### 'Caught Cold.'

#### Had a Distressing, Tickling Sensation In The Throat.

Mr. Albert MacPhee, Chalmers Mills, N.S., writes: "In Oct., 1933, I caught cold by working in water, and had a very bad cough and that distressing, tickling sensation in my throat so that I could not sleep at night, and my lungs were so very sore I had to give up work. Our doctor gave me medicine but it did me no good so I got a bottle of Dr. Wood's Norway Pine Syrup, by the time I had used it I was entirely cured. I am now recommending it to my friends."

Dr. Wood's Norway Pine Syrup combines the potent healing virtues of the Norway pine tree with other absorbent, expectorant and soothing ingredients, recognized world-wide as absolutely harmless, prompt and safe for the cure of Coughs, Colds, Bronchitis, Croup, Sore Throat, Pain or Tightness in the Chest, and all Throat and Lung Troubles.

There are many imitations of "Dr. Wood's" so be sure and get the genuine when you ask for it.

Put up in a flow wrapper, three pine trees the trade mark, price 25 cents. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

### Music in St. John

Editor Times:—

Sir,—Yesterday morning in Queen Square church there was a most excellent programme carried out, consisting of music, songs and sermon. The sermon was delivered in the usual manner of the Rev. Mr. Anthony of the Congregational church, Harry Dunlop, the rising young musician presided at the organ. Under the direction of our excellent director, John Bullock, Mrs. Dunlop and Mabel Williams gave solos, and Roy Robertson and Samuel Smith also gave solos in the south choir loft. The regular church choir sang in unison with the north choir. Queen Square church stands alone in this city in regard to choir's in the fact that she has two choirs, one at the south and one at the north end of the church, which was the creation of John Bullock, who planned and carried out the excellent choir out of the bigness of his heart. But when John Bullock looks in to the faces of his choir and sees their smiles and hears their sweet, young voices raised up praise of the Almighty Saviour, then when he looks across at the church and hears the many and womanly voices of the other choir raising their clear voices to the same Power, he feels he is entirely rewarded for all his labor to bring the church music to its high standing which it holds today. We all recognize the power of music and we try to have some of it in our homes, and in our lives, by day. I'm very glad indeed that St. John devotes a part of its time to music. Though I'm deaf, still my interest in music for the sake of the other fellow has never abated, and I hope to see, if I can't hear, a great choir, a united choir, formed in St. John, to be an uplift to every body. We are all striving for a better and bigger St. John in a business way. Why not a bigger and better musical St. John. We have a great array of musicians in town. The need now is for a leader.

Yours sincerely,  
A. B. TURNER HOWARD.

### Extensive Improvements of St. John Ice Company

Contracts have been awarded to J. Drury & Son, R. Mooney & Sons, and to Joseph H. Noble, for the extensive improvements in the new office of the St. John Ice Co., Ltd., and R. P. & W. F. Starr, Ltd., branch office at No. 206 Union Street, adjoining the Bank of N. B. A. The whole office front is being changed, and the installation of one of the largest sheets of plate glass in the city, 120x114 inches, will greatly improve that section of Union Street.

While the repairs are being made, the temporary office of the ice company will be at 42 Water Street, and the business of the branch office of R. P. & W. F. Starr will be carried on at their head office.

#### People of St. John May Know What is in the Medicine They Take. An Enterprise Which Merits the Endorsement and Hearty Support of the Public

Health should be more seriously considered and safeguarded. The government have partially awakened to the fact and they compel the publication of certain ingredients on the packages of medicines that contain them. That was a step in the right direction, but it did not teach the public to know and be told about every ingredient of every medicine they take. In my business of selling drugs and medicines, I am compelled to sell what the public demands, even though some medicines I sell contain drugs which are injurious to the good health of the people using them.

I have often attempted to overcome this evil, but I was almost positive that I came affiliated with about half the States and Canada in connection with the United States Drug Company, Limited, Toronto, Canada. Through the large co-operation of distributors, it took me more than two years in search of extraordinary remedies. When they found a remedy that was perfect they purchased its prescription. The druggists themselves also contributed prescriptions that they knew to be good through their having been continually prescribed and successfully used by eminent physicians.

In this way about one thousand different prescriptions were collected. These need of such a remedy to try Rexall's Tablets at my risk. Three sizes, 25¢, 50¢, and \$1.00.

When you purchase Rexall's Remedy you are buying health insurance, and I believe I could sell you anything more secure and liberal guarantee. If you are in need of medicine, remember—offer and take advantage of it. Charles Watson, 100 King Street and 21 Dock Street.

Dr. Melvin, treasurer of the Association for the Prevention of Tuberculosis, acknowledges with thanks the following contributions: Mrs. Charles MacDonald (life) \$20; Mrs. F. L. Kenney, \$1; St. John's Presbyterian church (collection), \$5.
