to the board of railway commissioners a good deal of the information gathered from Hamilton business concerns regarding the telephone rates question. Almost without exception the replies state that there is strong objection to any increase at all.  
About eighty delegates of the Ninth Congress of the Chamber of Commerce of the British Empire, arrived in Hamilton tonight and were entertained at a banquet at the Royal Clarence hotel by the local chamber of commerce and the city council. There was a large gathering of representative citizens in attendance, and a most hearty welcome was accorded the visiting delegates.  
That an acutely serious situation is developing as a result of the present high rents for all classes of houses throughout the city is the unanimous opinion of several Hamilton clergymen, particularly those whose charges are situated in the districts populated by workmen. In their work they are meeting with cases of real distress resulting from the situation.  
It transpired yesterday that the meeting of the board of railway commissioners here on Oct. 7 will not be for the purpose of hearing the city's case in opposition to the Bell Telephone Company's rates increases, but for the hearing of the application of the Grand Trunk Railway for authorization to reconstruct the bridge over the right-of-way at James, MacNab, Hushon, John, Catharine and Mary streets.

### EXPECT NEW DROP IN COST OF LIVING

Labor Department, Ottawa, Quotes Figures — Prices Towards Pre-War Levels.

Ottawa, Sept. 30.—(Canadian Press).—Further declines in the cost of living throughout Canada are to be expected. A statement from the labor department today says that the declines in prices already noted appear to be the beginning of a downward movement toward pre-war levels. Between March and July the retail prices of clothing in the United States were found to have fallen four per cent.  
Calculations Agree.  
The increases in cost of living in the United States reported from time to time by the board agrees closely in the average with the calculations by the department of labor as to the increases in Canada.  
For July, 1920, in both cases the increases since the beginning of the war is 108 per cent, but food, rent and clothing appear to have risen somewhat more in the United States, while fuel advanced more in Canada.

### Average Budgets.

In December, 1913, the average weekly cost of a family budget in Canada, according to labor department statistics, was: Food, \$7.75; fuel, \$1.85; rent, \$4.05; clothing, \$2; sundries, \$3.18; a total of \$19.50. That total increased steadily until July, 1920, when it reached \$40.76. The items were: Food, \$16.48; fuel, \$5.64; rent, \$6.38; clothing, \$7.38; sundries, \$5.50. There was a decrease in the weekly budget in August, when the total receded to \$40.43; the items being: Food, \$16.42; fuel, \$3.76; rent, \$6.37; clothing, \$7.38; sundries, \$5.50.

### SAYS CANADA IS EAGER FOR LEAGUE OF NATIONS

Princeton, N.J., Sept. 30.—Dr. John G. Hibben, president of Princeton University, in his speech of welcome to the delegates to the tercentenary of the landing of the Pilgrims, today endorsed the idea in a society of nations.  
Senator Raoul Dandurand, Montreal, also discussed the league of nations. He said:  
"We Canadians and you Americans, we have for the last hundred years settled our international difficulties by arbitration, as it should be the world over, and as it will be all over the world if the United States furnishes us the moral leadership, and we are hoping in the fulness of our souls for the league of nations."

Woodstock, Sept. 30.—(Special).—Mark Tong, a prisoner in the local jail, committed suicide in his cell this afternoon. Tong, whose home was in Toronto, was sentenced with another Chinaman named Wong Ting to five years in Kingston on three charges of theft from local stores, and was in jail waiting to be taken to Kingston to serve his sentence when he ended his life. When the jailer took the evening meal to the cell, he found the prisoner hanging to the framework above the door. He had fastened one end of his necktie to the iron frame and the other around his neck, using a stool to stand on. This he kicked away. An inquest has been ordered.

### MAYOR WILL NOT TRY ANY MORE O.T.A. CASES

Attorney-General Raney announced yesterday that W. A. McCormack had been appointed police magistrate of the town of Amherstburg. Interest is lent to the appointment by the fact that Mayor Reid of the town, who has by virtue of his office been sitting in a justice of the peace and hearing offences against the O. T. A., was himself fined for a breach of the act. Mr. Reid is not a regularly appointed J. P. but sat with his brother, who is, because of his position as mayor. In future, therefore, all the town's court cases will be heard by the new magistrate.

### Mysterious Disappearance Of a Beaverton Woman

Beaverton, Ont., Sept. 30.—There is great anxiety felt from the sudden and mysterious disappearance of Mrs. Stephen West, from her home on the corner of Simcoe and Main streets, Beaverton, on Tuesday evening, Sept. 23, shortly before seven o'clock. Just after partaking of the evening meal, Mrs. West went out by the front door, while the others remained at the table, and has not been seen since.  
The harbor has been dragged twice, the water above the dam was let down, the lake shore and river flatland thoroughly searched, but all in vain.  
She is about forty years of age, medium height, slight form, dark hair and eyes. She wore a plain white dress, no coat or hat.  
ROK TOWNSHIP COUNCIL.  
The township solicitor was instructed to write the C.P.R. regarding James street and Starbuck road subways, which flood spring and fall, the former at times being a menace to life.  
A petition was received signed by ten out of 14 ratepayers for a water main on Testman avenue, Mount Dennis.  
A letter from R. C. Harris of the Toronto works department promised a partial water supply for Atlas avenue.  
A bylaw was passed for the construction of a four and a half foot sidewalk on McNab avenue, from Atlas to Dunelm avenue, estimated at \$2,650. Also for a bituminous pavement on Atlas avenue, from Normanna avenue, 190 feet northward.  
Deputy Reeve Barker was in the chair.

### PLAYWITES IN FINAL

Brantford, Sept. 30.—Hamilton Playwites, in a great finish, here this afternoon, defeated Guelph by the score of 4 to 3, in the O.B. semi-final and are qualified to meet Peterboro in the final series. Guelph led until the eighth inning, and with two out, Whetstone weakened, passing two men and allowing two hits. With runners on third and second, Murphy was called to the rescue and Cumpson's drive to centre scored the winning counter. Whetstone up to the eighth had pitched invincibly all while Miller for Hamilton, subsection thus far this year, had struck ten batters out. The game was a snappy fielding affair, and rosters in plenty arrived in Brantford for both teams. The score:  
Guelph..... 0 0 1 0 2 0 0 0 0 0 0 0 0 0  
Hamilton..... 0 0 0 0 0 0 0 0 0 0 0 0 0 0

### ROBERTSON WARNS BIG UNION MINERS

Points Out Coal Surplus in West Would React on Strikers.

Calgary, Alta., Sept. 30.—Just before attending a conference with Alberta coal mine operators Thursday morning, Hon. Gideon Robertson, minister of labor, in the course of an interview with the *Canadian Press*, referred to a feature of the coal mining situation, which he intimated was entirely lost sight of by the One Big Union electric meat that threatens to call a strike Friday.  
It may not be generally known," remarked the minister, "that during the first seven months of this year there were more than one million tons of coal in excess of the 1919 production, and that quite substantial reserves of both bituminous and lignite coal have been accumulated during the summer months.

Pointer for O. B. U.  
"The One Big Union miners, therefore, who contemplate striking if they have been informed that there is a scarcity of coal, and that immediate action would be necessary to insure the continuance of production, will find that they will be greatly mistaken."  
Mr. Robertson further stated that adequate protection would be afforded to the miners desiring to continue work in fulfillment of their contract.
