Approach With Italian Government Factor.

Sacred College Believed to be Evenly Divided in Opinion on This and Opportunity is Seen for Selection of a Foreign Cardinal.

(Canadian Press Cable) Rome, Jan. 27.—With the body of the late Pope Benedict laid away beneath the flagstone of St. Peter's, the interest of the Sacred College and the Vatican household turned today to the election of his successor.

The question of a rapprochement between the Church and the Italian government enters into the election. A thorough canvass of opinion in the Vatican shows that the peace party, or those advocating closer relations with the government, are virtually deadlocked with the irrecconcilables, or those opposing a rapprochement.

Twenty nine cardinals, headed by Cardinal Gasparri, the camerlengo or acting head of the Church, are known to favor the continuance of Benedict's policy, which was understood to have been directed toward a resumption of relations with the Quirinal. Twenty members of the Sacred College are thought to be just as strongly opposed, while nine are classified as neutral.

The attitude of the United States Cardinals—O'Connell of Boston and Dougherty of Philadelphia—is unknown at the Vatican, but the opinion is expressed that unless a compromise is reached, never has there been such an opportunity for a foreign cardinal to be elected Pope. The majority enjoyed by the Italian members of the Sacred College is so evenly divided that Vatican officials admit all depends upon the attitude of the foreign cardinals.

The boom for Cardinal Mussi, Archbishop of Pisa, who was mentioned as favored by the government, appears to be on the decline. Archbishop Merry del Val, respectively leaders of the peace party and the irrecconcilables, are acknowledged by their supporters to have little chance of being elected themselves.

The candidacy of the Gasparri party, Cardinal Ratti of Milan, while Cardinal Merry del Val's faction, after voting for their leader on the first ballot in a test of strength, it is understood will switch to Cardinal Laurenti, the newest created member of the Sacred College presided for many years over the Catholic world missions, and is well known to all foreign cardinals.

Cardinal Van Rossum of Holland, is most prominently mentioned as a neutral candidate, should a deadlock be reached in the conclave. He is 67 years of age, and was raised to the purple by Pius X, in 1911.

For the first time in history, women will be permitted to be present in the quarters occupied by the conclave. They are the Sisters of Mercy who will preside over the destinies of the cardinals' kitchens, which heretofore have been supervised by monks.

The arrival of Cardinals Schuler of Cologne, Bertram of Breslau, Faulhaber of Munich and Frick of Vienna brought the number of foreign cardinals in Rome to ten. In addition to the German and Austrian cardinals, there are here Cardinals Dubois of Paris, Lucan of Rheims, Maurin of Lyons, Vial of Tarazona, Bourne of London, and Gasquet, a British cardinal resident in Rome.

To Sail Tomorrow. New York, Jan. 27.—Cardinal Begin, archbishop of Quebec, arrived here today on his way to Rome. He will sail on the S. S. La Lorraine tomorrow. He is a guest at the Fathers of the Blessed Sacrament while here.

LATE SHIPPING Tacoma, Wash., Jan. 27.—Jack McAuliffe, Detroit heavyweight, was given a victory over Floyd Johnson of San Francisco after a terrific six-round bout here last night. Johnson fought an uphill battle nearly all the way, but showed exceptional staying power.

Grand Rapids, Mich., Jan. 27.—Bob Roper may be suspended from boxing in Michigan as a result of cancellation of his scheduled bout here tonight with Larry Green, according to Thomas Sager, chairman of the state athletic board of control. He has been suspended from the board at Lansing. Roper injured his hand in New York on Monday night, and Hugh Walker of Kansas City replaced him on the program, but this bout was postponed until next Wednesday because of Greb's failure to reach Grand Rapids until yesterday. The rules require each boxer to be on the ground four days before the bout.

Chicago Grain Market. Chicago, Jan. 27.—Opening: Wheat, 1.15 1-4; July, 1.02 1-8. Corn, 87 1-2; July, 85 1-4. Oats, May, 87-8; July, 80 1-4.

LAST DAY OF IRISH CONGRESS

Paris, Jan. 27.—The world congress of the Irish race began the last day of its meeting here this morning with a discussion of a resolution putting the delegates on record as desiring that the result of the London conference, the negotiations of the Anglo-Irish treaty, was a denial of self-determination for Ireland. The resolution further pledges the delegates to use every means in their power to obtain complete independence for Ireland.

This resolution is regarded as merely making more specific the terms of the Irish independence resolution adopted on Wednesday. The new resolution was to come to a vote this afternoon when it was expected the congress would complete the details of the organization of the International Irish league and then adjourn.

OPPOSE DEMAND FOR BEER AND WINE

Ottawa, Jan. 27.—Vigorous opposition to a resolution of the dominion trades congress to the provincial government asking for the sale of beer and wine developed at a meeting of the local branch of the Dominion Alliance last night. A strong resolution was passed urging that the temperance act should not be so altered.

MAKES "THREE YEAR OLD" WHISKEY AT CITY COUNCIL MEETING

Buffalo, N. Y., Jan. 27.—How to make "three year old whiskey" in three minutes was demonstrated at yesterday's meeting of the city council by Dr. Francis E. Frotzsch, health commissioner. He mixed alcohol extracted from potatoes with fuel oil and burnt sugar and produced a whiskey which, he said, was commonly retailed for \$6 a quart.

BURIED TODAY

The funeral of Mrs. William E. Nugent took place this morning from her late residence, 46 Stanley street, to Holy Trinity Church for high mass of requiem by Right Rev. J. J. Walsh, V. G. Interment was in the new Catholic cemetery.

The funeral of Mrs. Marcella Russell took place this morning from her late residence, 31 White street, to the Cathedral for high mass of requiem by Right Rev. J. J. Walsh, V. G. Interment was in the new Catholic cemetery.

More than ninety per cent. of the striking packing house workers have voted to continue the strike which has been in effect in the U. S. since December 5.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I am going to Primer Post to raise a kick about this here health law. We had a real nice case of typhoid out of the Settlement 'n' along comes a feller 'n' pokes around 'n' finds out what caused it. If he had staid away we might 'n' had half a dozen funerals afore spring. That's what I call interferin' with the people's rights—'n' we'll hev to pay for it, too."

"No," said Hiram, "I'm going to run the county council."

NUMBER 9 IS AT WORK AGAIN

Gloucester, N. S., Jan. 27.—Number 9 colliery of the Dominion Coal Co., which has been idle since January 13, following dismissal of several drivers by the management, resumed work today. The mine workers decided last night to work with the drivers' positions filled with other men pending a settlement of the dispute between the company and the drivers.

BOY HERO OF THE NORTHLAND

Port William, Ont., Jan. 27.—Five children, ranging in age from less than a year to twelve, have reached Watomb, on the Canadian Government Railway, saved by their 14 year old brother after enduring terrible hardships in the wilderness. With his wife and himself suffering from influenza, Athelton Nan Tucker, an Indian trapper, called his eldest son, Athelton, 14, to his bedside and bade him care for the children.

When he returned with John Hingosch, two days later, the five children, including the baby, were gnawing raw mouse flesh, the only food in the shack, and had turned every scrap of furniture to keep from freezing.

Hingosch and young Athelton packed up the children, and rushed on to Watomb, where all obtained food and medical attention. The infant, it is feared, may die.

JACK PINE FOR NEWSPRINT PULP

Montreal, Jan. 27.—That it is quite feasible to use jack pine for the manufacture of newsprint was the contention of Maurice Nelson of the Belgian Institute, who has been carrying on extensive experiments with jack pine under both the sulphite and groundwood process and had met with considerable success.

OFFER NOW GUEST OF JAPANESE GOVERNMENT

Tokyo, Jan. 27.—Marshal Joffre of France has concluded his visit to Tokyo as a guest of the imperial family, and now becomes the guest of the government at the Imperial Hotel here.

VISCOUNT GREY OF FALLOLDON

Who is to return to public life in England. He has joined hands with former Prime Minister Asquith in the leadership of the Liberal party in opposition to Lloyd George.

MUST GET BACK TO OLD CONDITIONS

View of Canadian Employers' Delegate to the Geneva Conference on Labor Questions.

(Canadian Press) Toronto, Jan. 27.—Dealing with the unemployment and labor problems, S. R. Parsons, Canadian employers' delegate to the international labor conference at Geneva, in an address to the Empire Club yesterday, said: "I think we will all agree that a reasonable amount of work is the finest panacea in the world for our physical, mental and moral health. I believe in reasonable hours of work, and where the work is heavy the hours should not be long, but my conclusion is that today the workers of the world have their minds too much fixed on the hours of work rather than on the hours they lose."

Organizations were losing members rapidly, especially on this continent, organizations of employes and employes were being organized. "We must get back to old conditions," he said, "to the condition which characterized industry a great many years ago, when the employer, knowing his men, met with them and was friendly with them, so long as they were organizations of employes and employes we have two standing armies facing each other ready for the conflict."

"When you tie a man hand and foot to an eight hour day you do an injustice to that man," said Mr. Parsons. "You prevent him from exercising his own initiative and making the most of what is in him. Is there any solution to our industrial ills? I don't believe it will come through international conferences or through organizations of men on the one side or through employers on the other."

Mr. Parsons suggested that the time had arrived to separate the business from the diplomatic branch in the Canadian high commissioner's office in London. He said, "I don't believe it will come through international conferences or through organizations of men on the one side or through employers on the other."

Peaceful, Though, as Persian Consul was Bringing Recognition of the New Free State.

(Canadian Press Cable) Dublin, Jan. 27.—The Irish Free State was officially recognized by Persia yesterday when the Persian consul, Mr. de la Roche, in his picturesque official uniform, resplendent with gold lace, wearing a high astrakhan felt and carrying a sword, visited Arthur Griffith and Michael Collins at the city hall, to formally convey greetings on behalf of the Persian government to the provisional government of the Irish Free State.

GEN. PERSHING REFUSES AWARD

Unique Precedent Set by U. S. Overseas Generalissimo, Who Says Citation to be Honored was Not Sufficiently Meritorious.

Washington, Jan. 26.—Gen. Pershing has set an unique precedent by refusing the award of a distinguished service cross. His reason was that the citation for which the decoration was to be bestowed was not sufficiently meritorious to warrant such recognition.

The presentation was personally planned by Secretary Weeks for this afternoon, and was to have been a surprise. The general heard of the plan, however, and sought at once to stop it. He finally located the secretary.

"Why I have disapproved hundreds of recommendations for distinguished service crosses, based on acts far more deserving than this one," General Pershing protested.

Secretary Weeks sought to have the general reconsider his decision, but failed, and the presentation was called off.

QUESTION OF THE FIRE INSURANCE DWELLINGS RATE

Toronto, Jan. 27.—That the rates on dwellings are now about as low as it is possible to make them, and that the Canadian fire underwriters will be able to demonstrate this fact, was the first of a statement made today by J. A. Robertson, secretary treasurer of the organization in reference to the intimation of the committee of the legislature investigating the matter would recommend a decrease in the premium on fire insurance.

"They are speaking about something on which I have received very little information," said Mr. Robertson. "They heard one or two witnesses and immediately came to certain conclusions. Of course we will try to get them."

WRITER OF CAVALIERIA RUSTICANA IS DEAD

Rome, Jan. 27.—Giovanni Verga, noted Italian novelist and poet, died here this morning at the age of 82. One of his best known works was Cavalier Rusticana, from which Mascagni's opera was adapted. He also acquired fame by his short stories and sketches of Sicilian peasantry. He was born at Catania, Sicily, in 1840.

AWAIT DECISION ABOUT SHANTING

Important Moves Behind the Scenes.

Confidence in Favorable Outcome is Felt in Washington—Opposition to Four Power Pact Gains in the U. S. Senate.

(Canadian Press) Washington, Jan. 27.—The arms conference continued to mark time today on the few issues now awaiting final settlement pending the outcome of President Harding's move to bring the Japanese and Chinese together in a complete agreement on the Shantung question.

Although the two groups, which now have agreed on every detail involved in the restoration of the former German leasehold to China outside of the troublesome railroad issue, had announced that they would not meet to consider the compromise proposal on that before tomorrow at the earliest, there were known to be important moves under way behind the scenes in Peking, Tokio and Washington. The general confidence that these could not result in anything but a complete agreement had been strengthened today by announcement that the Japanese and Chinese representatives would begin the drafting of a treaty tomorrow morning.

Considerable importance was attached to a lengthy conference of the Chinese delegates last night. Rumors were in circulation that the delegation was divided on the question of accepting the compromise proposal, although these had not been substantiated.

Washington, Jan. 27.—Growing opposition to the four power pact in the U. S. senate is giving administration leaders in that body much concern. Failure to reach a solution of the Siberian and Far Eastern questions in the conference on armaments is tending to strengthen opposition. A prominent administration leader in the senate said yesterday the situation was such that while the naval agreement would be ratified he doubted whether it would be possible to force the four power treaty through.

Is Not Outright. Washington conference could accomplish its object, as expressed in no wild terms by Mrs. Rose Henderson of Montreal, when she spoke on the subject of the Peace Conference Which Cannot Bring Peace," at a dinner of the executive of the Women's International League of Peace and Freedom, held here last night. Mrs. Henderson even declared that the Washington conference for the limitation of arms was a "disgraceful display of camouflage to deceive the people once more."

NO REAL "FLU" IN NEW BRUNSWICK

Fredericton, N. B., Jan. 27.—New Brunswick is definitely said today, has no epidemic influenza. Dr. G. G. Melvin, chief medical health officer of public health, said that a survey of the cases of influenza reported by the physicians showed that there were no cases of flu in this city up to today.

An investigation of some twenty cases supposed to be of the "flu" in Kent county also showed that there were no cases of epidemic influenza, the cases consisting of common influenza or bronchial ailments.

NEED BETTER ADVERTISING

Trade Commissioner Addresses Scottish Woolen Trade Delegates.

Montreal, Jan. 27.—The need for greater publicity and better advertising as a means of sending trade emissaries to Canada, was impressed by G. T. Milne, H. M. Senior Trade Commissioner for Canada and Newfoundland, at the farewell luncheon here today to the delegates of the Scottish woolen trade unions association.

W. Thow Munroe, chairman of the delegation, said they would have many new ideas to disseminate for the future of trade with Canada as the result of their visit here. They were the more necessary since, judging by the attitude of most people he had met here, there was but little knowledge in this country of Scottish tweeds. The delegation left last night for Toronto.

U. S. AND THE GENOA MEETING

Ambassador Harvey in Conference With Premier of France.

Paris, Jan. 27.—George Harvey, U. S. ambassador to Great Britain, who attended the Cannes conference of the Allied supreme council, was to confer today with Premier Poincare, to take the opportunity of making clear to the French government the American viewpoint with regard to the proposed international economic conference at Genoa, as well as the world's financial and economic position generally.

Mr. Poincare may see Mr. Poincare more than once before his departure for London, and is also planning to confer with many other representatives of the French government as possible, as well as with Myron T. Herrick, American ambassador to France.

The decision of President Harding as to U. S. participation in the Genoa conference is thought to hang largely on the results of these conversations.

FOOLISH OF PARIS FASHIONABLES NOW GO IN FOR DOLLS

Paris, Jan. 27.—Dolls for grown ups, dolls that are from three to five feet in length, that hang limp, with trailing limbs, are the latest craze in fashionable Paris.

A favorite is a pale faced perrot, with wide staring eyes, and bright red, bowed shape lips. He is placed in the corner of a settee, and his white face and black silk costume produce quite an artistic effect.

Another type is a shock-headed peasant, a grotesque leer on his rubicund face, and dressed in a blue blouse, red and white striped trousers and wooden sabots.

WOULD PUT BAN ON CHURCH LOTTERIES

Social Service Council of Canada Deals With Several Matters of Interest.

Winnipeg, Jan. 27.—(Canadian Press) The three day annual meeting of the Social Service Council of Canada was brought to a close yesterday. Dean L. Norman Tucker and Dr. J. G. Shearer were re-elected president and general secretary respectively. The council deprecated the growing tendency to increase grounds for divorce in Canada, but felt unable to adopt the stand that divorced persons should not re-marry.

Resolutions respecting mothers' allowance, prohibition and gambling were passed. It was urged that all provincial governments should collaborate on matters of administration to make the standard of mothers' allowance uniform throughout the dominion. Regarding gambling, it was contended the government protected race track betting, which is a source of revenue, but if legislation which allows special permission for raffles and lotteries of charity and church organizations should be abolished. Newspapers and business advertisements were condemned for holding public health said that a survey of the cases of influenza reported by the physicians showed that there were no cases of flu in this city up to today.
