BARBOUR-MACMICHAEL

Wedding in Centenary Church Today an Event of Much Interest

Centenary church was the scene of a social event of much interest this morning when Miss Helen Douglas Macmichael, daughter of Charles E. Macmichael, was united in marriage with Frederick Thompson Barbour son of Mr. and Mrs. George E. Barbour and a member of the G. E. Barbour Co., Ltd. The church was prettily decorated with ferns and cut flowers the work of friends of the bride and in spite of the early hour, 9.30 o'clock, there was a large number present to witness the ceremony as both bride and groom are exceedingly popular. There were no attendants. The bride's costume was of blue with large picture hat with black plumes, and she carried a shower bouquet of sweet peas. The ceremony was performed by Rev. Dr. Charles F. Flanders, pastor of the church. The choir sang "The Voice that Breathed Over Eden," and Miss Hes, the organist, played Mendelssohn's wedding march. There was a large and beautiful array of wedding gifts which includes substantial checks from the brothers of the bride and groom and a gold brooch set with pearls, the gift of the groom's father and mother to the bride. The groom's present to his bride was a magnificent gold ring set with three large diamonds. Mr. and Mrs. Barbour left by steamer Victoria for a trip up the river, their wedding trip to be taken at a later date. The store of the G. E. Barbour Co. is gaily decorated with flags today in honor of the event.

ANOTHER BIG INCREASE

An increase of \$181,102 is reported for this week in the St. John bank clearing as compared with the corresponding week last year. For this week the figures were \$1,722,029 and for the same week last year \$1,540,927.

MOTORMAN PITCHED OVER DASHBOARD; CONDUCTOR INJURED

Street Car Off Track at Scene of Mill Street Work—Both Men Cut and Bruised

The derailing of a street car was accompanied by exciting circumstances this morning in Mill street when Car No. 49 under charge of Conductor Charles Watts of Main street, and Motorman Byron McLellan, of Victoria street, were from the rails and was held up for about an hour until a relief crew under the direction of Superintendent McLean removed it. The derailing of the car was entirely unexpected, although another car early this morning had gone in nearly the same place. Coming so suddenly the impetus of the shock caused Motorman McLellan to be pitched head foremost over the controller and dashboard into the roadway, while Conductor Watts, who was on the rear platform, was thrown against the rear frame, going partly through one of the windows.

Both were painfully injured, but not seriously. Bystanders were greatly surprised that the motorman was not more badly hurt than was the case. He was severely cut about the face and neck. Conductor Watts was also cut up about the face, but his shoulder was unscathed in striking forcibly against the woodwork in the rear of the car. There were few passengers aboard at the time, and none were hurt. The cause of the accident is believed to have been the spreading of the rails, which occurred about 10.15 a. m. Several teams and the part of the crew the derailed car was put once more on the track. One of the members of the crew and the car crew and the city crews working about the street and the teams endeavoring to get by, the scene was a busy one. Bystanders said it furnished an ample evidence of the necessity of widening Mill street as soon as possible.

MISSING MAN HAD \$1,300 IN POSSESSION

Schooner Captain's Son Saw A Saultier in a Coach in St. John—No Trace of Him Since

The mystery surrounding the disappearance of A. Saultier of Meteghan, N. S., deepens and thus far has baffled the efforts of three relatives of the man, who have been scouring St. John and vicinity for some days. He was seen here on Tuesday by Young Sullivan who is a neighbor of Mr. Saultier, and knows him very well, saw him in company with another man in a hack. So sure was Captain Sullivan that Saultier would come aboard that he did not turn in until late that night.

So far as can be learned the person who was with Saultier at Yarmouth and registered himself from St. John, cannot be found here and it is believed that he is a stranger and not from this city. Captain Sullivan said this morning that it was feared in Yarmouth that the companion of the missing man was one of a number of Americans who have been mixed up in various robberies in and about Digby of late. Saultier, he said, was a man who carried money loosely in his pocket and thought nothing of displaying it when making payments. It is therefore conjectured that in this manner it was learned that he had considerable money, and some one formed an acquaintance with him to get it. Mr. Saultier is the proprietor of a canning factory, and is possessed of considerable means. He also owns a large farm, including an apple orchard of 200 or more trees. He was not a man to drink, and his absence from home is therefore astounding. He had, when last seen, about \$1,300, the proceeds of a sale of canned goods in Yarmouth. He said he would return to Meteghan the next day, as he had some business to attend to, but it has been found that he and a companion passed Meteghan and proceeded to Digby, whence they evidently came to St. John. The belief is that he has been kept under the influence of liquor or a drug. One of his relatives has gone to Moncton to search for him there. Mrs. Saultier is nearly distracted with grief.

EARLY MORNING FIRE

Carleton Family Driven to Street Soon After 5 O'Clock Today

The family of W. J. Myles, occupying the house at 49 Prince street west side, with the owner of the building, Mrs. Eliza Danery, were rather rudely awakened by the crackling of flames at 5 o'clock this morning, and were forced to make a hurried exit to the street in their night clothing. A member of the Myles' household, first awakened by the noise of the fire, hurried to No. 6 Engine House and gave the alarm. The fire had broken out in the ell and the flames had made rapid headway there. It was impossible to save this portion of the house, but the good work of the firemen saved the main building, although there is damage by smoke and water. Mrs. Danery's loss is said to be \$500, with no insurance. Mr. Myles' furniture was insured.

CITY HALL CAUCUS

Dry Dock and Shipbuilding Matters Discussed at Private Meeting

A special caucus of the common council was called this morning by His Worship Mayor Frank with nearly all the members present. The meeting was private, and it was agreed that nothing should be given out at present in regard to the matters of business transacted. The mayor, after the meeting, said that beyond informing the public that the position which should be taken by the city in connection with dry dock and ship building matters was discussed, he could say nothing at present.
