THE EVENING TIMES-STAR, SAINT JOHN, N. B., THURSDAY, DECEMBER 2, 1926

## HALF MILLION DEFICIT FACES DOMINION COAL

Working Capital Is Cut \$1,500,000, President Wolvin Reports

MONTREAL, Dec. 1.—Shareholders of the Dominion Coal Company, Ltd., at their annual meeting, to be held Dec. 13, will be presented with an annual statement which will reflect the adverse influence of the strike in 1925 both in the profit and loss and balance sheet sections. Operations resulted in a loss for the year of \$2,264,287, which wiped out the previous surplus and placed a deficit of over half a million dollars in the asset side of the ledger. Working capital was reduced over a million and a half. President Wolvin tells of the improved conditions encountered this year and is hopeful in looking into the future.

In his comment upon the company's operations during the twelve months ended December 31, 1925, Mr. Wolvin says:

**IMPROVEMENT LIMITED**  
Cost of properties appears to be \$27,142 less than last year's figures. This is due to the fact that only a

limited amount of improvement in your properties was possible, owing to the conditions which prevailed for a large part of the year, and expenditures for this purpose were limited to a small amount, leaving nearly the whole of the reserve for depreciation and depletion to apply in reduction of property accounts.

**WORKING CAPITAL**  
"The position with respect to working capital at the end of the year is an index of the conditions through which your company's affairs were passing."

"Current and working assets were reduced \$792,845, and current liabilities were increased \$801,474, through increased borrowings from the company's bankers. The total diminution in the excess current assets over current liabilities was therefore \$1,594,319."

**RESERVES INCREASED**  
"Reserves for current improvements and operations were not only fully maintained, but were slightly increased."

"The operations in that portion of the year during which the mines were worked resulted in a profit of \$346,497. After charging off the expense directly attributable to the closure of the collieries and the reserve for depreciation, the loss for the year amounted to \$1,888,983. Bond interest and other capital charges and interest on inter-company accounts amounted to \$405,354, making the gross deficit for the year \$2,294,287, and resulting in a deficit of \$222,934 in surplus account. It should be noted that the interest accrued on the 6 per cent income bonds has not been included in these figures, and that this must be provided for when the company's earnings are sufficient for the purpose."

**MARKED BY DISTURBANCE**  
"The year 1925 was marked by the

## World News In Short Metre

**LONDON**—Violet Burton, 7, used to go to school at West Coker. One day her father gave her a silver bracelet. Teacher told her to take it off. Father told Violet to wear it. The next day Violet was sent home. Father bought her a gold bracelet and took her to school himself. Meanwhile the school board met and decided that no child wearing bracelets or similar adornments could be admitted. The affair finally reached the Ministry of Education which upheld the school officials.

**HONOLULU**—The pledging of David Kalaikau, last prince of Hawaii, to future political activities in Hawaii, was the principal feature of interest at a recent political meeting here, when his mother, Princess Kawannakoa, promised listeners that his would be a career of public life. The princess assured the gathering that as soon as young Kalaikau was of age, he would actively enter politics.

**BELLINGHAM**—A Puget Sound fisherman thought he had caught a baby sea serpent when his net disclosed a wriggling creature with a sheep-like head, glaring eyes, long

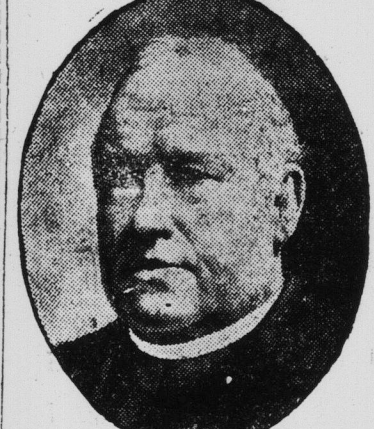

most serious disturbance in the relations between the management and the working force that has occurred during and recent period.

"Negotiations for a reduced wage scale were begun about the middle of December, 1925, and were continued without arriving at an agreement until March 6, 1926, when the men were ordered to cease work by the officers of the United Mine Workers' Association of America, of which they are members."

"The order included the men engaged in maintenance work, pumping, ventilation and other necessary services, who are everywhere exempt from strike orders. Their work was carried on as well as possible by volunteers from the offices and departments."

**DON'T LET THAT COLD GET THE BETTER OF YOU**  
If that persistent cold or cold is fastened on you right at the beginning of our long winter it may lead to serious results as the pneumonia becomes more severe. Your doctor

would tell you that the soothing, healing elements in Father John's Medicine are exactly what he would prescribe for such a condition. The value of Father John's Medicine has been proven by over seventy years of success. It soothes and heals the breathing passages and, because of the nourishing food elements it contains, helps to rebuild wasted tissue and gives new strength with which to build health. Get rid of that cold or cough now, before it is too late.

would tell you that the soothing, healing elements in Father John's Medicine are exactly what he would prescribe for such a condition. The value of Father John's Medicine has been proven by over seventy years of success. It soothes and heals the breathing passages and, because of the nourishing food elements it contains, helps to rebuild wasted tissue and gives new strength with which to build health. Get rid of that cold or cough now, before it is too late.

Just two weeks ago Mr. and Mrs.

Carman celebrated their 40th wedding anniversary. Besides his widow, who was formerly Miss Maggie Clouston, of Lower Derby, he is survived by three sons, Fred and James, at home, John, of McKinleyville, and three daughters, Mrs. Frank Saunders, of Chelmsford; Merle, at home, and Mrs. Frank Parks, of Upper Derby; also one sister, Mrs. Douglas McKinley, of McKinleyville and two brothers, Walter, of Sackville, and Sol, of Milton, of McKinleyville, and Sol, of

New York. Funeral will be held Thursday afternoon.

**E. Melanson**  
SACKVILLE, Dec. 1.—Eustache Melanson died at his home in Middle Sackville last night, aged 77 years. He was born at Memramcook but has resided in Middle Sackville for many years, where he is highly respected. Besides his wife, he leaves one daughter, Mrs. George Merrill, of Saint John, and two sons, Edgar, of Sackville, and Walter, of Sackville. Funeral will be on Thursday afternoon at 2 o'clock.

**CARL AKELEY DEAD**  
NAIROBI, British East Africa, Dec. 1.—Carl Akeley, American explorer, sculptor, author and inventor, died Nov. 17 in the Belgian Congo, where he had been collecting specimens for the American Museum of Natural History.

Mosquito bites can be treated with tincture of iodine, a weak solution of ammonia, or iodine and glycerine mixed.

teeth and a big back fin. But naturalists pronounced it a baby lamprey and—none of the few ever found that far north.

**HUTCHINSON, Kas.**—Geo Coffey 13, farmer's daughter, was disappointed because she was one year too old to enter her embroidered bedspread in the juvenile department of the county fair. So she entered it in the adult's department—and won first prize over the country's expert needlewomen.

**LYNN, Mass.**—David J. Woolley died recently at 74 at his home in Omaha, Neb. He was born in Lynn and when 13 years old posed as the drummer boy for the painting "The Spirit of '76" by Archibald Willard. Willard and Woolley were warm friends.

**PHILADELPHIA**—A company is offering several sheets of paper for sale at \$200,000. The documents comprise Benjamin Franklin's letter to Frederick the Great and copies of the Declaration of Independence and the Articles of Confederation, with Franklin's signature.

**LONDON**—Rooms with sun-baths are the latest fad offered by a big London hotel. The sun-bath is an inside room with artificial sunlight, in which the bather reclines nude on a couch of gold-colored linen surrounded by jade-colored hangings. The light is automatically turned off after one hour, so the bather won't get sunburned.

**HONOLULU**—A series of experiments begun several years ago, is being completed and gives promise of another agricultural industry for the Hawaiian Islands. The experiments centre around the preserving of the native avocado (alligator pear), with the "shell" removed. Owing to the great demand on the mainland for the experiments were undertaken.

**PARIS**—American big game hunters are still heading for Africa. The latest are Mr. and Mrs. E. L. King, of Winona, Minn., who will hunt in Tanganyika, where there are estimated to be 75,000 buffalo and antelope. The University of Minnesota and the Winona Museum of Natural History will get all their specimens.

**ROME**—A policeman here arrested a girl whose knees and most of the rest of her legs were bare—and got dismissed for arresting her. Why? Because she was only 6 years old. The authorities held that the "modest dress" standards recently promulgated do not apply to children.

**Deaths**

**Robert Moore**

**CHIPMAN, Dec. 1**—Robert Moore, well known farmer, died at his home here this morning, aged 79 years. Mr. Moore was a life-long resident of this place except for 10 years spent in California. On his return from the west he married Miss Janet M. Langin. He is survived by his widow, five daughters, two sons, five grandchildren and one sister, Mrs. Robert MacNeill, of Chipman; also one brother, John, of British Columbia.

The daughters are Jessie Rosamond, home, Mrs. J. G. Oliver, of St. Claude, Man.; Agnes, of Winnipeg, and Adelaide, of Boston. The sons are Murray and Latta, both of Chipman. The funeral will take place from his late residence at 10 o'clock Friday morning.

**Wm. Carman**

**NEWCASTLE, Dec. 1**—William Carman died at his home in McKinleyville on Tuesday afternoon at 2 o'clock following an illness of eight days of pneumonia, at the age of 70 years.

Just two weeks ago Mr. and Mrs.

Carman celebrated their 40th wedding anniversary. Besides his widow, who was formerly Miss Maggie Clouston, of Lower Derby, he is survived by three sons, Fred and James, at home, John, of McKinleyville, and three daughters, Mrs. Frank Saunders, of Chelmsford; Merle, at home, and Mrs. Frank Parks, of Upper Derby; also one sister, Mrs. Douglas McKinley, of McKinleyville and two brothers, Walter, of Sackville, and Sol, of

New York. Funeral will be held Thursday afternoon.
