Newfoundland.—We regret that another very disgraceful evidence of the bitterness of party feeling has been furnished from this Island. Mr. H. Lott, a Frinter, employed in the office of 'The Public Ledger' Newspaper, (a violent, party paper) was way.aid between Carbonear and Harbour Grace by some ruffians, who knocked him down, cut off part of each of his ears, and rifled his pockets of about eight dollars. Much excitement was caused by the cruel and cowardly outrage, and his Excellency the Governorissued a Proclamation, offering a reward of £300 sterling alfor the apprhension of the offenders. Every good man must wish that the attempt to discover and punish may be effectual. They who use personal violence, in political disputes, place themselves beyond the proper sympathy of all parties, and are the worst enemies which the party they disgrace by espousing, can have.—Novascotian.
