Nominations for offices will be received this evening at a meeting of the Y. M. S. of St. Joseph.

Steamship Manchester Trader arrived at Halifax this morning at 5 o'clock from Manchester. She will come here after discharging her Halifax freight.

The first of the second series of private assemblies arranged by Branch 134 C. M. E. A. will take place in their hall, McLaughlin Building, Union street, on Wednesday evening next, Jan. 9th.

A shot-gun lottery was conducted in the north end in aid of one of the "four shermen" injured at Sand Point and it realized a considerable sum. J. Bosence, Jr., of Fairville, was the winner of the gun, holding the ticket No. 628.

A gratifying increase in the ferry traffic of 1920 over that of 1919 is shown. In 1920 the number of passengers carried was 1,002,008, an increase of nearly 70,000 over the number in 1919. The cash returns from the ferries show an increase of more than \$1,000 and the greater amount collected from team traffic will swell the increase.

While Mrs. Slattery, of Delhi street, was awaiting the departure of the C. P. R. this afternoon in the depot, she lost her best fur collar in a rather mysterious manner. Mrs. Slattery was carrying the fur across her arm and thinks that she must have dropped it. She immediately notified L. R. Ross and Officer Collins, but had not recovered it before the C. P. R. left the station.

It is expected that the platform being built across Union street, west end, will be completed by the last of this week. McLaughlin, chairman of the board of works, speaking of the matter this morning, said the reason the work had not been hurried was because the fear that there would be another slide and that the work might have to be done all over again.

The Protestant Orphan Asylum gratefully acknowledges through O. H. Warwick, treasurer, the receipt of the following: The Misses Vera and Muriel Ross, proceeds of piano concert at 117 Elliott Row, towards electric lighting installation, \$7.00; Luxor Temple Ancient Arabic Order Nobles of the Mystic Shrine, \$20.00; Trinity church grant, Dr. Botaford charity fund, \$100.

B., expressed his regret at the departure of Mr. Morel, who has made many friends while in the city.

POLICE COURT

Several Drunks Faced Magistrate This Morning.

Wm. McArthur, a seventeen-year-old lad, was arrested Saturday night on a charge of drunkenness.

Where he got his liquor seems to be a mystery, but, according to the police, he was dead to the world, and it took five men to carry him to the police station. His condition was such that it was feared he would collapse and Policemen Robert Crawford and McLaren attended him all night.

McArthur was remanded for further hearing. Policeman Crawford remarked: "He's pretty saucy. That's the kind of a hair-pin he is, if you ask me." Two drunks were fined \$8 each. Emma Lester, found lying drunk in Queen square, was fined \$8 and two months.

OBITUARY

George Hurd

The death occurred yesterday morning at the general public hospital of George Hurd, the five-year-old grandson of Mrs. French, Winter street. Death was due to diphtheria. This morning Rev. Mr. Dickie performed the burial service and interment was made in Fernhill.

Thomas M. Pengilly, a well known druggist, and a native of this city, died at Roxbury, Mass., last Friday. He was in the 54th year of his age.

QUEEN'S ROLLAWAY

At the Queen's Rollaway tomorrow night the first ladies' night will take place. Patrons of the St. Andrew's Rollaway will remember how popular these evenings were. For tomorrow night two skating parties have already secured tickets. Gentlemen will please remember the usual rules that are in force on ladies' night. There is a band every evening at the Queen's.

HOW WOULD IT BE HERE?

If Mr. Herley's Plan Were Adopted in St. John What Would the Aldermen Do.

Samuel Kerley, of Fort William, Ont., who is in the city on a visit, made a rather startling statement to a newspaper in speaking of conditions in the west. Speaking of the prevalence of typhoid and diphtheria in the western towns, he said he thought the members of the council would be wise to blame for the conditions. "There ought to be a law on the statute books of our country," he said, "that when lives were lost through the negligence of the common council that its members should be hanged." At another point in the conversation he said that the heads of the aldermen of Fort William ought to be chopped off.

N. S. BARK ASHORE

The Calcium of Parrsboro May Be a Total Loss

While the British bark Calcium, Captain Friebe, from Havana, was bound into Gulpport, Miss., last Friday, she ran ashore on Chandeleur island and lost her rudder. Her condition is considered so precarious that it is feared she will prove a total loss. The vessel was under charter to John F. Brooks & Co., of Boston, and was to carry a cargo of lumber for that firm from Gulpport to Sierra Leone, Africa. The bark Calcium was built at Parrsboro, N. S., in the year 1886, by C. F. and F. R. Eaton, for Charles B. Dix; she was 678 tons net register and 789 gross.

HALIFAX BRANCH OF ST. JOHN HOUSE

Brook & Paterson, of this city, who last year opened a branch of their wholesale millinery and fancy dry goods trade in Halifax, have just secured much larger quarters. They have purchased the granite warehouse at 172 Granville street, and will have it thoroughly re-fitted, putting in an electric elevator, electric lights, hot water heating, steel ceilings, plate glass front, and all interior conveniences for their business. The building is four stories high and will be ready for occupancy in their Halifax headquarters to the new building as soon as it is completed. They have secured the services of G. L. Murray, formerly with A. E. Book & Co., to travel for them in eastern Nova Scotia, attached to the Halifax staff; and Mr. Book & Co., as a member of their warehouse staff. The retirement of a leading Halifax firm from the wholesale millinery business made an opening which enabled the enterprising St. John house to enter that field on a much larger scale than heretofore.

P. E. ISLAND BOYS WHO MADE MONEY

L. E. and R. W. Shepherd, formerly of Prince Edward Island, but now engaged in mining business in Fairbanks, Alaska, passed through the city Saturday on their return westward. They had been visiting their old home, after an absence of 28 years.

When Klondike was boomed in 1897 they located near Dawson City and struck luck, and in five years time moved into the United States and located in the newly founded town of Fairbanks. With capital to start on they established a large mining business in the Tanana valley, and at present employ eighty men. They have accumulated large sums of money and L. E. Shepherd, the younger of the two, when asked regarding his fortune said it was well within half a million. Before returning to Fairbanks they will visit California.

M. R. A.'s UNDERMUSLINS TOMORROW.

These sales of luxurious new underwear for ladies, and misses are perhaps the most important events of each winter shopping season and are always attended by thousands. The supply now ready is far in excess of that of other years, and the goods show much improvement in style and trimming.
